VIRGINIA FEMALE INSTITUTE, INCORPORATED IN 1844 AS A FIRST CLASS SEMINARY FOR YOUNG LADIES.

Organized under a Board of Trustees and a Board of Visitors.

THE PRESENT PRINCIPAL has conducted its operations for twenty years, receiving a very large first class patronage from nearly every Southern State.

THE LOCATION is on a beautiful eminence in STAUNTON, VIRGINIA, which has long been distinguished for its picturesque scenery, healthfulness, easy access, refined society and its great educational advantages.

THE BUILDINGS contain sixty rooms, and are erected on a beautiful site, comprising four acres. The pupils study in neat rooms, which are comfortably furnished and designed, the larger are four and the smaller for two pupils each.

TEACHERS.—The Principal is assisted by a Vice-Principal, eight Professors and several Female Assistants, all of long experience and established reputation.

TOWLE'S PATENT Elliptic Suspender.

THIS invention is based on a strictly scientific principle, and is a valuable improvement on the old style Suspenders.

THE PATENT being attacked and supported from the central point under the arms, so adjusted by the suspender, as to hang on a common centre, therefore the strain or stress on them is just their own weight, in any position in which the wearer may place himself.

MESCAL. (AQUADELLE DE MAGNY.)

This delicious preparation, made from the root of the American Aloe (agave), is the favorite, and almost universal beverage of the inhabitants of the mountains of Peru, Mexico, and Lower California, where the plant grows in wild luxuriance.

It is considered by the physicians constantly recommend it as a stimulant, and diuretic, in all diseases where such a remedy is indicated.

Persons in want of the above will call and leave their orders at— WM. H. BLANDFORD, August 6, 1868—f.
