

Port Tobacco Times

PORT TOBACCO: Friday Morning, October 27, 1882.

DEMOCRATIC-CONSERVATIVE TICKET

For Congress. ANDREW G. CHAPMAN, Of Charles County. For Associate Judge. ROBERT FORD, Of St. Mary's County.

The Judiciary Election.

No one should lose sight of the importance of the judiciary election which is to take place in this circuit this fall. All should remember that the most important position of Associate Judge on the bench of the Circuit is to be filled by popular election on the 7th of November.

Of the intimate connection of the proper discharge of the functions of the judiciary with the happiness and welfare of the masses of the people, we have spoken heretofore. The selection of pure and worthy men to interpret and administer the laws is of the highest importance to the well being of a community.

The two candidates who are contesting for this office before the people this fall are HON. ROBERT FORD of St. Mary's County, who has filled the office for the last fifteen years, being the nominee of the Democratic party; and Mr. J. P. CRANE of St. Mary's County, who is the nominee of the Republican party.

Judge Ford has been thoroughly tried upon the bench, and his fitness is on all sides conceded. Many contend that he has displayed marked ability on the bench; all agree that he has made a courteous, pure, efficient and conscientious Judge. His fifteen years of judicial experience, and the propriety of the election of good judges, the people of the State have generally re-nominated the old judges for another term.

For these and other reasons, which we shall, perhaps, further amplify and express in the coming issues of the Times, we oppose Mr. Hart Benton Holton, and call upon all Democrats, and all good citizens, irrespective of party, who have the true interests of the district and its agricultural people at heart, to vote for Gen. Chapman, who, in the present Congress, has made a faithful, useful and efficient representative, and who, in the next Congress, will be an able and effective representative of the interests of the masses of the people—the husbandman, the laborer and the mechanic—and not alone a few rich manufacturers.

Effects of the Treasury Surplus. An overflowing Treasury is a source of extravagance and corruption, besides being a strain upon labor through enormous taxation.

On the 24th of October, 1882, at Piquette, by the Rev. F. M. Strother, HUBERT F. ROBEY and Miss CARRIE J. GOLDEN, both of this county.

Speaker Keifer's "vindication" by his re-election doesn't wash when the figures are examined. Townsend, the defeated Republican candidate for Secretary of State, received 2,145 majority in Keifer's district, and Keifer, is re-elected by only 1,140. In Keifer's own county he received 252 majority and Townsend received 865, and in Keifer's own town he was beaten 20, while Townsend secured 244 majority.

The Reasons Why.

Our independent neighbor, the "Zephyrus," gave in its last issue the reasons why it supports Mr. Hart Benton Holton for Congress, the chief of which, and the only one, is based upon facts, and that he is the regular nominee of the party in our district. It is perhaps proper that we should state a few of the reasons why the Times opposes Mr. Holton, and why, in our judgment he should not be supported by the intelligent voters of the fifth district. The following are some of those reasons, briefly stated:

First.—Because Mr. Holton is the nominee of the Republican party, thoroughly identified with its most "stalwart" managers, and an avowed exponent of its whole policy of unjust class legislation.

Second.—Because this district is essentially an agricultural district, its chief industry being agriculture, and all its people—the poor and those in easy circumstances, the employed as well as the employer, the farmer the merchant the mechanic and the laboring man—are dependent for their prosperity upon the success of agriculture; and because the party to which Mr. Holton would give his allegiance if sent to Congress, is notorious for its disregard of the agricultural interests of the country, and its unjust discriminations in favor of manufacturers, by which most onerous burdens are placed upon the agricultural population.

Third.—Because Mr. Holton is himself an extensive cotton manufacturer, has accumulated wealth as the beneficiary of this most iniquitous class legislation of his party, and, therefore, his personal interests as well as professed allegiance urge him to assume an ultra position in favor of a high tariff, by which a most onerous and unjust tax is placed upon the entire agricultural population of the district—employees and employed white and colored, to subserve the interests of Mr. Holton, his brother-in-law, Mr. Gary, and a half-dozen other rich manufacturers in the district.

Fourth.—Because Mr. Holton is an obscure man, without legislative experience and the necessary familiarity with the principles governing legislation and the legislative bodies to make him a useful in any way influential representative in Congress. His sole service in the halls of legislation was in the notoriously iniquitous Republican legislature of 1864, which was forced upon the people as the point of Federal bayonets, and whose record for venality and reckless expenditure and misappropriation of the people's money is without a precedent in the history of the State.

Fifth.—Because, if elected, Mr. Holton would be numbered with the powerless Republican minority in the next House of Representatives, and, therefore, without the power, he had the will to effect any beneficial measures in behalf of his district. His presence would only serve to remind the dominant Democratic party in the next Congress, of the culpable apathy of this Democratic district in appointing him to be sent as its representative, and create a prejudice against our district and a dead ear to its interests and necessities.

During the week ending Saturday 15th, one of the most severe epidemics of smallpox, Texas, and other diseases, which has been the cause of the epidemic of 1,551 cases and 214 deaths. The small number of cases in this district, which was reported on October 15, 1882, and 125 deaths. There were 22 cases of yellow fever reported at Port Tobacco, Md., on Saturday, but only one death. The total number of cases to date is 1,570, and deaths 162.

In the examination of Lieut. Danenbergh before the Joint Committee on the subject of the late war, he testified that he had seen her mother, who was three months old at the time she was taken to the hospital, and that she had been in the hospital for two years.

THE REASON, therefore, of the superior fitness of Judge Ford for the position, we think he ought to be earnestly supported for re-election. All ought to know how large and potent is the ignorant colored vote in this circuit, which is relied on to elect Mr. Crane, and ought to recognize in that fact the necessity of going to the polls and voting for Judge Ford. It is hoped that no reader of the Times will fail to do so.

On the 24th of October, 1882, at Piquette, by the Rev. F. M. Strother, HUBERT F. ROBEY and Miss CARRIE J. GOLDEN, both of this county.

Notes.

The total number of immigrants that arrived at the port of Baltimore during July, August and September, was 8,661, of which 11,128 were males and 3,908 females. Of these, 6,711 were from Germany.

The Baltimore and Potomac and Baltimore and Ohio are competing for the business of carrying the republican officials at Washington home to vote at the November elections. The roads make a reduction of 20 per cent. in the fares.

The democratic committee of the various districts of Montgomery county have decided that it is unnecessary to hold public meetings in that county during the campaign, but will have a grand barbecue on the Saturday before the election.

A book has just been issued in Vermont, entitled "The Restoration of Christ from the Standpoint of the Law." It is an investigation conducted according to the laws of evidence, and it ends with a full acceptance of the restoration of Christ as a historical fact.

The Episcopal Intelligencer, republican, publishes the revised vote of the general election in the second district of West Virginia, which elects W. L. Wilson, dem., over John W. Mason, rep., by a vote of 1,200 to 1,100. Wilson, a democrat, makes Wilson's majority eight.

A young man started for a drive twenty miles with his new car, through an unimproved tract in Minnesota. At a point where the road of the lonely route the pair had a bitter quarrel. The fellow unhooked the horse, mounted it, and rode away, leaving the girl alone in the wagon, where she remained all night, and next day walked home.

Arthur McLaughlin was before the New York Court of General Sessions on Thursday, having been convicted of the crime of bigamy. He was convicted that it was his first offense, and in consideration of the fact that he had been the father of several children in a recent marriage, he was given another chance to reform.

The diptheria is carrying off large numbers of children in the city of New York. In the city of New York, three colored children have died within a very short time. James Howell, colored, lost his wife, three children within twenty-four hours. Her family are mourning for one, two or three children, and a colored man was carried off by it.

At the Spencer sale of real estate in New York City on Wednesday, a piece of property on Crosby street, 75 by 100 feet, was disposed of, which, according to the title, was owned by the late John W. Mason, and was sold for \$10,000, as long as grass grows and water runs, repayable in ten years at the price of a hundred dollars per acre, with an annual interest of 10 per cent. on the unpaid balance.

The Rev. W. L. Phillips, pastor of the Methodist Church in Shiloh, Ohio, was recently quoted in the streets on the prohibition question. Smith, one of his flock, recently had a serious quarrel in the streets on the prohibition question. Smith, one of his flock, recently had a serious quarrel in the streets on the prohibition question.

The new bridge of the Northern Pacific Railroad over the Missouri River, near Great Falls, Dakota, was tested and formally opened to traffic on Saturday. Eight locomotives, weighing 100 tons each, were used in the test, and on each of the 4000 feet of bridge and trestle, the weight of the train was 1,000 tons. The bridge is 1,000 feet long, and is the longest bridge of its kind in the world.

During the week ending Saturday 15th, one of the most severe epidemics of smallpox, Texas, and other diseases, which has been the cause of the epidemic of 1,551 cases and 214 deaths. The small number of cases in this district, which was reported on October 15, 1882, and 125 deaths. There were 22 cases of yellow fever reported at Port Tobacco, Md., on Saturday, but only one death.

In the examination of Lieut. Danenbergh before the Joint Committee on the subject of the late war, he testified that he had seen her mother, who was three months old at the time she was taken to the hospital, and that she had been in the hospital for two years.

THE REASON, therefore, of the superior fitness of Judge Ford for the position, we think he ought to be earnestly supported for re-election. All ought to know how large and potent is the ignorant colored vote in this circuit, which is relied on to elect Mr. Crane, and ought to recognize in that fact the necessity of going to the polls and voting for Judge Ford.

OBITUARY.

"When musing on companion gone We doubly feel ourselves alone." On Sunday evening, 22d inst., at his residence in this county, Colonel JOHN WILLIAMS JENKINS, in the 44th year of his age. Fully aware of his approaching death calmly and conscientiously, surrounded by his sorrowing children and friends, he peacefully passed away, and was buried in the last rites of his church.

Col. Jenkins was widely known in this section of the State, and a thorough and successful representative of the people in the General Assembly of the State, with integrity and ability, and to the entire satisfaction of his constituents. In his public life his name was never connected with even the slightest suspicion of anything becoming a gentleman and a citizen, and to the entire satisfaction of his constituents. For some years before his death he lived in retirement on his ancestral estate in Charles county.

His loss will be most deeply felt by those who knew him longest and best. He was slow to form friendships, but having once given his confidence, he stood by those he loved, through good report and evil report, with unswerving fidelity. He was a sincere, loyal, honest and generous man, and as such will be missed and mourned by those who knew him and who value integrity, honesty and courage. AN OBITUARY.

Chapter 494. AN ACT to provide for the removal of the County Seat of Charles County from Port Tobacco to La Plata, in said county, if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 1. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 2. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 3. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 4. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 5. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 6. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

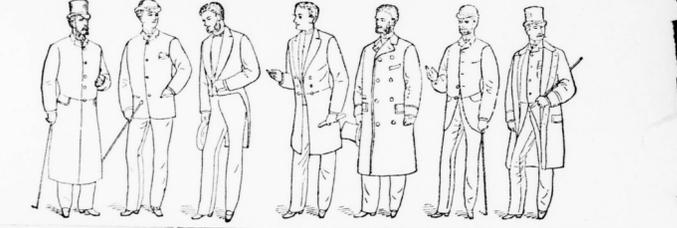

Section 7. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 8. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 9. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.

Section 10. Be it enacted by the General Assembly of the State of Maryland, that if the qualified voters of said county shall so determine, and to provide for the erection of a Court House and Jail at La Plata, and the providing of a site for the same, and authorizing the county commissioners and county surveyors to borrow money and issue bonds for the payment of the same, for the purposes aforesaid; to lay taxes for the payment of the principal and interest on said bonds; appointing an officer for the distribution of the same and for other purposes.
