The following is the petition: Batton Rouge, La., Nov. 14, 1922. To the Honorable Members of the Police Jury,

Eastt Baton Rouge Parish. Gentlemen:-

We come before you representing the public library now housed on the 2nd floor of the Allen building, corner of Church and Florida streets. We earnestly request that you give space for temporary headquarters for

library in the new court house building. Either of the two suggested places that your body and the new court house building committee may indicate will be acceptable; our committee has been both. One is the unfinished space on the 2nd floor, south, but this is larger than necessary; the other is, the library of the Court of Appeals on the 3rd floor, west. In case that the place last mentioned should be loaned us we would be glad to have charge of and take care of the books belonging to the Court of Appeals, making them of better service to those using them.

If this place is loaned us and the time should come when it is needed for the Court of Appeals alone we would vacate to another part of the home could not be left unnoticed at building, say, the unfinished part, the home will be made for Federararily, because Baton Rouge will have a real library building, built by the city or the city and parish.

Our borrowers of books each month are between two and three thousand. With good roads, the numher of rural readers has increased and is steadily growing. Not only are rural folks invited to read from the library, but conditions under which they may do so, for a long time, have been made easier for them; for instance, a rural borrower may keep books two weeks, and a town reader may keep them only one week. The latest school using books from BUSINESS MEETING OF BATON the library is Baywood. The principal comes at intervals and takes out books for his school and in due time he brings them back. This is the plan followed by a number of out-of-town schools and neighborhoods.

Our desire is to serve as many readers as possible, both rural and urban, filling the capacity as well as the limited means at hand will permit, both of the municipal and parish library.

When the city or parish will have provided for proper housing and maintenance of a library, all the library possessions of Joanna Waddill chapter will then become the property of the public with a regular board in in charge of a committee from the

Gentlemen, we petition you for temporary space for the library in the new courtt house building.

Respectfully submitted, (Signed) The Library Committee. The committee: Mrs. J. D. Bogan, Mrs. M. P. Robertson, Mrs. A. G. Graut, Mrs. T. P. Singletary, Mrs. A. P. Miller, and Mrs. L. U. Babin, president of the Joanna Waddill Chapter.

The school board of this parish approves but has not funds at present to inlude music in the schools. The association voted to ask Prof. H. W. Stopher of Louisiana State Universiofficial journal, the Woman's Enterprise of Baton Rouge.

A written expression from the Association was sent Mrs. Geo. W. Gaig, commissioner on streets and parks in recognition of his work now being done on North Boulevard; the raising of the sidewalk on the north side in the seventh block and widening of this street on the street car line in front on the Convention street school and at the intersections of North Boulevard and 3rd and St. Ferdinand streets. Mr. Garig has accepted an invitation to be present at the December meeting to lay plans of 1923 before the Association and the part that women can best help him in his city work.

Mrs. A. R. Albritton will take her committee to an interview with Supt. T. H. Harris on illiteracy and how best the women can help.

Mrs. L. U. Babin will arrange for a closer co-operation between women of town and country through agencies as the Extension Department of L. S. U., the Rest Room League of Baton Rouge, Chamber of Commerce and Parish Farm Bureau.

Mrs. C. H. It is believed that with this placing of music above money, this cooperation of the members, that it will be through the Philharmonic orchestra that good music, both local and imported, will be heard in Baton Rouge year after year.

The association voted to take up the luncheon meetings again.

These were abandoned during the summer. The order will be from now on, until notice is given to the contrary, a purely business session alternating with a luncheon meeting. The luncheon will take place the first Thursday in December.

Officers and committees reported for the year.

Mrs. Babin, president, thanked the officers, committees and members for the past united work and hoped the future would bring them even closer thereby strengthening their advantages to do good work to the Confederate Veterans, each other and the community.

A new member, Mrs. R. F. Robert. comes into the chapter with a record of great merit. Her grandfather, Zach C. Deas, was born in S. C., but came to Mobile when a young boy in 1835 with his parents and resided there the remainder of his life.

Joining the Confederacy, he became Aid-de-Camp to Gen. J. E. Johnston. After participating in the battle of Manassas, he recruited the 22nd Alabama and was made its colonel, to which he gave from his own means \$28,000 in gold to buy 800 Enfield rifles for this regiment.

After the fall of General Gladden and Col. Adams at the battle of Shiloh, he was left to take command of the brigades; then superceded Gen. Gardner after Murfresboro, commanding as Brigadier the 19th, 22nd, 25th, 37th, and 50th Alabama regiments. He was in command at Chicamauga, Mission Ridge, Besaca, New Hope, At the conflict under the walls of Nashville, he succeeded Gen. Edw. Johnston and transferred to the East, he was in front of Sherman in his marches through South Carolina, During all this active service, Gen Deas had two horses killed from under him; he was wounded once slight. ly and once severely.

Mr. and Mrs. Robert and their little daughter moved to Baton Rouge some time ago to make their home here, as Mr. Robert is assistant supervisor of public accounts.

DAUGHTERS CREATE SCHOLARSHIP

Borglum, the Sculptor, Tells of the Stone Mountain Proposition in All Details

A telegram was received from Woodrow Wilson by the Daughters of the Confederacy, assembled in convention Friday, afternoon via Miss Allie Garner, Alabama woman, who is the corresponding secretary gen-

The telegram was in response to greetings sent by the Daughters while they were telegraphically greet-

ing absent officers. Mr. Wilson's reply:

"Miss Allie Garner, corresponding secretary general: Please accept my thanks for your gracious messages. WOODROW WILSON."

Three outsanding things were decided Friday by the convention of eracv.

The first was the creating and naming of scholarships and the report concerning educational work, which represents an outlay of \$97,000.

The educational matters attracting the enthusiastic attention of the assemblage were that a scholarship of \$400 be created to be known as the May Roy McKinney scholarship as a testimonial of the organization's love and appreciation of the past president-Mrs. Roy McKinney.

The Vassar scholarship, which has been maintained for a number of years, was officially given the name of the Mary B. Poppenheim scholarship in appreciation of the educational work done by Miss Poppenheim, who was the first chairman of the edacation. The naming of the Vassar scholarship for Miss Poppenheim was a graduate of that institution.

The Washington and Lee scholarship was increased by \$20 a year. It lacked this much of being a complete \$500 a year proposition.
