### THE ASSOCIATION OF CITY CLUBS

The luncheon meeting of the Association of City Clubs held December 7th, at one o'clock in the Woman's Club House was perhaps the most interesting meeting the association has ever had. Fifteen member clubs were represented and fifty individual members enjoyed the occasion.

The Reviewers Club was in charge and their committee was composed of Mmes. Rufus Jackson, W. H. Gandy, and Harry Hebert. The Housewives League was caterers, serving a meal such as they can serve and in a manner most pleasing, using the club's colors with beautiful red and white roses, mints, etc.

The program on this occasion was as follows:

Musical readings, "Somebody," and "When Church is Out," by Mrs. John R. Conniff.

A song "Treat Me Nice," by Mrs. A. G. Reed.

Mr. A. Lyle De Jarnette, executive director of Community Service, spoke to the ladies about the Community Christmas tree, inviting their help; also about the marking of streets and stressed the idea that Community Service cooperates and invites cooperation.

A committee on the Christmas tree will be appointed by the President.

The special case of welfare work was discussed, several of the clubs donating money toward it, others commended the work with hopes expressed of giving financial aid later on.

That interests of women in Baton Rouge are varied can be seen from the announcements made as follows:

Mrs. Joe Ramires, regarding names of Elks Christmas baskets; Mrs. L. U. Babin, first meeting Saturday of "Good Fellows," workers to be held at the Red Cross headquarters; Mrs. St. C. Favrot's appeal for workers to help in the Anti-Tuberculosis seal sale; Mrs. Elmo Badley's asking the support of clubs in the effort being made to secure woman probation officer; Miss Katherine Doherty's Girl Scouts, and the necessity of more women belonging to the council; Mrs. A. G. Reed, regarding the coming convention of the League of Women Voters.

The president, Mrs. C. H. Stumberg presented the suggestion of the association, making efforts to have more suitable moving pictures for children brought here, the clubs cooperating with the theatre management. A committee on this work was moved and unanimously carried, to be appointed by the president at leisure.

Mrs. Lee R. Harris, president of the Civic association, extended an invitation to all to attend the meeting of the Civic association, at the Club House Wednesday at 10 a. m., when Mr. Geo. W. Garig, commissioner of streets and parks, will present concrete plans to the ladies as how they can cooperate with his department.

Mrs. L. U. Babin, chairman, outlined the plans of "Neighbor Day" January 9th. The Civic Association originated the idea and invites every club in the association to enter heartily into the project. The women of Baton Rouge are asking those of rural wards in for the day as their guests; a program will take place at 10 a. m. in the Club House; luncheon with compliments of the Rest Room League, 550 Lafayette, St., will be served out-of-town folks, following

this a get-together at the I. H. Gottlieb Memorial. "Neighbor Day" purposely occurs during the week of the short course at L. S. U., and members of the Woman's Extension department, including Mrs. Mary Barrow Geison, Miss Norma Overby and Miss E. Deshotels, will cooperate with the Club women.

Miss Overby outlined the features of the Short Course, provided for women, expressing for her department, the pleasure it would give them to work for a big "Neighbor Day," with Baton Rouge Club women, and all the rural women. "Our interest," she stated, "is that the parish demonstrators from all over the State will be in Baton Rouge, and able to attend "Neighbor Day" of East Baton Rouge."

Praise was expressed by many of the second number of the musical concert series, which was given by the Philharmonic Orchestra, under the directions of Prof. H. W. Stopher. The large audience was very appreciative of the excellent program.

Mr. A. Lyle De Jarnette, executive director of Community Service, spoke to the ladies about marking of streets and stressed the idea that Community Service cooperates and invites cooperation.

It was announced by the president that January would be the annual meeting and that all clubs were requested to have by that time elected their 1923 delegates.

The following clubs were represented: American Legion Auxiliary, League of Women Voters, Social Science, Little Theatre Guild, Music Club, Study Club, Housewives League, Charity Ward Association, Joanna Waddill Chapter, Henry Watkins Allen Chapter, I. H. Gottlieb Memorial and Rest Room League.

### Civic Association On Cooperation Between The Citizens and Commissioners

At the regular monthly meeting of the Baton Rouge Civic Association, Wednesday at 10 a. m. in the Woman's Club House, a most interesting talk was given by Mr. Geo. W. Garig, commissioner of streets and parks. Mr. Garig said at the onset that it gave him pleasure to accept the ladies' invitation to be present and he commended their spirit of cooperation. He said he thought such city laws as the commissioners and citizens saw fit should be created to make Baton Rouge the best city in which to live. These laws made should, without fail, be enforced, he said.

He gave descriptions of regulation of garbage cans, and emphasized the fact that lids must fit at least two inches over, the side to prevent the lid coming off, if can turned over.

Cans must have owner's name, so if taken away by the garbage man, they can be identified, and that man will pay for same.

No bricks, dirt or debris from tearing down buildings, etc., will be moved by the city trucks, ashes or cinders to be put in receptable other than can containing garbage that must be burned.

Tuesday of each week was made clean-up day.

"Seiver," Mr. Garig said, "will be carried to every house in Baton Rouge." He will plant trees in January, all places where improvements are permanent will get some trees, and those now growing will receive his special care and attention.

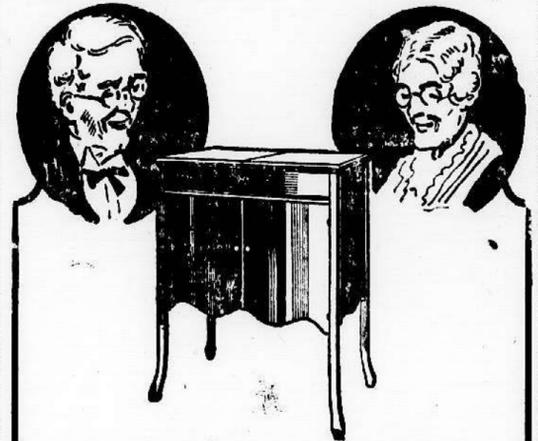

"How can we get good streets everywhere?" he was asked.

"Vote for the bond issue," said Mr. Garig. All promised to do so, and volunteered services in doing all in their power toward the carrying of the bond issue in 1923.

Mr. Garig was very patient in his answers to the many questions. He had studied his subject well and was prepared with ready responses, and he talked freely on his lines of work. The meeting gave him a rising vote of thanks. A resolution was made that all be "Boosters," and in 1923, to get all Baton Rouge into the "Booster Club."

Mrs. A. Sheppers, chairman of committee, reported that through Mr. L. U. Babin, chairman of committee from Police Jury on the investigation of a probation officer, the information was obtained that this officer (and a woman is asked for) is appointed by the district judge, and salary paid by the Police Jury. This committee is retained.

Mrs. A. R. Albritton, chairman, reported for the committee on illiteracy, that at an interview with Mr. Harris, State superintendent of Education, he said he saw no reason for great alarm on this subject. The adult illiterate in Louisiana was a contented law-abiding citizen, he said, and that schools for their children were being provided. Louisiana and North Carolina have the distinction of having made greater educational strides during the past ten years than any of the other states in the Union.
