The subscription price of THE TIMES is \$1. per annum if paid in advance or at any time within the current year; if not paid within the year \$1.50 will be invariably charged, as always heretofore, and from this rule no exception will be made.

TO ADVERTISERS:—The Times having a large circulation than any other paper among the intelligent farmers and business men of Charles County, offers superior inducements to advertisers to insert their announcements in its columns. Send for card rates, which are as low as any other paper in Southern Maryland, to any nothing about circulation.

River Items. The ice in the river has almost entirely disappeared since Saturday and the river is again open to navigation, to sailing vessels as well as to steamers. The disappearance of the ice was as sudden as was almost ever known. On Saturday morning, when the ice Temple in this city for Quantico the river was frozen from shore to shore. Yesterday morning there had been a general break up and the ice which was drifting with the tide, was soft and offered no resistance, and to day there is hardly any ice to be seen. A number of boats left here yesterday in tow for the lower river, and last night the Temple returned with several others which had been detained below by the ice. Only the ferry steamers have yet resumed their trips but others, it is thought, will commence running in a short time.—Alec. G. Smith of Turley.

A Good Appointment. On Thursday last week Governor Lloyd appointed Dr. Alexander D. Coker, our well known dentist, a member of the Board of School Commissioners vice Wm. H. Gray, resigned. In the selection of Dr. Coker for this position the Governor has given an excellent commissioner and the board a valuable addition to their number. All who know Dr. Coker, and few gentlemen in the county are better known, will be satisfied that our public school matters can be safely intrusted in his hands and that all duties required of him in his new position will be impartially and conscientiously performed. The doctor will, we learn, accept the trust and will take his seat as a member of the board at their next meeting. We presume that it was generally thought that the vacancy should be filled by some one identified with the interests of the western section of our county, and we think all will agree that the choice has fallen on the right man.

New Commission House. Among our advertisements of this issue we call attention to the new firm of Eklele Bros, Commissioners Merchants, No. 8 West Calver St., Baltimore, Md. The firm is composed of Wm. J. Eklele and Albert Eklele, his brother; both of whom are already well known to many citizens of this county; the former as a member of the prosperous and successful Commission House of Dudley & Carpenter and the latter as a salesman of the well known dry goods house of Hart, Parnell & Co. The senior member of the new firm Mr. W. J. Eklele, will be known also to the members of the old Maryland Industry, G. W. A., as a member of the firm, and Capt. William Murray. We take pleasure in calling the attention of our farmers to the advertisement of the new firm, the senior member of which has had a long and successful experience in the commission business.

Weather Reports. We have not much confidence in weather prophecies or prophecies as a general thing, except in the Signal Service Bureau whose predictions for several days in advance are generally remarkably correct.

And yet in the early part of November last a prophet came whose name was "Venor," but which we have forgotten, whose prediction thus far for the winter has turned out so truly that we give them for what they are, and he predicted generally mild weather until the approach of Christmas when the cold would be extremely severe and constant. From the middle of January to the end of February, there would be much wind and storms of rain toward the latter part of February, with but few cold days in March.

An early spring, also predicted with the prospect of very high waters and probable damage arising therefrom in the latter part of February. We hope that the latter part of this prediction may not turn out as true as the first.

Will Not Appeal. While the trial of Biscoe, for the murder of Capt. Dixon, was in progress during the forenoon of Tuesday, the counsel for the defense, Mr. J. H. Swann, made a motion for a verdict of acquittal on the ground that the evidence was insufficient to sustain the charge. The court, after a brief deliberation, refused to grant the motion, and the trial proceeded.

Next Wednesday in ground hog day. Miss May Mitchell left home on Wednesday for an extended visit to friends in Virginia.

The board of county commissioners will meet again on Tuesday, February 28th, for the transaction of general business.

Our town was quite well filled on Tuesday though but little news of interest could be gathered for our local columns.

The county commissioners on Tuesday appointed Jos. N. Hayden, candidate for the 5th district, vice A. J. Swann, resigned.

Quintolen.—The great Malaria, Fever and Ague Remedy, Reliable, Safe and Efficient. Price 40 cents per bottle. For sale by all Druggists.

We learn that the steamer Workfield made a trip down the river on Wednesday and it is thought that all the river boats will soon be on their customary routes.

The board of school commissioners met on Tuesday, when the bond of the new secretary and examiner, Mr. F. J. Maddox, was approved and he was finally inducted into office.

The many friends of Mr. P. H. Maschette in the county will regret to learn that he is closely confined to his room in Baltimore with another attack of acute rheumatism.

Under the influence of the warm weather of the past week some of our roads have become soft and disagreeable to travel. In the main, however, the roads throughout the county are passing.

Local Postal Notes:

We mentioned in the Times some time ago that an effort was being made by the citizens of Nanjemoy to have their section connected by daily mail with Port Tobacco, instead of tri-weekly as has heretofore been the case. Their efforts in this direction with the active cooperation of our able representative, Hon. Barnes Compton, have at length been successful, and on Monday last the postmistress here received notice from the department at Washington that the route from Port Tobacco to Nanjemoy had been increased to a service of six times a week. The mail leaves Danvers at 7 o'clock, a. m., and making the circuit of offices in that section is supposed to reach here in time for the outgoing mail at noon, and receiving the mail here returns with it to the same offices each afternoon. Mr. Thomas H. Carpenter has the contract on the route. This will doubtless be a great advantage to the citizens of Nanjemoy though we think the contractor will have considerable difficulty in making the connection while the roads are in a heavy condition.

On a matter of much interest to our people, mention of which has also been made in these columns, the postmistress also received on Monday the following letter, which explains itself:

POST OFFICE DEPARTMENT, Office of Sup't. of Money Order System, Washington, D. C. Jan. 20, 1887. MADAM:—I have to acknowledge the receipt, by the Department, of a petition, signed by yourself and others, for the establishment of the money order business at your postoffice. In reply, using the occasion to state that additions to the number of money order offices in operation are made, once and only once, in each year, and to inform you that the question of the expediency of establishing the money order business at your office will be considered in connection with the preparation of the list of additional money order offices to be put in operation on about the 1st of July, the commencement of the next fiscal year. Very respectfully, C. F. MAUDSLOP, Superintendent.

A postoffice was on Tuesday established at Messrs. Branner & Barnes's store, about three miles from Port Tobacco, by the name of Conchil, with Mr. Wm. M. Barnes as postmaster. This is but another evidence of the good work our representative is endeavoring to do for us.

Commissioners Meeting. The board of county commissioners met at their office here on Tuesday pursuant to adjournment, with full board, and with the exception of Mr. Burroughs, who is out of the county, in attendance. Soon after the organization, the board proceeded to the matter for which they were called together—to take in all outstanding 6 per cent. bonds against the county and issue the refunding loan at 5 per cent. All who had purchased these bonds at the meeting on the 11th proximo, were in attendance prepared to take the same at the 5 per cent. bonds were released with the exception of the one held by Mrs. M. C. Perry for \$1,000, which was not presented for payment. The new coupon bonds representing the refunding loan were a fine piece of work, and in appearance more fully represented their value than the old writing paper bonds which the county has heretofore issued. Both the commissioners and the purchasers of the bonds expressed themselves well pleased with the execution of the work and much gratified at the assurance both given and saved by having the coupons attached. As heretofore stated the bonds were issued in denominations of \$1,000, \$500 and \$100 and each 6 months of interest for the time they run was attached. The board authorized the clerk to pay to Montevue Hospital, at Frederick, \$1,000 on account of the issue of bonds of the county, and \$500 each to St. Joseph's Hospital and the Maryland Hospital for the insane for the same purpose. But little other business was transacted and the board finally adjourned until Tuesday, February 28th.

A Picnic for the Economical. The chance of getting strictly first-class clothing at a low price for the same price will pay to buy them for next season's use at Oehm & Son, stirring and satisfactory clothing, Brass & Hosiery stores, Baltimore. Don't miss this opportunity.

Our military drilled with their rifles on last Friday and the boys acquitted them selves very well, some of them handling the guns like old veterans. They will go through the same evolutions to-morrow at 10 o'clock.

We regret very much to learn that the condition of Mr. E. V. Weems, whose serious illness we have from time to time reported, is growing more and more precarious, but little hope is entertained of his recovery.

Mr. Wm. McK. Burroughs left the county on Friday last for a visit to his brother, B. R. Burroughs, Esq., at Edwardsville, Illinois. We have not learned how long Mr. Burroughs is expected to be absent, but wish him but a happy and safe return. That his visit will be pleasant and agreeable we have but little doubt.

An Indian boy wanted to hang himself after seven school girls had kissed him. He didn't, "all the same," for he found the dreadful feeling was caused by a cold which was speedily cured by the immediate use of Dr. Bull's Cough Syrup, which is known far and wide as a great remedy for coughs and colds.

A little child of Mr. and Mrs. Wm. P. Jameson, about three years old, died of croup quite suddenly on the early hour of Wednesday morning last. The child was staying at the home of its aunt, Mrs. Jno. T. Davis, and neither of its parents were with it at the time of its death, which makes its loss doubly severe to them.

Last Monday was a fickle kind of a day, we first had a little rain, then a little hail, then a small sized snow storm and finally the sun came out bright and warm in almost perfect blue sky. And all this change with a few short hours. Since Gen. Hazen died we suppose there is no one to take care of the weather, hence he owed this "boxing of the compass."

Mr. William J. Eklele has retired as a member of the commission firm of Dudley & Carpenter, the time for which the partnership was limited having expired December 31st, 1886. The business, however, will be still conducted at the old stand by the surviving members, Messrs. Hiram G. Dudley and J. Walter Carpenter, under the same name of Dudley & Carpenter.

Premium Notes of the Mutual Fire Insurance Co. of Montgomery Co. Editors of the Times: A good deal has been said lately about the plan of giving premium notes, regularly by our mutual fire insurance company. I thought a few lines might be of interest to your readers.

The notes read as follows: "I promise to pay to the order of the company, or to the order of the holder, the sum of \$1,000, in such portions and at such time or times as the directors of the company may, agree, by their Act of Incorporation, require." Looking at the 2nd section of the Act of Incorporation, we find that the notes are to be used for the purpose of paying losses by fire and sailing etc.

It has been stated that our directors can deposit the full value of the notes three hundred times in one year if they have occasion to; a statement which has no foundation in truth, as one such assessment would bring each of our hundred thousand dollars and fifteen such assessments would pay every risk we possess and leave eight hundred and ninety thousand dollars in our treasury for the next year. Our average yearly losses (taking the last four years) is \$34,700, but supposing by the most extraordinary combination of circumstances they should reach one hundred thousand dollars, an assessment of 1/2 per cent. would more than meet it, but we do not reserve for, but as we have, there could be no assessment, because it is more than ample to meet every extraordinary loss. I believe it is impossible for our losses to reach one hundred thousand dollars in any one year, or even \$50,000 in one risk. A circle of 50 yards diameter, taking its point at a center, and only a very limited amount in any town or village. Our losses in Upper Marlboro' only amounted to \$2,000, and we do not insure outside the city limits of Baltimore city and within the city limits of Washington or Georgetown, and never out of the State, except in the District of Columbia. Our business has been incorporated 20 years, and we have never assessed a premium note yet. Our annual income of 4 per cent. on our assets, our premium notes now amounting to \$47,500, from investments amounting to \$50,000. The annual expenses of managing the company are only about \$500, leaving a surplus of \$47,000 to be used for the next year. The amount available to meet fire loss now amounts to nearly a hundred and sixty thousand dollars. This means we can exhaust before a premium note can be assessed, so that any difficulty arising from having given a note to the Mutual Fire Insurance Company of Montgomery county is more imaginary than real. IN MEMORIAM. To one who knew and loved the late Mrs. Eleanor Lincoln has been awarded the great duty of paying to her memory that tribute of respect and affection which it is well deserved. She was a woman of marked individuality and force of character and gifted with a peculiar clearness and breadth of intelligence which rendered her judgment most valuable and reliable. Her husband had been married to her for nearly 40 years and she was the mother of five children. Her death was sudden and unexpected, but she had been long and severely afflicted with a disease which rendered her life a constant struggle. Her death was a great loss to her family and to the community. She was a woman of high character and noble mind, and her memory will be long and fondly remembered. SAM. R. NEAVE, Agent.

ORDER OF PUBLICATION. In the Circuit Court for Charles County, sitting in Equity.

No. 681 Equity Docket. BENJAMIN D. TUBMAN, Plaintiff, vs. PETERA EVERETT & AELIA E. EVERETT, his wife, Defendants.

THE object of this suit is to obtain a decree for the sale of certain real estate situated in Charles County, Maryland, which was mortgaged to the said Benjamin D. Tubman by the said Peter D. Everett and Aelia E. Everett, his wife. The bill states that on the 13th day of November, A. D. 1883, the said Peter D. Everett and Aelia E. Everett, his wife, executed to the said Benjamin D. Tubman a mortgage on certain real estate therein described, and owing to the said Benjamin D. Tubman the sum of \$200.00, which was then due and owing to the said Benjamin D. Tubman by the said Peter D. Everett and Aelia E. Everett, his wife; that as part of the said mortgage the said Peter D. Everett and Aelia E. Everett, his wife, agreed to pay to the said Benjamin D. Tubman the interest accrued thereon as provided in the mortgage, and that both of the said defendants are non-residents of the State of Maryland.

It is therefore, this 22nd day of December, A. D. 1886, ordered by the Circuit Court for Charles County, sitting as a Court of Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in Charles County, once a week, for four successive weeks before the 1st day of February, A. D. 1887, give notice to the absent defendant, Peter D. Everett, and Aelia E. Everett, his wife, to appear in this Court in person, or by attorney, on or before the 1st day of February, A. D. 1887, to show cause, if any they have, why a decree should not pass as prayed. True copy: J. SAM. TRAVIS, Clerk of the Circuit Court for Charles County. Test: J. SAM. TRAVIS, Clerk.
