The subscription price of THE TIMES is \$1. per annum if paid in advance or at any time within the current year; if not paid within the year \$1.50 will be invariably charged, & always hereafter, and from this rule no exception will be made.

ADVERTISERS.—THE TIMES having a large circulation than any other paper among the intelligent farmers and business men of Charles County, offers superior inducements to advertisers to insert their announcements in its columns.

Divine Service.—Rev. James E. Poindexter, the rector in charge of this parish, requests us to give notice to his congregations that Lenten services will be held at St. Paul's Chapel (Play) on every Wednesday during the present season at 8 o'clock, p. m., and at Christ Church, Port Tobacco, on every Friday during the same time at 11 o'clock, a. m.

The Movable Feast.—The difference in the date on which the "movable feasts" occur year by year, is an interesting study. They are regulated by the time of the first full moon after the vernal equinox, and vary nearly a month.

The Fishing Season.—Preparations for the fishing season on the Potomac have now begun at Alexandria. Some of the fishermen are now sending crews to the fishing landings below. J. Bellinger's crew are now at the Gans making arrangements to dip their seines, and renewals and repairs are being made at other shores.

Gen. Chapman Goes Out.—As intimated in our last issue the Senate having failed to confirm Gen. Chapman as collector of internal revenue, he was notified by the Treasury Department at Washington on Monday afternoon that he could no longer continue to act as collector but would be compelled to vacate the office at once.

Regulations for Lent.—The following regulations for Lent have been issued by His Eminence Cardinal Gibbons and will be observed by all the faithful throughout the penitential season.

Local Brevities

Next Monday, March 11th, is the anniversary of the memorable battle that struck us in 1888. We hope it will not be repeated, either then or hereafter.

We all have our preferences; but no one prefers to hear a crying baby when the fact is so well known that Dr. Bull's Baby Syrup would at once quiet it.

Mr. Robertson says we erred last week in reporting the number of eggs he has shipped from La Plata. He says the number should have been 1830 dozen instead of 1100, as we reported it.

The Richmond Feather Renovating company are now at work in our country. They come well recommended and as their work is one of cleanliness they should be liberally patronized by our people.

We regret to learn of the serious illness of Mrs. Wm. M. Barrow, who has been confined to her bed for the past ten days with a severe attack of pneumonia. We hope she may soon recover by usual health.

It is the slight cold frequently contracted that finally undermines the system. Use Dr. Bull's Cough Syrup in the beginning stages, and be cured.

Clergymen, lawyers, public speakers, singers, and actors, all recognize the virtues of Ayer's Cherry Pectoral. One of our most eminent public men says: "It is the best remedy that can be procured for all affections of the vocal organs, throat, and lungs."

We hope our readers will bear with us this week. The ducking we received at the inauguration about past us through, and we are absolutely physically unable to give the proper attention to our duties.

We regret to learn of the death of the wife of our old friend and fellow townsman, J. Clarke Lacy, which occurred at her home in Sattara, Mississippi, on Tuesday last week of pneumonia after a brief illness.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Ringworm, Itch, and all other eruptions of the skin. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by W. W. Padgett.

The oppressed subjects of European governments turn to this country for free homes, freedom, and for the free use of Salvation Oil for their pains.

A story is going the rounds of the Maryland newspapers on Congressman Frank T. Stone, of the second district. It is said that lately he was very busy with his private correspondence when a colored waiter of the hotel timidly made his appearance and asked the Congressman if he would be so kind as to write him a letter to a girl in Charles county. Dr. Shaw said he would and at once went to work, turning out a first class love-letter in a very few minutes.

As provided for by a joint resolution of the last General Assembly of Maryland, Governor Jackson has issued a proclamation designating Wednesday, April 10, as Arbor Day. The Governor recommends that the day be devoted by people throughout the State to the planting of fruit trees, and that parents and school teachers encourage children to plant or transplant at least one tree each on the public highway or around their home or school house. Many States have reserved Arbor Day for several years, and with beneficial results, the disappearance of furs to some extent receiving compensation in the growth of trees along the public roads.

To Assist Nature In restoring diseased or wasted tissue in all that any medicine can do. In pulmonary affections, such as Croup, Bronchitis, Consumption, the mucous membrane first becomes inflamed, then accumulations form in the air-cells of the lungs, followed by tubercles, and finally, destruction of the tissue. It is plain, therefore, that, until the hacking cough is relieved, the bronchial tubes can have no opportunity to heal.

Ayer's Cherry Pectoral. The inflamed membrane, arrests the wasting process, and leaves no injurious results. This is why it is more highly esteemed than any other pulmonary specific.

Dr. D. Bixby, of Bartonville, Vt., writes: "Four years ago I took a severe cold, which was followed by a terrible cough. I was very sick, and confined to my bed about four months. My physician finally said I was in consumption, and that he could not help me. One of my neighbors advised me to try Ayer's Cherry Pectoral. I did so, and before I had taken half a bottle was able to go out. By the time I had finished the bottle I was well, and had remained so ever since."

Alonso F. Daggott, of Smyrna Mills, Me., writes: "Six years ago, I was a traveling salesman, and at that time was suffering with Lung Trouble. For months I was unable to rest nights. I could seldom lie down, had frequent choking spells, and was often compelled to seek the open air for relief. I was induced to try Ayer's Cherry Pectoral, which helped me. Its continued use has entirely cured me, and I believe, saved my life."
