Prospectus for 1873—Sixth Year.

THE ALDINE, An Illustrated Monthly Journal, universally admitted to be the Handsomest Periodical in the World. A Representative and Champion of American Taste.

NOT FOR SALE IN BOOK OR NEWS STORES. The Aldine, while issued with all the regularity of an ordinary periodical, is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white.

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last fall, the Aldine assumed its present noble proportions and representative character, the edition was more than doubled during the past year; proving that the American public appreciate, as compared with a similar class, the Aldine is a unique and original conception—alone and unapproached—absolutely without competition in price or character.

Composed of 800 pounds of No. 1 Peruvian Guano, and 1200 pounds of Soluble Phosphate of Lime, (bones dissolved in sulphuric acid), Potash and Soda.

Forming the most concentrated, universal and durable fertilizer ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones in the dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre, and it is the opinion of many close calculating Farmers, after THIRTEEN years' experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of Excelsior is equal to from 200 to 300 pounds of any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

Look out for imitations and counterfeits. The popularity of Excelsior has induced unscrupulous parties in this country to copy our trade mark, and resort to other dishonest means to sell their worthless counterfeits. Farmers should see that every bag is branded with the ANALYSIS and OUR NAME IN RED LETTERS. All others are counterfeits. Price \$60 per Ton. J. J. TURNER & CO., 42 Pratt Street, Baltimore, Md.

Sea Fowl Guano. It is now more than six years since the BD Sea Fowl Guano was first introduced to the agricultural community. During this time it has rapidly gained in popularity wherever used. For WHEAT, CORN, TOBACCO, and other Crops it is alike suited. The great advantages claimed for it, when first introduced, over the Peruvian Guano, have proved true. It is not over stimulating and does not fire the tender roots of plants like the Peruvian and other Guanos in a dry season. It permanently adds fertility to the soil and ultimately restores the land to its original productiveness. These points were claimed for it by scientific men proved true to science. I feel satisfied in recommending the

BD SEA FOWL GUANO to the farmers upon the ground that they will realize increased crops and improvement in their lands at a less cost than Peruvian, Excelsior or any other Guano now in this market. All that is asked for it is a trial. Price, \$50 per Ton. HENRY G. ROBERTSON, Agent in Port Tobacco, for L. F. DETRICK, Baltimore. Samples and Testimonials on hand. sep 13-3m
