

LOCAL MATTERS:

The subscription price of THE TIMES is \$1. per annum if paid in advance or at any time within the current year; if not paid within the year \$1.50 will be invariably charged, as always heretofore, and from this rule no exception will be made.

TO ADVERTISERS.—THE TIMES having a larger circulation than any other paper among the intelligent farmers and business men of Charles County, offers superior inducements to advertisers to insert their announcements in its columns. Send for card rates, which are as low as any other paper in Southern Maryland, to say nothing about circulation.

To the Ladies of the Parish. The Rev. Gilbert F. Williams requests us to ask all the ladies of Port Tobacco parish without respect to societies, ages or conditions, to meet him at La Plata on next Tuesday at 10 o'clock, P. M., as he will have business of importance to lay before them. He earnestly desires that there be a large turnout of the ladies on that day as the business requires immediate attention and the co-operation of the ladies is absolutely necessary to its ultimate success.

PANTS, ALL PATTERNS, Eisenman Bros., 7th and E Sts., Washington, D. C.

Guilty of Larceny. Grandison Mathews, colored, was arrested on Tuesday by constable Welch, on warrant from Justice Smoot, charged with larceny of a piece of bacon from the store of Mr. W. W. P. Aggett, in this village, on Saturday last. He had a hearing on the same day before Judge Smoot, when it appeared that he had taken the piece of bacon from the store and secreted it in his wagon, where it was discovered by Henry Hill, colored, who reported the matter to the justice. Mathews was found guilty and sentenced to the House of Correction for three months.

EISENMAN BROS., popular tailors and clothiers, Washington, D. C.

Political Notice. The Democratic voters of the 4th district are requested to meet at Allen's Fresh on Saturday, September 16th, at 2 o'clock, P. M., for the purpose of effecting organization in said district and forming a Cleveland, Hendricks and Coanpton club. It is earnestly desired that all the Democratic voters of the district be on hand on that day as it is desirable that this organization be effected at once. This call is made by some prominent Democrats of the district of which the initiative was taken by Messrs. Geo. M. Lloyd and Thos. D. Stone. The other districts are all perfecting such organizations and it is hoped that the 4th will fall into line with a large club on that day.

Boys' Cousins, Eisenman Bros., 7th and E Washington, D. C.

Taking Shape. The building committee who have in charge the rebuilding of Christ church, in this village, meet in the vestry room of the church on Wednesday to consider the bids of the contractors for the work. It was decided to accept the bid of Mr. J. H. Gibbons, who contracts to do all the work necessary for \$3,300, and this gentleman will at once proceed with the building. We have seen the plans of the new building, and must say the style of architecture, proposed is very attractive and pleasing, and that the church when finished will be one of the handsomest in this section and will add greatly to the appearance of that portion of our village in which it is situated. Mr. Gibbons has a reputation of being a thorough gentleman in every particular and a thorough master of his business, so we have little doubt but that the congregation will get everything specified and contracted for. The church is expected to be finished late in the fall.

CHILDREN'S SUITS, Eisenman Bros., 7th and E Sts., Washington, D. C.

Base Ball. Base ball enthusiasm is at length being aroused throughout the county and nearly every neighborhood now has a nine in the field, and several games were contested during the past week. On Thursday, the 21st inst., a game was played at Newport between the club at that place and Bryantown, and the Newporters fell easy victims to the prowess of its opponent by the score of 63 to 8. On Saturday a game was played at Hill Top between the Hill Top and the Pick-ups, and the latter were victorious by the score of 19 to 4. On the same day Port Tobacco and Pomonkey contested at Pomonkey. The game could not be finished on account of darkness, and when the playing ceased Port Tobacco was far in the lead with every prospect of distancing their competitors in the first heat. Port Tobacco would like to meet Bryantown and take some of the conceit out of them, as we understand they think themselves invincible. We imagine we could make them fall a button hole or two and we are ready to meet them at any time.

EISENMAN BROS., popular tailors and clothiers, Washington, D. C.

Tournaments. The tournament at Bryantown on next Wednesday promises to be a brilliant affair and will be well worth attending. The incorporators of over \$300 in arranging for the event and everything promised to the public in connection with it will be fully performed. The orators advertised to deliver the addresses will certainly be on hand. A large tent will be erected in the afternoon, and a large number of seats will be erected in which the dancing will be held, and a full and carefully selected brass band will discourse the music on the occasion. Taken altogether Bryantown seems determined to hold its well known prestige in matters of this kind and it will be an object with the management to make this event eclipse all others of a similar character ever held in this section of the State. Representatives of the whole of Southern Maryland will be present, and if you wish to spend an enjoyable day and evening be sure to go to Bryantown on next Wednesday. Go early and see the championship game of base ball which is to be played at 11 o'clock in the morning between Charles and Calvert counties. This is a feature in the day's entertainment which should not be missed.

The young gentlemen of Port Tobacco also offer a similar treat to the public on Tuesday, September 2nd. The active, energy and good judgment usually displayed by these gentlemen in matters of public amusement is a sufficient guarantee to the pleasure that will be experienced by those visiting the affair. No effort or expense will be spared to make it a grand success and you may be sure of enjoying yourself if you favor them with your presence.

BOYS' CLOTHING, Eisenman Bros., cor. 7th and E Sts., Washington, D. C.

The Coming Campaign. Is agitating the minds of the people, but not so the question where to buy the cheapest and best made clothing as the leading Baltimore tailors, C. N. Hunt, 250 W. Pratt St. and 15 Hanover St., have long demonstrated the fact, that they can't be undersold. They are at present closing out the balance of their handsome stock at such low figures that our friends should hasten to give them an early call.

Found Drowned.

On last Friday the body of a white man was found floating in Port Tobacco creek near Brent's Wharf, and from its appearance the man had been in the water for some days, as the face and hands had become very badly eaten and the body so much decomposed that it was with difficulty that it could be handled. It was secured and brought to shore by Capt. Henry Beeler and some of the hands of his vessel which was going in the creek at the time. The decomposition of the body was so advanced that the men could only remain near it by tying handkerchiefs saturated with camphor about their faces, and at the instance of Mr. Wm. M. Brent, the body was at once buried. Justice Smoot was notified of the finding and he at once repaired to the place, to see if an inquest was necessary, but on learning the above facts and the men being averse to gainister the body, he deemed an inquest unnecessary and decided to allow the body to remain undisturbed. Later in the day two friends of the drowned man from Washington, Messrs. Charles H. Payne and Geo. W. Dugan, came to town and obtained permission from Justice Smoot to take up the body and convey it to Washington for burial. This they did and the drowned man was carried to Washington on Saturday morning by his friends. From them it was learned that the unfortunate was Wm. S. Brown, and that he was drowned off the Lady of the Lake in the Potomac river a little above Tolson's Wharf on the Tuesday night before while on his way from Norfolk to his home in Washington. It is supposed that the body which had been so long, either got up in a sloop or on a raft or else before he was thoroughly awake and walked or fell off the boat into the water about 1 o'clock at night. Efforts were made to find him at the time by the crew of the vessel but without success. It was without his coat and shoes when found, and these were found in the boat at the place where he had been sleeping.

FOR SPRING SUITS go to Eisenman Bros., 7th and E Sts., Washington, D. C.

Republican Convention.

The Republican county convention to select four delegates to represent Charles county in the Republican Congressional nominating convention which met at Laurel yesterday, assembled here on Monday last morning in every respect similar to the former conventions of the party. The "friend and brother" predominated and did "de voita" while their white allies did the talking. The convention was organized by the selection of L. M. Southland president, and E. G. Chappeler, secretary. Mr. Sidney E. Mudd, who has again taken up his residence in the county with a view of political preferment, was a delegate from the 8th district, and the first business before the body was the offering by him of a resolution declaring Mr. Hart B. Holton the unanimous choice of the Republican party of Charles county for a renomination to Congress. The resolution was adopted without dissent, notwithstanding Mr. Holton's repeated declarations that he did not desire and would not accept a renomination. Several names were then placed in nomination as delegates and the balloting commenced. The names were then placed in nomination as delegates and the balloting commenced. The names were then placed in nomination as delegates and the balloting commenced.

FOR SPRING SUITS go to Eisenman Bros., 7th and E Sts., Washington, D. C.

Local Brevities.

No rain yet. Join the Democratic clubs, voters. The roads are dusty and disagreeable to travelers. Corn and pasture fields are burning up for the want of rain. Many farmers in this neighborhood have commenced cutting their tobacco. The huck'beries having all been gathered the catpans have resumed their usual quietest state. Mr. and Mrs. Neel and Mrs. McKensie, of Baltimore county, are visiting the family of Mr. C. E. Wade in this village. The public schools will reopen on next Monday. Who are most pleased at the prospect, teachers, children or parents? It is expected that the Court House will be used for religious services during the time that the church in this village is undergoing repairs. The tournament crop is fast ripening. Three are advertised in our columns this week, and several others are spoken of to follow in the near future. Henry Hill, colored, was arrested and lodged in jail on Wednesday night on the charge of being drunk and disorderly in the village on Saturday last. The county commissioners met on next Tuesday. Co-lectors' attention is called to the fact that they are required to be prepared to pay over \$200 on that day. A game of base ball will be played tomorrow at Chapel Point between the Port Tobacco and Pick-up nines. A good game may be expected. Game to begin at 3 o'clock p. m. The festival at Hill Top takes place next Thursday, the 4th inst. As the proceeds of this affair are to be devoted to church purposes we trust the congregation and others will attend and spend liberally. George Slye, Jr., colored, is the only one of the prisoners held for court charged with the theft of \$100 from Mr. Robt. D. Wills. The others have been discharged for the want of sufficient evidence to convict them. In the report of the wedding of Mr. W. P. Jameson and Miss Louise Murphy last week, which we clipped from one of our exchanges, the name of Miss Mamie Gardner appeared as one of the bridesmaids. This was a mistake, it should have been Miss Mamie Jameson, the bright and attractive little niece of the groom. Mr. P. Reed Wills the enterprising proprietor of Cox's Station, will have a grand tournament at that place about September 10th. The new hotel being finished and able to accommodate a large number of people renders the entertainment of a large crowd particularly easy. Mr. Wills will have all the arrangements perfected in a first class manner. Master F. DeSales Howard was the successful competitor for the vacant scholarship at St. John's College; and Miss Bessie Hodges for the one at the Western Maryland College. Senator Lancaster has approved both of these appointments and we congratulate the young people on their success. We hope they will make good use of the opportunity thus afforded them. Mr. Benj. Welch had a valuable mule choked to death on Monday last through the carelessness of a negro boy. The boy caught the mule and led a rope about its neck and tied the rope to a gate post. He then frightened the animal by attempting to place a sack on its back, and it pulled back so hard and persistently that it was choked to death before it could be released.

Messrs Geo. F. Sloan & Bro., the leading lumber merchants of Baltimore, are now offering some special inducements on all in need of lumber and building material. This firm has established an excellent reputation by its fair and honest dealing with all customers and we would suggest that persons in need of building materials would do well to write to them for prices.

Why can't we have a tournament in the vicinity of Port Tobacco? We would suggest to the building committee of Christ Church that it would be an excellent and easy method of raising money for that most laudable object. The Charles county base ball nine will also give an exhibition of this popular game if it is desired. Let this be considered and steps taken to have a tournament in this neighborhood in the near future.

On last Friday evening Mr. Louis M. Hyde, a young type in the Times office, and Miss Florine Burch, eldest daughter of Mr. B. F. Burch, were married at St. Thomas' Church by the Rev. E. McSwainy, S. J. The marriage, as all that have taken place in Port Tobacco for some time past has been, was a very quiet affair, it is even the most intimate friends of the parties being aware of it until the ceremony had been performed. There must be something in the atmosphere of this village to cause all this secrecy or else each contracting couple are loath to break a custom once established. It is hardly fair to those friends who would like to celebrate the event with the newly married parties but who are thus cut off by the selfishness of Capt. A's victims. We wish the happy pair joy and prosperity.

The Annapolis correspondent of the Baltimore Sun, says that the second choice of the Anne Arundel Republicans for Congress is Dr. B. G. Stonestret of Char' county, and with many he was the first choice over Holton, but he sentiment to inducte this "silent statesman" was too great to be overcome and Mr. Stonestret failed to pay second fiddle. This is the first intimation we have ever had that our Boss was a candidate for this honor; certain it is that his own party here knew nothing of his ambition in this direction or he surely would have obtained more votes for himself as a delegate to the nominating convention. The new title of Dr. politic' circles may possibly help him in the future, but we are at a loss to know how he obtained the title unless the party needs all the doctors it can get to physic and nurse the weak and waning chances of the Republicans in the district this fall and throwing its titles around promiscuously to give courage to the rank and file. However, even this won't save them.

CHEAP FLOUR.

JUST RECEIVED A LARGE LOT OF CHOICE FAMILY FLOUR. Will guarantee quality. Selling at Five Dollars and Fifty Cents per Barrel.

I am also selling other groceries cheap in proportion. Will thank you to give us a call.

R. A. GOLDEN, 941 & 943, F Street, S W. an 29-31 WASHINGTON, D. C.
