NOTICE TO NON-RESIDENTS.

In the Circuit Court for Charles County, sitting as a Court of Equity.

No. 480, Equity. MURRAY ADDISON and others, vs. MARY ADDISON et al.

THE object and prayer of the bill in this case is to procure a decree for the sale of the real estate therein mentioned, and a division of the proceeds of sale amongst the parties thereto entitled. The bill alleges that Anthony Addison, late of Prince George's County, departed this life, in the year eighteen hundred and seventy-one, intestate, leaving a widow named Mary Addison and the following named children, his only heirs at law: Murray Addison, Sally C. West, Olivia Mary, wife of Osborne Ingle, Katie, Olevia and Arthur Addison. That the said Anthony Addison died seized of an undivided moiety of a tract of land lying in Charles County, Maryland, containing three hundred acres, more or less, situated on the Potomac river, with a fishing landing thereon; that the other undivided tract of said land belongs to the heirs of the late John Cockerell, deceased, who was the father of John Cockerell, Cornelia J. Clarke, Williamina Cockerell, Cornelia J. Clarke, widow of James T. Clarke, and Anne Wonder, now the wife of certain George Wonder, one of whom are non-residents of the State of Maryland; and that said land cannot be divided without loss or injury to the parties interested therein, and that the said John Cockerell, in the infancy of some of the parties to make sale thereof.

It is whereupon, this 21st day of October, eighteen hundred and seventy-two, ordered that the complainants, by causing a copy of this order, together with the foregoing statement of the object and substance of the bill, to be inserted in some newspaper published in Charles County once a week for four successive weeks, three months before the third Monday of May next, give notice to the said non-resident defendants of the object and substance of said bill and warning to appear in this Court in person or by solicitor, on or before the third Monday in May next, to show cause, if any they have, why a decree shall not pass as prayed. GEORGE A. HUNTT, Clerk of C. C. for Charles County. True copy.—Test: GEORGE A. HUNTT, Clerk. Oct 25-4w

IMPORTANT TO FARMERS.

In Seeding Wheat & other Fall Crops, Farmers should by all means use Whann's Raw Bone Super-Phosphate

which by its uniformly successful results, attested by an experience of over ten years, has proved itself to be one of the best FERTILIZERS ever offered to the public. Whann's Raw Bone Super-Phosphate is not a mere temporary stimulant, but an active and lasting manure, showing its beneficial effects throughout several seasons. It produces large crops of Wheat and a great yield of Clover. Every farmer who desires large crops, with well filled heads of grain, should certainly use this GREAT FERTILIZER. In all Wheat-growing sections WHANN'S RAW BONE SUPER-PHOSPHATE has achieved an enviable reputation. We refer to all who have used it, being confident that the claims we make for it will be fully sustained. Whann's Raw Bone Super-Phosphate is manufactured only by WALTON, WHANN & CO., of Wilmington, Delaware. Send for Circulars and Pamphlet.

Sea Fowl Guano.

It is now more than six years since the BD Sea Fowl Guano was first introduced to the agricultural community. During this time it has rapidly gained in popularity wherever used. For WHEAT, CORN, TOBACCO, and other Crops it is alike suited. The great advantages claimed for it, when first introduced, over the Peruvian Guano, have proved true. It is not over stimulating and does not fire the tender roots of plants like the Peruvian and other Guanos in a dry season. It permanently adds fertility to the soil and ultimately restores the land to its original productiveness. These points were claimed for it by scientific men when first introduced, and experience has again proved true to science. I feel satisfied in recommending the

BD SEA FOWL GUANO to the farmers upon the ground that they will realize increased crops and improvement in their lands at a less cost than Peruvian, Excelsior or any other Guano now in this market. All that is asked for it is a trial. Price, \$50 per ton. HENRY G. ROBERTSON, Agent in Port Tobacco, for L. F. DETMICK, Baltimore, sep 13-3m

TO WHEAT GROWERS. "EXCELSIOR,"

Composed of 800 pounds of No. 1 Peruvian Guano, and 1200 pounds of Soluble Phosphate of Lime, (bones dissolved in sulphuric acid.) Potash and Soda, Forming the most concentrated, universal and durable fertilizer ever offered to the farmers—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones in fine dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre, and it is the opinion of many close calculating Farmers, after THIRTEEN years' experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of Excelsior is equal to from 200 to 300 pounds of any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper. Look out for imitations and counterfeits. The popularity of Excelsior has induced unscrupulous parties in this and other cities to copy our trade mark, and resort to other dishonorable means to sell their worthless compounds. Farmers should see that every bag is branded as above, with the ANALYSIS and OUR NAME IN RED LETTERS. All others are counterfeits. Price \$60 per Ton. J. J. TURNER & CO., 42 Pratt Street, Baltimore, Md. 1872.

WHEAT SEEDING. J. J. TURNER & CO'S AMMONIATED BONE SUPER-PHOSPHATE.

ANALYSIS: Ammonia.....2.83 Soluble Phosphate of Lime.....29.51 Bone Phosphate of Lime.....10.67

COMPOSED of the most concentrated materials, it is richer in Ammonia and Soluble Phosphates than any other fertilizer sold, except our "Excelsior," and is made with same care and supervision. Uniform quality guaranteed. Fine and dry, in excellent order for drilling. Packed in bags and barrels. Price \$50 per Ton. J. J. TURNER & CO., 42 Pratt Street, Baltimore, Md. au 9-3m
