**Hair Vigor,**  
 FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.

It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair in all cases, and causes a new growth in all cases where the glands are not decayed; while to brassy, weak, or greasy hair, it imparts vitality and strength, and renders it pliable.

The Vigor cleanses the scalp, cures and prevents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions disease of the scalp and hair are impossible.

As a Dressing for Ladies' Hair, the Vigor is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.

**“OZONE—Purified air, active state of oxygen.”—WHESTER.**

This Preservative is not a liquid, but a gas, and is produced by the electrolysis of water. It is a powerful germicide, and is used in the preservation of all perishable articles. It is also used in the treatment of various diseases, and is a most valuable disinfectant.

**EGGS**—Preserved in their natural condition, retaining their color and flavor, and ready for use at any time.

**A FORTUNE awaits any man who secures control of OZONE in any Township.**

**A. C. Bowen, Marietta, Ohio, cleared \$2,000 in two months.**

**Woods Brothers, Lebanon, Warren county, Ohio, made \$6,000 on eggs purchased in July and sold November 1st.**

**F. K. Raymond, Morristown, Belmont county, Ohio, is clearing \$2,000 a month in handling and selling Ozone.**

**D. P. Weber, Clarion, Eaton county, Mich., has cleared \$1,000 a month since August.**

**J. B. Gaylor, 80 LaSalle street, Chicago, is preserving eggs, fruit, etc., for the commission men of Chicago, charging 10c per dozen for eggs, and other articles in proportion. He is preserving 5,000 dozen eggs a day, and on his business is making \$2,000 a month.**

**The Cincinnati Feed Company, 498 West Seventh street, is making 5,000 a month in handling brewers' malt, preserving and shipping it, as well as all parts of the country. Malt un-preserved soon becomes sour, and is worthless. It keeps sweet for months. These are instances which we have asked the privilege of publishing. There are scores of others. Write to any of the above parties and get the evidence direct.**

**Now to prove the absolute truth of everything we say in this paper, we propose to place in your hands the means of proving for yourself that we have not claimed half enough. To any person who doubts any of these statements, and who is interested sufficiently to make the test, we will pay all traveling and hotel expenses for a visit to this city, if we fail to prove any statement that we have made.**

**HOW TO Secure a Fortune With OZONE**

A test package of Ozone, containing a sufficient quantity to preserve one dozen of eggs, or other articles in proportion, will be sent to any applicant on receipt of \$2. This package will enable the applicant to pursue any line of tests and experiments he may desire, and thus satisfy himself as to the extraordinary merits of Ozone as a Preservative. After having thus satisfied himself, and had time to look the field over to determine what he wishes to do in the future—whether to sell the article to others, or to confine it to his own use, or any other line of policy which is best suited to him and his township or county—we will enter into an agreement with him that will make a fortune for him and give us great profits. We will give exclusive township or county privileges to the first responsible applicant who orders a test package and desires to control the business in his locality. The man who secures control of OZONE for his township or county will acquire a monopoly which will surely enrich him. Let us at once send you a test package, and if you desire to secure an exclusive privilege, we assure you that they may deprive you of it, for the application comes in to us by scores every day, and we are unable to supply them. We will send it C. O. D. If you do not care to spend money in advance for the test package, we will send it C. O. D. If you wish to put you to expense of charges for return of money. Our correspondence is very large, and we have had to attend to the shipping of orders and giving attention to our work, we are unable to give more attention to letters which do not concern Ozone. If you think of any article that you are doubtful about Ozone preserving, remember "we guarantee nothing" is not our motto. It is our motto. We will prove it to you.

**REFERENCES:** We desire to call your attention to a class of references which no one can ignore. We refer to the names of the most successful business men in the following counties: Edward C. Boyer, Member Board of Public Works; F. D. Fisher, City Comptroller; Amor Smith, Jr., Collector Internal Revenue; William S. Worthington, Attorney; Martin H. Barrett and B. F. Hopkins, County Commissioners; W. S. Caspeller, County Auditor; all of Cincinnati, Hamilton County, Ohio. These gentlemen are each familiar with the merits of our Preservative, and know from actual observation that we have.

**THE MOST VALUABLE ARTICLE IN THE WORLD.**

The \$2 you invest in a test package will surely lead you to secure a township or county, and thus your way is absolutely clear to a fortune from \$2,000 to \$10,000 a year.
