

NEW ANNEX TEMPLE B'NAI ISRAEL IS NEAR COMPLETION

CONGREGATION WILL HOLD CELEBRATION DURING FEBRUARY

The beautiful new annex to Temple B'nai Israel at Fifth and Laurel streets is nearing completion. It will be ready for use within the next few weeks; and the congregation will hold a celebration during the latter part of February at which the new building will be dedicated and formally opened.

The building will be used as a school and social center for the congregation. It contains on the first floor a lobby, store-room, assembly hall, and kitchen. The assembly hall is thirty by sixty feet, and contains a commodious and well equipped stage. The hall is beautifully finished throughout with gleaming white walls and handsome wood-work. It is lighted with pretty electric fixtures, and equipped for numerous rotary wall fans, as well as a moving picture machine. The assembly hall will be used for the meetings of the children of the Synagog as well as for the Temple Sisterhood and the various other groups that gather at the Temple. It is planned that its platform will provide a forum where leading speakers from every part of the country will be heard; and plays, moving pictures, and various other entertainments will be arranged by the congregation, the Sisterhood, and other groups, both for their own membership, and the general public. The hall contains a well-finished floor, which can be used for dancing as well as for other forms of amusement.

The second floor contains a spacious corridor, and four rooms, besides two commodious wash rooms. The largest of the four rooms has open shelves.

HOUSEWIVES HAVE MANY ACTIVITIES

The Housewives' League has been very active as usual in all things of interest to the public.

One of the most important features added to the programs of the league is the lectures to be given by the demonstration agents of the L. S. U. At each monthly meeting one of the agents will address the league giving practical lessons in each line of their work. At one meeting "Poultry" will be the subject; at another, Millinery; canning, sewing and other branches of domestic science will be discussed. Mrs. Mary Geesen who is at the head of the department will render every assistance possible to make these lectures a success.

The league is to be congratulated upon its progress in this line, which no doubt will prove of inestimable value to the housewives of the city through the league.

The banquet for the Sons and Fathers of the Rotary and Kiwanis Clubs, which will take place next week will be furnished by the league and will be one of the important events, 150 guests being expected.

The stall at the meat market is being well patronized, so much so that a telephone and a delivery service has been installed. The housewives brought down the price of meat in Baton Rouge and the people should remember this and make their purchases at this stall in the market.

The Housewives' League is one of the greatest factors in assisting housekeepers and its services should be deeply appreciated by all.

Campaign To Establish The Woodrow Wilson Foundation

The Woodrow Wilson Foundation is created by public subscription in recognition of the national and international services of Woodrow Wilson, twice President of the United States, who furthered the cause of human freedom and was instrumental in pointing out effective methods for the cooperation of the liberal forces of mankind throughout the world.

The Award of Awards from the income of the Foundation will be made from time to time by a nationally constituted committee to the individual or group that has rendered, within a specified period, meritorious service to democracy, public welfare, liberal thought or peace through justice.

To endow the Foundation a fund of \$1,000,000 or more is to be raised. Every person who admires Mr. Wilson and who believes in the principles that he upheld will, through contributing, be given an opportunity to participate in the founding of the Award. Contributions are sought from every one who desires to honor a great American and to create a method whereby public service shall be encouraged and conspicuously recognized in this and future generations. Gifts from a great number of Americans will afford a finer tribute to Mr. Wilson's leadership than simply large contributions from a limited number. In keeping with the character of the man to whom this tribute is to be paid it is proposed to maintain the undertaking on an essentially democratic basis.

January 15th, 1922, has been set as the opening day of the campaign to establish the Foundation. Beginning Monday, January 16th, canvassing will be conducted throughout the week, to continue until the work of raising the fund is accomplished.

A certificate, designed by an artist of note, will be presented to every contributor. It is intended to be participated in the founding of the

Award.

The Committee is able to announce that every dollar received by the National Treasurer will go toward the endowment of the Woodrow Wilson Award. The expenses of both national and state headquarters have been met by groups of friends so that no part of the subscriptions will be used for defraying these expenses. All funds, as received at National Headquarters, will be invested in United States Government securities.

The National Organization. A National Committee, composed of more than 250 representative men and women of the country, are sponsors for the movement. Franklin D. Roosevelt is Chairman.

An Executive Committee carries out the policies approved by the National Committee, appoints the Campaign Committee and other committees, and directs the operation of the campaign. Cleveland H. Dodge is Chairman of the Executive Committee.

Assisting the Executive Committee are certain central committees, which include the Women's Committee, Miss Virginia Potter, chairman; the Educational Committee, Prof. Stephen P. Duggan, chairman; the Committee on Churches, Rev. Frederick Lynch, chairman; the Publicity Committee, Frank I. Cobb, chairman; and the Founders Committee which is responsible for obtaining large contributions to the Foundation.

The Louisiana State Organization has been formed with headquarters at Baton Rouge, Col. A. T. Prescott, chairman. Contributions may be sent direct to him or will be received by any bank in Baton Rouge.

A special Wilson Hour, when strictly voluntary contributions of one dollar or more from the masses, are solicited, has been set for Monday, January 16th from 12 to 1 P. M. It is intended this voluntary offering will be extensive in number of contributors.

PLANS ANNOUNCED FOR FEDERATION ADMINISTRATION

NEW PRESIDENT GIVES TAILS IN REGARD TO CHANGES

(By Mrs. A. G. Reed, President Louisiana Federation Women's Clubs).

Department chairmen and division chairmen in the federation will be changed as little as possible during the coming year. The new president has not had the opportunity of knowing the club women of the state as well as the retiring president, and only such changes will be made from time to time as seem necessary for expedient handling of the work; or as are made necessary by resignation or the expiration of the term of office.

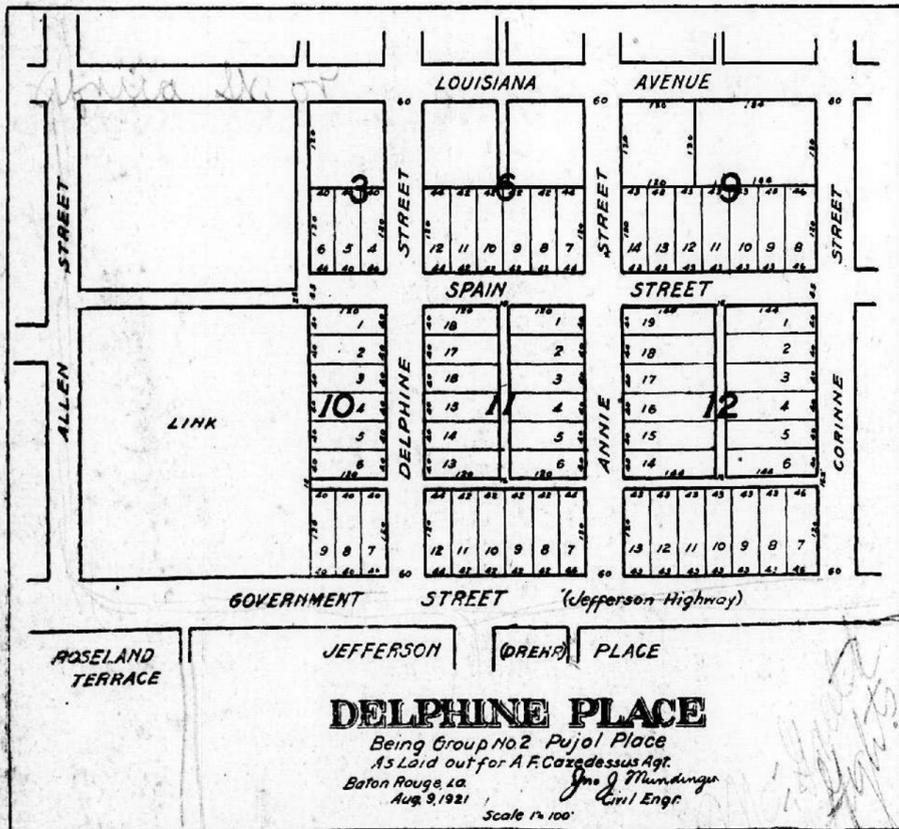

The chairman of the Department of Citizenship is Mrs. T. F. Porter of Lake Charles. Practically every federated club did some work in citizenship last year. Mrs. Porter will be able to help those who wish to do this work with leaflets and outlines. Under this department Mrs. Virgil Brown will continue to do work in Americanization which she has so efficiently conducted in the past, and plans are being made to put a good worker in the division of Community Service, particularly directed toward the extension of the Girl Scout work.

Mrs. Marcus Jacob, of Shreveport is chairman of Applied Education. Under her serves Mrs. Lewis of Crowley, chairman of Education; Miss Cleora Helbing of Baton Rouge, chairman of Home Economics; Miss Caroline Dorman of Conehatta, chairman of Forestry, whose work has been so successful that she has recently been employed by the State Department of Conservation to talk food preservation over the state; Miss Katherine of Lake Charles, chairman of Library Extension and member of the

Your favorable consideration should be attracted by the location of "DELPHINE PLACE," in a section already built up with modern homes, owned and occupied by some of our best citizens, on the Jefferson Highway, which is certain to improve in beauty as well as construction, because of its being the main thoroughfare leading to other high-class subdivisions, the Golf and Country Club and thence to New Orleans.

Every lot in "DELPHINE PLACE" served with graveled streets, paved sidewalks, city water and electric light lines.

You will observe that alleyways have been provided to serve nearly all the lots, which means that electric light, telephone and water lines will be located in the alleys instead of the streets.

Prices will arrange from \$750 per lot up. Only a few lots at over \$1000.

Terms, 20% cash, balance \$20 per lot monthly.

Contracts will contain restrictions adequate to insure a strictly high-class, exclusive white residential place.
