TRUSTEE'S SALE OF VALUABLE Real Estate in Charles Co., Maryland.

BY virtue of a decree of the Circuit Court for Charles County, sitting as a Court of Equity, passed in a cause in said Court wherein Burgess et al are complainants and Burgess et al are respondents, the undersigned, as Trustee, will offer at public sale, at the Court House door, in Port Tobacco,

On TUESDAY, the 22d day of October, 1872, in the afternoon, that valuable real estate of which the late Thomas A. Burgess died seized and possessed, lying and being in Nanjemoy, and immediately upon the Potomac. This farm contains about

Two Hundred & Fifty Acres, more or less, of which one-fourth is in WOOD. It is in a high state of cultivation, being naturally well adapted to the growth of the staple products. There are upon the premises a

Upon this place there was formerly a large Fishery in successful operation.

Terms as prescribed by the decree: One-half the purchase money cash, balance in one and two years, purchaser giving bond with security, bearing interest from day of sale. Possession given January 1st, 1873.

JAMES A. FRANKLIN, Trustee. Sep. 27, 1872-1a

New Fall and Winter Goods.

THE undersigned having just returned from Baltimore with

A Large and General Assortment of FALL & WINTER GOODS,

such as are generally kept in a first class country store, all of which he is determined to sell at a SMALL PROFIT for CASH, or in exchange for COUNTRY PRODUCE, such as Corn, Wheat, Oats, Tobacco, Ground Leaf (particularly), Chestnuts, Hides, Wool, Sheep Skins, Old Rags, Iron, Beans, Eggs, &c. &c. He keeps his stock up at all seasons, and the public will always find a good and general assortment. Call and see for yourselves. Owing to my health not being very good, and wishing to take more outdoor exercise, I would dispose of a third or half interest of my goods to any judicious, steady, business man. To one who would suit, and who has a capital of \$1,500 or \$2,000 a rare chance would be offered. There can be a good business done if properly managed. Business qualities, steadiness and integrity in this matter would be more desired than capital. See me in person, or address by letter at once. J. THOS. COLTON, Sep. 20, 1872-31 Allen's Fresh, Md.

Sea Fowl Guano.

IT is now more than six years since the B.D. Sea Fowl Guano was first introduced to the agricultural community. During this time it has rapidly gained in popularity wherever used. For WHEAT, CORN, TOBACCO, and other Crops it is alike suited. The great advantages claimed for it, when first introduced, over the Peruvian Guano, have proved true. It is not over stimulating and does not fire the tender roots of plants like the Peruvian and other Guanos in a dry season. It permanently adds fertility to the soil and ultimately restores the land to its original productiveness. These points were claimed for it by scientific men when first introduced, and experience has again proved true to science. I feel satisfied in recommending the

BD SEA FOWL GUANO to the farmers upon the ground that they will realize increased crops and improvement in their lands at a less cost than Peruvian, Excelsior or any other Guano now in this market. All that is asked for it is a trial. Price, \$50 per Ton. HENRY G. ROBERTSON, Agent in Port Tobacco, for L. F. DETRICK, Baltimore. Samples and Testimonials on hand. Sep. 13-3m

"EXCELSIOR,"

1872.

Composed of 800 pounds of No. 1 Peruvian Guano, and 1200 pounds of Soluble Phosphate of Lime, (bones dissolved in sulphuric acid.) Potash and Soda.

Forming the most concentrated, universal and durable fertilizer ever offered to the farmers—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones in fine dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre, and it is the opinion of many close calculating Farmers, after THIRTEEN years' experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of Excelsior is equal to from 200 to 300 pounds of any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

Look out for imitations and counterfeits. The popularity of Excelsior has induced unscrupulous parties in this and other cities to copy our trade mark, and resort to other dishonorable means to sell their worthless compounds.

Farmers should see that every bag is branded as above, with the ANALYSIS and OUR NAME IN RED LETTERS. All others are counterfeits.
