

LOCAL MATTERS:

The subscription price of THE TIMES is \$1. per annum in advance or at any time within the current year; if not paid within the year \$1.50 will be invariably charged, as always heretofore, and from this rule no exception will be made.

TO ADVERTISERS.—THE TIMES having a larger circulation than any other paper among the intelligent farmers and business men of Charles County, offers superior inducements to advertisers to insert their advertisements in its columns. Send for card rates, which are as low as any other paper in Southern Maryland, to say nothing about circulation.

Baltimore Leaf Tobacco Association. The Leaf Tobacco Trade of Baltimore, Md., has formed an Association in which all are members. The following constitute the Board of Directors: T. C. Price, W. H. Moore, C. A. Carter, H. L. Luns, E. E. Weack, Geo. R. Mearns, G. W. Darsey, Jas. Dawkins, J. L. Rawlings, R. O. Mullickin and C. W. Owens. The first four are, respectively, President, Vice-President, Secretary and Treasurer.

Allowing Liquids to be Sent by Mail. The Postmaster-General has, in compliance with petitions signed by large numbers of business men in numerous cities, amended the postal laws and regulations so as to permit the transmission through the mails within the United States and Territories of liquids not liable to explosion or combustion, such as kerosene, soft soap, pastes or confections, essences, salves and articles of similar consistency, under certain conditions insuring safety to other mail matter in transmission.

Laws of the State. A Washington correspondent with a turn for statistics has discovered that of the seventy-eight senators fourteen chew tobacco, and fifty-eight use it in one form or another, while of the 225 members of the House only a few abstain wholly from tobacco. Over half of the Southern members both smoke and chew. In the Senate those who chew tobacco are Beck, Call, Edmunds, Fair, George, Harris, Hearst, Jones of Florida, Logan, M'Pherson, Merris, Saulsbury, Vance, Voorhes, Whitthorne and Wilson of Maryland. Nearly all of them smoke also. Mr. Wilson uses snuff, as does "the patriarch" Brown, of Georgia.

Another Postal Convention. The new stamped letter-sheet soon to be issued by the Postoffice Department promises to be a great convenience to the public. It is a letter-sheet and envelope combined, a perforated line running around the sheet, with the narrow spaces outside overpunched with multiple, so that the sheet may be folded and mailed, or used as an envelope when ready for use. The sheet is made of a heavy paper, and will be put on sale soon at some of the leading postoffices throughout the country. As it can be produced at a very low figure, and affords the same security that an envelope does, it is expected to take the place, to a considerable extent, of the postal card.

New Western Wheat. The first receipts of new Western wheat came from southern Indiana on Saturday, consigned to Messrs. Gill & Fisher. The cargo consisted of No. 2 red winter wheat, and is reported by Gill & Fisher to be of the best quality in excellent condition and of fair quality. The receipts of Southern wheat on Saturday were larger than any day this season. The market was well sustained. Harvesting is progressing favorably, and with no setbacks on account of weather, the receipts are expected to continue increasing right along. The market for Western wheat was firmer Saturday, on the strength of the government crop reports showing a decrease in the estimate for the spring wheat crop.—Sun.

Please Send Us the News. In these long summer days there are many idle moments which our friends in the various sections of the county might put to account by making notes of the current events in their neighborhood and sending them to us. Mid-summer is a dull time in all newspaper offices, and editors are more inclined than at other seasons to desire to have the Times especially interesting to our local readers and to fill its columns with matter pertaining to Charles County affairs particularly. To do this we must in a great measure rely on the kind and generous contributions of our friends. Please send us then all the news of your neighborhood—accidents—social events—conditions of crops—anything. Write only on one side of the paper and send your name.

The Wheat Crop of the World. The Department of Agriculture estimates the total product of wheat throughout the world in 1885 at 110,000,000 bushels, and the total consumption 125,000,000 bushels, so that there would be a deficiency of 15,000,000 bushels. The effect of this deficiency would be that there would be a surplus remaining over from the year before of 125,000,000 bushels, so that there remains, after supplying the deficiency of 1885, an excess above all demands of 70,000,000 bushels. The department estimates that the wheat in the United States may be 104,000,000 bushels against 152,000,000 bushels in 1885; that the crop of the United States promises fully 100,000,000 bushels more than the harvest of 1885. The estimated acreage of winter wheat now growing is 24,722,087, spring wheat 11,800,000; total 36,522,087.

The Blackberry Season. The season for blackberries is at its height, and the markets are filled with this popular fruit. It sometimes seems strange that there should be such an immense demand for a product that was once allowed to go to waste. In the cities now it finds its way upon everybody's table, and the rich and poor alike welcome its coming. It is perhaps the most popular of all the small fruits, for it is not only wholesome but it is said to possess medicinal properties that are beneficial during the hot summer weather. The local supply here is abundant generally, and the fields and the waste places are filled with berries of people of all ages who ply for a few weeks a profitable business supplying the traders who carry the fruit to the city markets. This is always a happy season, therefore, for all who had in the blackberry a source of revenue, and the tingling of the coins that will change hands in the bartering will make many a young heart glad.

Great Heat of Men and Boys Clothing. It sometimes happens that enterprising hours manufacture too much stock, and then comes the public's great opportunity. This is the case with Oehm & Son, the Baltimore Clothiers, Pratt and Hanover street, and they are advertising a great mark down of all stock to less than one-half the price similar goods are sold for elsewhere. In addition to this for a short time the Genuine Improved Waterbury Watch is presented gratis with each purchase of \$12.00 or over. Intending purchasers are advised to make an early call as the saving offered on one purchase will repay the cost of a long railway fare.

Local Brevities.

The teachers will be paid for their spring quarter today. The intermediate July term of Court will begin next Monday. The peach crop is maturing rapidly and will soon be ready for consumption. The Times office is now undergoing needed repairs. Persons visiting us will please enter by the back door. Mr. Wm. H. Wade still continues closely confined by sickness at the residence of his father, Capt. Richard Wade.

Dr. Henley's Celery, Leaf and Iron is a remedy every farmer should keep on hand, as it is invaluable for many diseases. All druggists sell it. The weather for a portion of this week felt as if Devoe had proven a true prophet. Monday was decidedly coolish though we had no severe storm.

It is now in order for our farmers to prepare about their wheat yield. Nanjemo turned out one yield of 22 bushels but Cobb Neck an ahead with 35. Misses Jennie and Louise Stone and Mrs. G. R. Brown, left yesterday for Atlantic City where they will enjoy for a week or more the "sea-breeze wave."

All tax collectors who are in arrears to the State will be sued at the approaching term of court, under instructions from the Comptroller to the State's Attorney. The Richmond grain exchange cautions Virginia farmers not to thrash their wheat until it is thoroughly dry. Would not this be good advice for our farmers to also follow?

An election was held in Port Tobacco on Monday evening last to elect a town commissioner to fill a vacancy in the board. Mr. Thomas T. Owen was elected to the position. Our town fathers have awakened to the fact that the sanitary condition of our town needs looking after and some necessary ditching to carry off surplus water has been done this week. Let the good work go on.

Mr. B. A. Clements will shortly give up the management of the Centennial House by reference to the advertisement elsewhere it will be seen that a public sale of personal effects of the Hotel will be held on Tuesday, the 27th inst. The county levy for this year will appear in our columns in a couple of weeks as the clerk is now preparing it for publication. The rate of taxation as finally made up from the levy is \$1.04, and not \$1.05, as we stated a few weeks ago.

A letter from the wrecked steamship Oregon was received at the postoffice here Monday. The letter was yellow and water-sogged and bore unmistakable evidences of its immersion. It was for an English boy living on the farm of John H. Mott, of Sea.

Mr. G. A. Fowke, of Arlington, Baltimore county, has been visiting his friends and relations here during the past week. Gus is looking quite healthy and reports that the farmers of Baltimore county are well and the crops are completing their growth as hard as we of Southern Maryland.

The delegation of teachers from this county who attended the meeting of the State Teachers Association last week at the Blue Mountain House, have all returned home. They all express themselves as being highly delighted with the trip. The meeting is said to have been one of the most successful the association has held.

The game of base ball on Saturday between Brentland and Port Tobacco resulted in a defeat for the Port Tobacco side. This was a great victory for Brentland as it is the first time Port Tobacco has been defeated by a Charles County nine, and the second defeat in this form in a colored organization. The result was owing to the crippled condition of catcher Hyde's hands.

The work of strengthening that portion of the Southern Maryland railroad over which the trains are now running has been carried for time past preparatory to bringing over it the iron rails to complete the road. A force of 40 men are now at work near Mechanicsville, and it is said that the prospect of completing the road in the near future is a hard reality and not a mythical delusion.

Rev. G. F. Williams gave notice on Sunday that Bishop Paret had given him \$500 towards remodeling the old Ferguson building in this town in a colored Episcopal church. It will be remembered that Judge Magruder recently purchased the building and made a gift of it to the vestry of this parish to be used for this purpose. A. J. other contributions to the end will be thankfully received by the Rev. minister.

Jerome Kuhn, who is charged with assaulting and cutting Wallace Owings in Baltimore, on June 24, with intent to kill, was on Saturday released in \$2,000 security for court. His counsel, ex-Gov. Wm. Plankney Whyte, waived an examination. The bondsman was Mr. Timothy Jordan.

Mr. W. C. Shaw, of White Plains, sends us quite a lengthy article denouncing a report which he says is current in that neighborhood, of his intention to abandon the Catholic religion to which he was recently converted. Mr. Shaw denies quite strenuously the report and concludes his letter as follows: "I would very frankly assure all my old Protestant friends or foes, who have taken the pains to circulate a palpable falsehood concerning me, that I have no intention whatsoever, not a shadow—to leave the Catholic Church and to unite myself with any other denomination. Remember that!"

A Watch for Nothing. This seems an absurd assertion to make but it is absolutely true—one of the Baltimore Clothiers has made an arrangement with the Waterbury Watch Company, which enables them to present, for a short time, the latest improvement in steam-winding watches gratis to each purchaser to the amount of \$12.00 or over. We allude to Oehm & Son the well known Clothiers for men and boys, Pratt and Hanover streets, whose clothing is well known to most of our readers.

When Baby was Sick, we gave her Castoria, When she was a Child, we gave her Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.

A Wise Reform. The habit of administering opium in powder form, as an anodyne to male and female patients, was once d. generally common. Happily this practice has undergone a wise reform. Not only the public, but professional men have adopted, not wholly of course, but largely, Hostetter's Stomach Bitters as a safe, reliable substitute for the pernicious alkaloids. The consequence of this change are most important. Now fewer and aged sufferers are cured—formerly their complaints were only for the time relieved, or half cured—the remedy eventually failing to produce any appreciable effect, except the doses were increased. A course of the Bitters, persistently followed, breaks up the worst attacks and prevents their return. The evidence in favor of this sterling specific and household medicine is of no ambiguous character, but positive and satisfactory, and the sources whence it proceeds are very numerous.

TO INTRODUCE CLOTHING

To New Customers we shall present for a short time a genuine Steam-winding WATERBURY WATCH, to every Cash Purchaser of \$12.00 or upwards, the watch is presented free gratis, the watch is warranted by the Manufacturers. The Clothing for Men and Boys, is guaranteed cheaper than similar Goods can be purchased for elsewhere. Nobody pays an extra cent for Clothing on account of the Watch. Prices are the same with the Watch, or without. Everybody who has bought our Clothing, knows its reliability and general excellence and most people are posted as to the merits of the Waterbury Watch. As we shall present this Souvenir only for a short time, an early call is an absolute necessity.

Our town fathers have awakened to the fact that the sanitary condition of our town needs looking after and some necessary ditching to carry off surplus water has been done this week. Let the good work go on.

Mr. B. A. Clements will shortly give up the management of the Centennial House by reference to the advertisement elsewhere it will be seen that a public sale of personal effects of the Hotel will be held on Tuesday, the 27th inst.
