THE "TIMES,"
The Oldest Paper
BEST ADVERTISING MEDIUM
IN CHARLES COUNTY.

The subscription price of THE TIMES is \$1. per annum if paid in advance or at any time within the current year; if not paid within the year \$1.50 will be invariably charged, as always heretofore, and from this rule no exception will be made.

TO ADVERTISERS.—The Times having a larger circulation than any other paper among the intelligent farmers and business men of Charles County, offers superior inducements to advertisers to insert their advertisements in its columns. Send for circular rates, which are as low as any other paper in Southern Maryland, to any mailing office or publisher.

DEMOCRATIC CONSERVATIVE PRIMARIES.

In pursuance of the recommendation of the Democratic State Central Committee, as embodied in a resolution passed at its last meeting held in Baltimore on the 1st of May last, the registered Democratic voters of Charles County are hereby requested to assemble in PRIMARY MEETINGS at the several voting places in the different election districts on

WEDNESDAY, Sept. 27th, '82, from 4 to 6 o'clock P. M. and elect delegates from each election district to meet in county convention in PORT TOBACCO on SATURDAY, Sept. 30th, '82, at 10 o'clock A. M.

for the purpose of appointing 4 delegates to represent Charles County in the CONGRESSIONAL CONVENTION to be held at UPPER MARLBORO on

TUESDAY, October 3rd, '82, for the purpose of nominating a candidate to represent the 5th Congressional district in the next House of Representatives. And also at the same time and place, select ten delegates from each of said districts to represent them in a county convention to be held in Port Tobacco on

SATURDAY, September 30th 12 o'clock M. to appoint 4 delegates to represent said county in the JUDICIAL CONVENTION, to be held at Upper Marlboro on Tuesday, October 3rd, for the purpose of nominating one candidate for Associate Judge in the Seventh Judicial Circuit of Maryland.

One set of delegates from each election district will be accredited by the primary meetings to both of the county conventions, if that course shall be preferred.

F. M. Cox, Wm. H. Gray, F. J. MARBOCK, Democratic Central Committee for Charles Co.

Too Much Politics.

Col. Joseph S. Allston, State Senator from St. Mary's, has become financially embarrassed, and offered terms to his creditors, mostly Baltimoreans, last week. He says the cost of his political campaign and absence from business during the campaign and at Annapolis has brought on his failure.

The Small-Pox.

We learn from persons from that section, that the small-pox patients in this Neck are now all out of danger and are rapidly convalescing. No new cases have been reported and all fear of any spread of the disease is now at end. We are glad to report this and hope that we will have nothing of the kind to report again.

Clothing.

S. Katzenstein the fashionable clothing, 310 Seventh St., Washington, has sent us his announcement for fall and winter goods. At this establishment, you can find everything in the latest cut and style in the way of clothing. Look out for his announcement next week, it reached us too late for insertion in this issue.

The Coming Winter.

Overcoats will soon be in demand if the cool mornings and evenings of the past few days is an indication of what we may expect in the near future. We are told that the coming winter will be a severe one and that snow will be plenty because last winter was mild. We are not anxious for a cold winter, with its chilly frosts, but a good sleighing season will be welcomed by all.

Accident.

L. Allias Wilmer, Esq., was driving some ladies to the Plaza on Monday evening in a spring wagon, when the seat on which he was seated broke and threw him to the ground. In his fall his head struck the side of the wagon and cut it very severely, and one of the wheels passed over his arm, causing a laceration. He was picked up and placed in the wagon and carried to Dr. J. Harris Stone's where he is boarding. No doctor was summoned, as the hurts were easily cared for by his kind hostess with a little liniment. He is at present doing very well.

The Best Yet.

The young men of St. Thomas congregation intend having a grand tournament at Chesapeake Point some time during the coming month. It is proposed by the managers to make this affair one of the finest, if not the very best, that has ever taken place in our county, and from their management of such things in the past we may confidently expect that this will be equal to all anticipations. Handsome and valuable prizes will be offered to the successful knights, so we advise the boys to save their horses and keep them in good time for this coming month. Some of the prizes in connection with the affair will be given through the columns of the Times.

Hard Names.

If within the present century the spelling books should again be revived, the pedagogue could add Webster's Unabridged and borrow the second word registration list of Baltimore City. Here are a few samples of the kind of names some of the inhabitants of Fell's Point carry with them: Marcus Worganstet, Joseph Purtovejil, Minnie Manningscetzka, Walter Zaulickiewicz, Tomasi Wolnieczka, Johannas Ziwozicki, G. Wernowicki, Gajseppe Youlanickiwicka and Ziska Strzilecniak, isticka.

Register, Democrats?

It must be remembered that Monday and Tuesday, the second and third days of October, are the last days that it will be permitted to come to have their names registered among the qualified voters of the county, in order to be eligible to participate in the important elections to be held this fall. The names of several hundred Democratic voters do not yet appear upon the registers, and unless proper exertions are taken by those charged with that work to impress these defaulting citizens with the imperative duty that is incumbent upon them of rendering the community this slight service, the probability is that many Democrats will be unable to cast their ballots at this fall's elections. This ought not to be. We should not think that any citizen of the county, certainly any taxpayer, would need to be admonished of that duty. If the hope and determination of breaking down the detestable forces by which our county has been dominated in the last decade, which is certainly only a matter of time, were not sufficient to impel every manly man and conscientious citizen to contribute the poor tribute of his vote to the public honor, we should think that the more tangible argument contained in the question of the removal of the court house—a question of so much local concern ought to influence every man to have his name registered among the qualified voters. We should think that the pendency of a question of so much magnitude and of such far-reaching significance, would induce every taxpayer not only to qualify himself to vote upon the question, but to exert his influence to procure the registration of every voter in his neighborhood. It is to be hoped that those charged with the superintendence of this matter in the different districts will exert themselves earnestly and to their utmost between now and the last two days of registration to secure a full turn out of the delinquents. They will render the community a great service.

Cost Race.

The clipper built boats of Messrs. Richard M. Smoot and William M. Brent, which ran a race some weeks ago and which resulted in favor of Mr. Brent, will have another trial of speed tomorrow, and for the two successive Saturdays following, regardless of the state of the weather. These races will be longer than the former one, the distance being from Brent's wharf, Port Tobacco, east around the Port Tobacco beacon and return. All the necessary arrangements have been completed and all of our town loving citizens should gather either at Chapel Point or Brents and see the sport.—Captain Bradley will sail the Brent boat and Capt. Massey Brainerd the Smoot clipper.

Important.

Judge Stone requests us to give notice that he will be in Port Tobacco on Thursday and Friday the 28th and 29th days of September for the purpose of hearing appeals from the Registration officers, and to settle the cases of all naturalized parties in the county who may be entitled to vote. It is important for all who are concerned to remember these dates and be on hand to meet the Judge at that time. Those persons in each district who know of any foreign born citizen entitled to register in their district, should not fail to interest themselves to have the parties here on the above mentioned days, and have their cases settled as to enable them to register at the October sittings.

Resigned his Charge.

At a meeting of the vestry of this parish on last Wednesday, the Rev. Gilbert F. Williams, who has been the efficient pastor here for the past four years, resigned his charge to accept a call he had received in the State of New York. The vestry were very loath to accept Mr. Williams' resignation, and unanimously requested him to reconsider his determination of leaving Mr. Williams asked for a short time to consider the matter, and promised to give them a definite answer on Tuesday next. We assure the whole congregation in wishing that Mr. Williams may continue in charge of this parish, to whose spiritual comfort he has so efficiently ministered for the four years he has been amongst us.

Entertainment at the Court House.

Mr. Armiger will give a grand panorama exhibition at the Court House on Wednesday evening, September 27th. Admission only 10 cents. Performance to commence at 8 o'clock. This exhibition will be one of considerable interest, and those of our people who can do so should attend. Bring your little ones especially, and let them enjoy the fun. Mr. Armiger gives this exhibition more especially for the children, and we are sure they will never regret the small price paid for admission. He will present some beautiful and interesting scenes, and also many comic ones. Do not fail to attend.

Land Sales.

Notice the mortgagee's sale of land that takes place on next Monday at Waldorf, by Dr. E. V. Kelen as Mortgagee. The tract is a valuable one and would prove a good investment. Also notice the sale by Mr. R. H. Edden, as trustee, of the valuable tract on the Wicomico river, which takes place in front of the Court House on Tuesday 26th inst. This tract is one of the most fertile sections of our county, and is one of the best farms in that section. It is in a high state of cultivation and is improved by a handsome and substantial dwelling and all necessary outbuildings.

The Weather.

We have concluded that Mr. Venzor has made another miserable failure in his weather predictions, by promising a frequent and heavy frost during this month. After the experience of last Tuesday and Wednesday we concluded that he had promised frequent and severe frosts that would have been more in order. The thermometer in the village on Tuesday reached as high as 52°, and in view of the cool and pleasant weather we had enjoyed prior to that day, the change from fall to mid summer weather was most uncomfortable.

No Opposition.

We heartily please that no name has yet been presented in opposition to the nomination of Hon. Andrew G. Chapman for Congress, who two years ago so manfully led the Democratic party to victory and who has with honor and credit represented us in the Hall of Congress. His re-nomination will be but a just recognition of his services to the party. We call on the constituents of the 5th City District when they meet.

It is gratifying to know that Hon. A. G. Chapman, our able representative in Congress from the Fifth district, has no opposition for the nomination, and that the time honored custom of the Democratic party in this district, of selecting a Congressman to a second term, will be observed in his case. Gen. Chapman has been a most excellent and faithful representative, using every ready to receive in a pleasant manner, his constituents, when visiting Washington, and as far as possible to gratify their wants and wishes. The universal desire by the Democrats for his re-nomination, will bring about harmonious and active work, during the canvass, which will result in his election by a handsome majority.—"Marboro' Gazette."

A good medicinal tonic, with real merit, is Brown's Iron Bitters, so all druggists say.

Registration of Voters.

We give below the summary of the voters registered at the September sittings of the Registration officers in each district. The number of names that were placed on the books within the two weeks of the sittings is not what it should have been and we are sorry that the whole vote was not brought out at that time. However as they will be placed on the books in October. The following is the summary:

Table with 4 columns: District No., White, Colored, Total. Rows for Districts 1 through 9, and Totals.

Maryland Tobacco.

The crop of Maryland tobacco which has been arriving in Baltimore since the beginning of the year will fall about 8,000 hogheads short of the receipts for the preceding year.—This far 30,633 hogheads have been inspected. Of this number the largest inspections, 7,184 hogheads, were made at warehouse No. 3, of which Mr. J. T. M. Raley, of St. Mary's County, is inspector. Of the other warehouses, No. 1 inspected 6,024 hogheads; No. 2, 6,255; No. 4, 4,871, and No. 5, 6,299. The shipments a week before last were 1,733 hogheads of Maryland tobacco and 28 hogheads of Ohio. From the Baltimore and Ohio Railroad warehouse at Locust Point 283 hogheads were shipped, and from the Northern Central Railroad warehouse at Canton 161 hogheads. The principal tobacco-growing counties of Maryland are St. Mary's, Charles, Calvert, Prince George's and Anne Arundel. A few hogheads are received from Montgomery and Carroll counties, however.

School Trouble.

We mentioned last week the trouble that had arisen in this city in regard to the discharge of teachers from the public schools without complying with the school law, and the decision of the School Board in the matter. The Board had a somewhat similar case before them on Tuesday from a school in the 5th district. From what we learn of the case Mr. Higdon, the former teacher of the school, had been notified according to the law, but the thirty days notice required did not expire until four days after the opening of the school year. Mr. Higdon taught three school days, and the expiration of that time induced to vacate the school at the request of the trustees, and also refused to give up the school register and key upon their demand. Mr. Chas. A. Neale, chairman of the local board, went to school but was unable to gain admittance, except through the window. The teacher appealed to the School Board and after a very strong debate over the matter on Tuesday, it was decided that Mr. Higdon must obey the order of the local trustees and vacate.

Have Your Pictures Taken.

Mr. B. W. Armiger, of the firm of Armiger & Bowerman, Photographers No. 1 North Gay St., Baltimore, Md., has opened a gallery of photography in Port Tobacco, and will be here ready to take all kinds of pictures until the first of October. Persons who want a finished picture can have it supplied in Port Tobacco, near the Town office. His prices are moderate and within the reach of all, his work is first-class in every respect and recommends itself, though Mr. Armiger guarantees satisfaction in every case. Small pictures copied to any size. This sort of work is specialty to which Mr. Armiger gives his particular attention. Fine work in ink and colors executed at short notice. Call early and get good pictures.

A Remarkable Stock of Corn.

In the matter of fine yields of wheat, our county and especially Port Tobacco valley, appears to have been quite ahead of the neighboring counties of Southern Maryland at the late harvest, and now it becomes our journalistic duty to report a case of profligacy in the corn crop almost phenomenal. We are sure it will stir up bitter envy among our neighboring county contemporaries especially the "Jocosa." It is nevertheless our duty to make mention of it. In Mr. Randolph Swann's field of corn near Wicomico, there was found a stalk which contained twenty three good sound ears of well formed corn. This we have from an eye witness, we did not see it ourselves, and we learned that there are many other stalks in that fertile section of our fruitful county that are nearly equal to it.

The Harvest Moon.

The September moon falls on the 27th at 12:29 a. m. It is the beautiful harvest moon and possesses special claims to distinction. For owing to the position of the moon at the time of the equinox at this season, the moon rises for several consecutive nights with only a comparatively small interval between the successive risings. The short Autumnal days seem thus to be prolonged by the floods of silvery moonlight that make the night beautiful as day. The phenomenon is as easily explained as the axial rotation of the earth. But in the older times, when man was ever to nature the harvest moon was considered a direct interposition of Providence to assist the husbandman in gathering in the harvest. The new moon of the 12th was in conjunction with Mercury and Mars on the 14th and with Venus on the 16th, passing a degree and a half north of her.

Appointment to West Point.

We are glad to learn that Harry Freeland of this county, who received the appointment to the West Point Military Academy from Hon. A. G. Chapman, our representative in Congress, has passed the examination, and is now a full-fledged cadet. Young Freeland is the son of the late Fayette F. Freeland, Esq., whose death, several years ago, robbed us of one of our most useful and beloved citizens. While we heartily rejoice in the success of the son, it adds to us to know that the father, who so loved him, is not without us to share in his triumph.

An Important Moment.

It is puzzling to decide between the rival clothiers, where a man should buy his clothing, if he seeks enlightenment by reading the advertisements, for he will find each to claim to sell cheaper than the other, &c. We say to you, buy from a house of known reputation for square dealing, where goods are sold by the manufacturers themselves, upon precise statements as to kind and quality at a strictly uniform low price, and where you can go back for your money if, after reaching home, you should think you had purchased unwisely. Such a house is C. N. OEHM & SON, 230 W. Pratt St., and to 55 Hanover St., Baltimore, Md.

Local Brevities.

Register next month. Cool mornings and evenings. Corn tassels are now coloring. It is an old saying that a heavy harvest is a sure sign of a hard winter. It will soon be time to shove your straw hats and dusters. Several of our county's fair daughters will change their names during the coming month. Seven whiskey drummers visited our town on Monday and Tuesday. It seems that this is a good field for their labors. Justice Smoot holds his court here regularly every Tuesday. Pisgah neighborhood seems to furnish all the litigants. From the present prospects the crop of chestnuts in this county will be unusually large one. If you want your job work done neatly and with dispatch bring it to the Times office. Good work is our recommendation. Try us. The registration officers will sit for the fourth and last time on the 2nd and 3rd of October. This will be your last chance, do not neglect it. Yesterday the day and night was of equal length, now the nights will begin to lengthen and those people who are "born tired" now have the advantage. Tight pants will continue fashionable during the winter and it is now in order for some of our young men to make frequent visits to any neighboring saw-mill. What has become of our town fathers. They have not held a meeting for some time and we would like them to awake to the fact that our town, or this part of it, is not the sweetest place in America. L. Hei bur, 402 7th street, Washington makes his bow this week, and announces that he has a fine lot of seasonal goods in the way of boots and shoes, at bottom prices. Call there when you visit Washington. Many of our sportsmen in the neighborhood of Bryansport are making expeditions to the Patuxent in quest of the reed bird which are to be found there in large numbers. The slaughter of these innocents at this season is immense. The oyster sloop, Katie Hines, which has been undergoing a thorough overhauling and repainting, was launched on Saturday last. Captain Smoot will now take charge and begin his war on offending oystermen. Captain Haislip will continue as the first officer of the vessel. A country editor being asked, "Do boys pay?" says: "A great many do not. They take the paper several years and then have the postmaster send it back marked refused." This is the case of one of our subscribers at—but we won't tell on him and only regret that he is of that condition defensible from whom there's nothing collectable.

The slaughter of these innocents at this season is immense. The oyster sloop, Katie Hines, which has been undergoing a thorough overhauling and repainting, was launched on Saturday last. Captain Smoot will now take charge and begin his war on offending oystermen. Captain Haislip will continue as the first officer of the vessel. A country editor being asked, "Do boys pay?" says: "A great many do not. They take the paper several years and then have the postmaster send it back marked refused." This is the case of one of our subscribers at—but we won't tell on him and only regret that he is of that condition defensible from whom there's nothing collectable.

Hei bur, 402 7th street, Washington makes his bow this week, and announces that he has a fine lot of seasonal goods in the way of boots and shoes, at bottom prices. Call there when you visit Washington. Many of our sportsmen in the neighborhood of Bryansport are making expeditions to the Patuxent in quest of the reed bird which are to be found there in large numbers. order their Clothing unhesitatingly state Department the can be suited Quality. Price.

EVERYTHING SOLD UNDER A GUARANTEE. ---REX--- AMMONIATED SUPERPHOSPHATE. REDUCED IN PRICE BUT NOT IN QUALITY.

EXPERIENCE has shown that, owing to differences in natural peculiarities, as good results are in most cases obtained from these, on the grain crop, of lower priced fertilizers, honestly manufactured, so from the more costly tobacco compounds we have substituted "REX" for "LEADER" for the wheat crop this fall, fully satisfied that its merits will make a reputation as a grain fertilizer, equal to that of "LEADER" for tobacco. We have also reduced the price so as to place it within easy reach and thus encourage more liberal applications to the land. Feed the land generously if you expect it to yield generously.

WE GUARANTEE THE FOLLOWING EXCELLENT ANALYSIS: AMMONIA.....1.75 (2) per cent. SOL. PHOS. LIME.....2.12 (2) " POTASH SULPH.....2.03 " FRANCIS NEALE & SONS, COMMISSION MERCHANTS, 103 S. Charles Street, Baltimore, Maryland.

The great superiority of DR. BULL'S COUGH SYRUP over all other cough remedies is attested by that old established remedy.
