DR. JOHN BULL'S

Smith's Tonic Syrup

FOR THE CURE OF

FEVER and AGUE

OR CHILLS and FEVER,

AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine has a speciality over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PAINLESS CURE of Ague and Fever, of Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern countries to bear him testimony to the truth of the assertion that in no case where it will fail to cure if the directions are strictly followed and carried out. It is a great many cases a single dose has been sufficient to cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if the use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Verily this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S "KIDNEY-FAMILY PILLS" will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and skin, and aches and pains.

A MARVELOUS STORY

Ayer's Sarsaparilla.

It is a marvelous story, told in two letters. The father and son both describe how they were cured of a skin disease by Ayer's Sarsaparilla. The father's story is particularly interesting, as he describes how he was almost blind when he first started the medicine, and how he gradually regained his sight. The son's story is also very interesting, as he describes how he was cured of a skin disease that had been with him for many years.

The Snow-Man.

It was a beautiful night, the moonlight gold, the stars twinkling in the sky, and the snow falling softly from the clouds. The children were all gathered around the fire, and they were all looking at the snow with interest. The snow was falling so fast that it was like a white rain. The children were all looking at the snow with interest.
