severely injured.

Mr. B. H. Padgett, formerly of this county, but recently employed as shipping clerk in a large fruit establishment in Baltimore city, met with quite a serious accident on Wednesday of last week.

While engaged in marking some goods he was caught under the elevator, which crashed him to the floor, breaking three ribs and otherwise injuring him very severely.

He was taken to his home where his wounds were dressed by his physician, who pronounced his case very serious, though not fatal.

Later reports say he is doing well and likely to recover.

French Contract for Maryland Tobacco.

The French contract for North American tobacco was adjudicated by the "Regie" in Paris last week.

The contract for about 6,000 hogsheads of Maryland tobacco included in the adjudication was awarded to Hoffman & Co., Paris.

The Baltimore correspondents of this firm are Messrs. Gay & Wilkins, who will buy the tobacco in the Baltimore market.

Owing to the scarcity of the present tobacco crop it is said by tobacco dealers that the contract was given at an advance of two cents per pound over previous prices.

This is encouraging to our farmers and there is a probability that better prices for their crops will be obtained.

The Baltimore and Potomac Railroad.

The stockholders of the Baltimore and Potomac Railroad at their annual meeting last week elected the following officers and directors for the ensuing year:

Oden Bowie, president; Frank Thomson, vice-president; John S. Leib, treasurer; James P. Kerr, secretary; Frank Thomson, George Small, W. T. Walters, B. F. Newcomer, E. J. Henkle, Samuel Cox, Jr., and R. D. Barclay, directors.

The following was given as the earnings and expenses for the year 1899: Gross earnings, \$1,633,738.47; increase, \$34,006.96, or 2.15 per cent; expenses, \$1,260,431.92; increase, \$39,880.14, or 22.43 per cent; net earnings, \$373,306.55; decrease, \$136,379.18, or 36.74 per cent.

Eloped With a Maid.

An elopement of a white woman, the wife of Thomas Knott, with a mulatto man named Richard Swann is reported from Allen's Fresh neighborhood.

Both Knott and Swann were members of the "Bomber Hill" farm, belonging to Major W. M. Matthews, near "The Oaks," and it is said that recently Mr. Knott became aware of improper relations existing between his wife and his colored neighbor.

Swann, when he found that he had been discovered, left immediately for Washington, whether he was followed by Mrs. Knott on Monday, and they are said to be now living together in that city.

Thompson left a wife and several children and Mr. Knott's unfaithful wife left him to take care of several small children.

Thomas Knott came here from St. Mary's county some years ago, and has been engaged in farming.

The Lanier Society.

The Lanier Literary Society held its regular meeting on Saturday, June 7th, 1890, at Port Tobacco, Miss Ellen Worthington, Vice-President, in the chair.

Miss Murphy recited, in an effective manner, a touching selection entitled, "McLane's Child."

The question, "Does wealth tend to exalt the human character?" was well contested by Miss Mary Barber, in the affirmative, and Miss Juliet W. Hargraves, in the negative.

and decided in favor of the negative. The election of a President, to fill the vacancy caused by the resignation of H. H. Boswell, was deferred until the regular election for officers, which is near at hand.

The following programme was arranged for the next meeting: Recitation by Miss Belle Matthews and Katie Digges. The subject for debate will be: "Which has the greater influence, Love or Money?" which will be argued by Miss Adele Brent and Mr. Walter Cox, in the affirmative, and Miss Eliza Barber and W. P. Hawkins in the negative.

A motion was made to adjourn the society for the summer. This was acted upon at the next meeting. A full attendance is desired as the wishes of all may be consulted in the matter. The next meeting will be on Saturday the 21st inst., at the usual hour.

A Long Drought Predicted.

In closing his predictions for June, Rev. Ira H. Hicks, the now famous weather prophet says: "The last period for the month will be from about the 26th to 30th, with danger days on the 27th, 28th and 29th. The period is central on the 27th. June is the closing month of the Jovian period, as indicated by red figures on our tabulated chart, printed in 1894.

Notwithstanding a Venus disturbance is central on July 10th, and will lap with that of Mars the last of June, we expect after the close of June rains to be general, and will continue for several years and which will grow to be as marked, in consequence of droughts, as that which is just closing has been by its storms and floods.

It is greatly to be hoped that the public will give that attention to the general subject which its importance would seem to demand. If we have miscalculated, our mistake will only be the more apparent; if we are correct, who can measure the good that might result from timely adjustments to changed conditions.

Death of Mr. E. Noble Stonestreet.

Mr. E. Noble Stonestreet, formerly a well known resident of this county, but for the past year residing at Port Washington, Prince George's county, and a highly respected and industrious farmer, died at the Garfield Hospital, Washington, D. C., on Monday last, of a disease which had afflicted him for some time past.

His death was not unexpected to his many friends and relations in this county. He was a son of the late Noble Stonestreet and was, up to the time of his death, the only one of his immediate family living.

He was an earnest and consistent member of the Catholic Church, and an honest, upright and high-toned citizen.

Mr. Stonestreet leaves two daughters, both married, and three sons, all grown to manhood.

His remains were brought down on the steamer "Crocus" on Wednesday and the interment was at St. Thomas's Church beside his wife, who predeceased him to the grade twenty-five years ago.

His remains were borne to their last resting place by B. G. Stonestreet, J. Harris Stonestreet, J. Sellman, Thos. M. Welch, Thos. T. Owen and A. W. Neale.

Alliance Congressional Convention.

We clip the following from the Marlboro' Gazette of Wednesday:

"There was a meeting here on Wednesday of delegates from each County Farmers' Alliance in this Congressional District, for the purpose of submitting certain demands of the Farmers' National Union and Industrial Union to the aspirants for Congressional nominations of both the Democratic and Republican parties.

The replies of these aspirants will be submitted to the Alliance next week to the meeting of the convention of either party, when further action will be taken.

"Every county in the Congressional district sent delegates; the meeting was held in the Court House with closed doors; Mr. Hugh Mitchell, President, presided, and the following resolutions were passed:

"Resolved, That this Convention endorse the demands of the National Alliance and Industrial Union, passed at the Alliance convention, and that we submit said demands to each aspirant for Congressional nomination of the respective parties in this Congressional district, and that the replies of these aspirants be reported to a future meeting of this Convention to be held in Upper Marlboro' on the first Wednesday in July next.

"Resolved, That a committee of one from each county of the Fifth Congressional district, together with the President of this Convention, be selected to carry the above resolutions into effect.

H. M. MITCHELL, President.

F. LOUIS GREIFER, Secretary.

The demands which are thus proposed to be submitted are as follows:

1st. The establishment of the Alliance "Sub-Treasury system."

2nd. The repeal of the restrictions upon the coinage of silver.

3rd. To protect trade against unlawful restraints and monopolies.

4th. To prevent by the most stringent legislation the selling of agricultural products on futures.

5th. To provide for the General Government taking control of and handling railroad transportation of freight, etc., as it now does of all mail matter.

Crows, Hawks and Owls.

By a notice published elsewhere, it will be seen that the county commissioners, in the exercise of the power conferred upon them by an act of assembly, have, by an order adopted at their recent session, repealed the bounty on the scalps of crows, hawks and owls.

We have not sufficient accurate information on this point as to express an opinion on the economy of this action on the part of our county fathers, nor have we heard a sufficient expression of opinion on the part of the farmers as to form an idea of how the measure will be regarded by them.

We believe there has heretofore been some division of opinion in the matter but the weight of opinion has always been favorable to the bounty. There are times when economy in the public expenditures are urgently demanded by the circumstances of the people, and we have no doubt that the commissioners were actuated by good motives in cutting off the small annual expenditure in this behalf.

There is another power in the same line of local economy, which was conferred on the county commissioners by the same act of assembly, viz: the taxation of dogs in the interest of sheep husbandry.

We believe there are petitions numerously signed by our farmers and citizens generally, opposing before the board, asking that the power be exercised by them. Our neighbor, the Independent, has also given its endorsement, which ought to have weight with the commissioners, to the measure; and we are led to hope, by the action of the commissioners in the above matter, that they will not much longer delay in taking the proper action in the dog tax matter, which is one of more ordinary importance.

Local Brevities

The Charles county crowd is now a free American citizen.

There will be a public examination of the students of Charlotte Hall School on 24th and 25th inst.

Harvesting is now in full operation. We have heard conflicting reports regarding the probable yield.

Messrs. Bryan and Rich, of the Baltimore bar, were on a visit to the family of ex-Judge Stone, during the past week.

The Rev. Mr. Joyce, of La Plata, has been quite sick for the past week with a severe attack of rheumatism, but is now improving.

The first new wheat of the season was sold in Baltimore on Wednesday. It was a lot of 98 bushels from Virginia and went at \$1.25 per bushel.

The mercury reached 90 degrees in Baltimore last Thursday, which is said to be extraordinary temperature for so early a period of summer.

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

Rev. J. E. Pondexter gave notice to his congregation last Sunday that he will, on next Sunday afternoon, hold divine service on the lawn at La Plata. The services will commence at 5 o'clock.

There has been much complaint among our farmers regarding the ravages of the joint worm in the corn in the Eastern Shore there are great complaints of the destructive army worm.

The festival held at La Plata on Thursday of last week for the benefit of the M. E. Church, South, at that place, passed off very pleasantly and was quite a success financially, about \$700 being realized.

The grocers and dealers in Baltimore city have advanced the price of different grades of sugar as follows: Yellow to 6 cents; 0 A to 6 cents; confectionary and granulated to 7; powdered and cut loaf to 8.

We acknowledge receipt of an invitation to attend the commencement exercises of the Western Maryland College which will take place on the 19th inst. Mr. Kennedy Robey, of this county, is among the graduates of this year.

Among the graduates of West Point Military Academy this year is Cadet Frank B. Keech, of this county, who was appointed by Hon. Barnes Compton. The Baltimore Sun correspondent, speaking of Cadet Keech, says: "Maryland representative, Frank B. Keech, is a fine looking young fellow who stands fully six feet tall, straight as the traditional ramrod, and well set up in proportion."

The law department of the University of Georgetown held its annual commencement at the National Theatre, Washington, on Monday evening last.

Messrs. George Brent and E. Gardiner Egle, of this county, took their degrees as Bachelors of Laws on that occasion.

While fishing with a stringer net off the mouth of the Potomac, about 15 miles below this city, on Friday night last, Capt. Frank Dixon caught a sea turtle which weighed 200 pounds, and which was said to be the largest of the kind ever brought to this city.

The turtle will be converted into soup. - Baltimore Gazette

Ex-Sheriff N. Wilson Simpson, who, for about two years past, has been a member of the police force of Baltimore city, was in the city on Tuesday, to long well as receiving the congratulations of his friends on the occasion of his wedding. He is pleased with his new station, but still retains a soft spot in his heart for old Charles and her good people.

Extension of Dining Car Service on the Pennsylvania Lines.

In these days of hurry and rapid transit the dining car has become an essential element of every through train. The Pennsylvania Railroad was the pioneer in the East of this branch of the service, and its dining cars have won a well-merited reputation among travelers.

In order to better provide for the comfort of its through passengers dining cars will, on and after June 16th, be added to the equipment of all through trains running over the lines west of Pittsburgh between the East and Cincinnati, Chicago, and St. Louis. The principal trains on the lines East of Pittsburgh are now equipped with these cars, and their addition to those of the Western territory will greatly enhance the comfort and convenience of the passengers.
