

**Stabler's Diarrhea Cordial**

Is a pleasant mixture, compounded in agreement with the rules of Pharmacy, of therapeutic agents, long known and celebrated for their peculiar efficacy in curing Diarrhea, and similar affections of the system. In its action, it always nausea and produces a healthy action of the Liver, thus removing the cause at the same time that it cures the disease.

Opinion of Doct. JOHN ADDISON, Physician to the Baltimore Southern Dispensary. Having made trial of your "Diarrhea Cordial," and being also acquainted with the ingredients of which it is composed, it gives me much pleasure in adding my testimony to that of others in favor of its extraordinary efficacy in the cure of "Diarrhea and Summer Complaint in children and adults."

With much respect, &c.  
JOHN ADDISON, M. D.

PRICE, 50 cts. a Bottle.

**STABLER'S ANODYNE CHERRY EXPECTORANT**

Is confidently recommended to invalids as unparalelled by any known preparation, for the cure of Coughs, Hoarseness, and other forms of Common Colds, Bronchitis, Asthma, Croup, Consumption in an early Stage, and for the Relief of the Patient even in advanced Stages of that Fatal Disease.

It combines, in a scientific manner, remedies of long estimated value, with others of more recent discovery, and besides its soothing and tonic qualities, acts through the skin gently and with great efficacy, for the cure of this class of diseases.

A number of the most respectable Physicians, to whom we communicated a knowledge of the constituents of these Medicines have been pleased to favor us with their opinions, (some of them in writing,) that they are the best remedies they have ever been acquainted with for the cure of the diseases for which they are recommended.

OPINION OF DR. SAMUEL B. MARTIN. One of the most experienced of the faculty in this City, and long celebrated for his successful practice.

GENTLEMEN—I have carefully examined the component parts of your Diarrhea Cordial, as well as your Anodyne Cherry Expectorant, and find that both valuable compounds, the doses are safe and consistent with medical practice, and I do not hesitate to recommend them.

Your friend &c.  
S. B. MARTIN, M. D.

Baltimore, June, 1851.

Certificate from Doct. JOHN ADDISON, physician to the Baltimore Southern Dispensary.

HAVING been made acquainted with the ingredients which enter into the composition of your "Anodyne Cherry Expectorant," and having also made trial of its virtues, I have no hesitation in recommending it to the confidence and patronage of the public, as a most valuable medicine in the treatment of the various diseases for which it is intended.

JOHN ADDISON M. D. We believe, as convincing evidence of the highly valuable properties of the above named medicines, to relate the several complaints and names of the persons of the most respectable Apothecaries and Pharmacies in the City of Baltimore, whom we have appointed our agents, and who have the several articles for sale.

The subscribers, Apothecaries and Pharmacists in the City of Baltimore, are satisfied that the preparations known as STABLER'S ANODYNE CHERRY EXPECTORANT and STABLER'S DIARRHEA CORDIAL, are medicines of great value, and very efficient for the relief and cure of the diseases for which they bear the evidence of skill and care in their preparation and style of putting up, and we take pleasure in recommending them to our customers.

**STABLER'S DR. CHAPMAN'S WORM MIXTURE**

Prepared from a Receipt used by DR. JOHN CHAPMAN, a member of the ROYAL COLLEGE OF SURGEONS OF LONDON. A Remedy more efficient than this is not known.

Many (perhaps half) of the diseases from which children suffer are occasioned by the presence of Worms in the system; and if neglected give rise to the most unaccountable and irritating fevers, violent pain, sickness at the stomach, emaciation and frequently vomiting.

This medicine is an efficient, safe and pleasant remedy for their extermination; it contains all the virtues of the most approved vermifuges, and although it has been used by many thousands, and has been known to fail in effecting a complete cure.

Extract from a letter received from S. S. FORTE, M. D., member of the Royal College of Surgeons, London.

To E. H. STABLER & Co. October 20th, 1851. Gentlemen—I send you the enclosed Receipt, which I hold of a few bottles of your Stabler's Dr. Chapman's Worm Mixture and used it in my practice with such unequalled success as induced me to send for 50 dozen.

I last month ordered, through the same gentleman, 100 dozen.

You can ship me 50 dozen every three months from date of receipt of this, and draw for the amount, &c. &c.

Numerous certificates of cures of the most aggravated cases of disease could be readily appended hereto, but we feel assured that they would add but little to the strong and respectable evidence here given by persons competent to judge of the medicinal agents.

**Another Scientific Wonder! GREAT CURE FOR DYSPEPSIA! DR. J. S. HOUGHTON'S**

**THE TRUE DIGESTIVE FLUID, OR, GASTRIC JUICE.**

PREPARED FROM RENNET, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Consumption, and Debility, curing after Nature's own method by Nature's own agent, the Gastric Juice.

Half a teaspoonful of Pepsin infused in water will digest or dissolve five pounds of meat beef in about two hours out of the stomach.

Pepsin is the chief element, or great digesting principle of the gastric juice—the solvent of the food, the purifying, preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the ox, thus forming an artificial digestive fluid, precisely like the natural gastric juice in its chemical powers and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspepsia, curing cases of Debility, emaciation, nervous decline, and dyspeptic consumption, supposed to be on the verge of the grave. The scientific evidence upon which it is based, is in the highest degree curious and remarkable.

Scientific Evidence!—Baron Liebig in his celebrated work on Animal Chemistry, says: "An artificial digestive fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested just in the same manner as they would be in the human stomach."

Call on the agent, and get a Descriptive Circular gratis, giving a large amount of scientific evidence, similar to the above, together with reports of remarkable cures, from all parts of the United States.

As a Dyspepsia curer, Dr. Houghton's Pepsin has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great nervous antitoxin, and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evils effects of Quinine, Mercury, and other drugs upon the digestive organs, after a long sickness. Also for excess in eating and the too free use of ardent spirits. It almost reconciles health with intemperance.

OLD STOMACH COMPLAINTS.—There is no to-morrow in the old Stomach Complaints, which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood, and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low cold state of the blood, heaviness, loss of spirits, despondency, emaciation, weakness, tendency to insanity, &c.

Dr. Houghton's Pepsin, is sold by nearly all the dealers in fine drugs and popular medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in prescription vials for the use of Physicians.

Private circulars for the use of Physicians, may be obtained of Dr. Houghton or his agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objections can be raised against its use by Physicians in respectable standing and regular practice. Price, ONE DOLLAR per bottle.

Observe this!—Every bottle of the genuine Pepsin bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copy-right and Trade Mark secured.

Sold by all druggists and dealers in medicines.

**Hampton's Vegetable Tincture.**

THE GREAT DISCOVERY OF THE AGE—READ!—READ!—READ!  
THE world never before saw such a mass of home testimony given to any other medicine.

BALTIMORE, Sept. 11, 1851.

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefit I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with indigestion and flatulence of the bowels. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph R. Spalding, an old and highly respectable citizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Spalding, and after an interview of one hour, I was immediately satisfied of the merits of the Tincture. From the evidence before me, of his own person, who, for some time previous, indicated a falling state of health, but now a hearty, hale appearance, with the ability of work, I immediately commenced using the Tincture, and before I took the second dose I was enabled to walk as usual, and I can walk as brisk and as energetic as I twenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but it is, in reality, what it is represented to be by Dr. Hampton, the inventor, and was A. S. SPALDING, Esq., Corner of Lombard and Sharp streets.

**A CLOUD OF WITNESSES.**

We have certificates from Captain Canot, brother to the eminent physician to Louis Napoleon, President of the French Republic, who was cured of Rheumatism of seven years' standing, one from Rev. Genl. de, and another from Mr. O'Brien, Baltimore Custom-house, of a desolating case of dyspepsia; one from Jno. Lutz, of a case of dyspepsia and general debility; and one from J. K. Stapleton, esq., of Baltimore, with hundreds of others.

REV. VERNON SKRIDGE, U. S. N. PORTSMOUTH, (V.) A. AGT. 18, 1851.

Mr. J. E. Pouch—Dear Sir: While I am in general opposed to Patent Medicines, and am compelled to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. In the several months past I have used it in my family, and in Dyspepsia, loss of appetite, indigestion, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours,  
VERNON SKRIDGE,  
Chaplain in the U. S. Navy.

After the almost miraculous cures daily made by Hampton's Vegetable Tincture, on our most respectable citizens, men well known and tried, we challenge the world to show any thing on record in Medicine to equal it. Read! Read!

**CURE OF CONSUMPTION, NEURALGIA, PAIN IN THE SIDE, &c.**

Baltimore, May 1, 1852.

Messrs. Mortimer & Mowbray—Gentlemen:—It is with pleasure I can testify to the great healing powers of Hampton's Vegetable Tincture. My wife had been afflicted for three years, laboring under a constant hacking Cough, with a most violent Pain in the right Side, Neuralgia of the Head, and Dimness of Sight; she was not only unable to work, but much emaciated, and to all appearances a rapid Consumption inevitable. We had the most eminent physician in Annapolis, but his medicine did not give her any relief at all, but growing worse if any change in the East;—and after having read one of your Pamphlets, in July, she concluded to try Hampton's Vegetable Tincture, and after taking but two bottles of which (under a kind Providence) we perceived a great change for the better; her appetite improved, her skin became quite clear, coughs, pains, neuralgia, &c. entirely left her, and by the time she had taken five bottles more she was completely cured, and is now in the enjoyment of most excellent health.

I have seen also its beneficial effects on several other cases of Anemia, and I think I can say from what I have seen of the medicine, I do not believe its Curative Powers can be equalled. A sense of duty to the afflicted has induced me to drop these few lines for their benefit. Respectfully,  
EDWARD SANDS,  
Master of the ship, Geo. Barber, Annapolis Packet, No. 3, Tobacco Warehouse, Light Street Wharf.

TRUFF STANGER, Third Fleet—None need doubt the truth and value of the eight years of suffering.—Were there not real virtue in this wonderful medicine, could it perform the astonishing cures made by it?

Northampton County, April 13, 1852.

Messrs. Tyler & Adair: I have been afflicted with Rheumatism, at times, from my 12th year. I will be fifty years of age, the 15th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest day nor night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and external, without receiving any relief; I was at last advised to try Hampton's Vegetable Tincture, before I had taken one bottle of which I felt much better, and as I continued taking it, I felt strength coming into my back and limbs, and my stomach strengthened and revived every day. I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled.

Yours,  
ELIZABETH BAGWELL.

Messrs. Mortimer & Mowbray: Mrs. Elizabeth Bagwell is a lady of the highest respectability, wealthy and influential. The cure in her case speaks volumes in favor of this wonderful Tincture. Several other persons we have heard of have derived great benefit from its use in our country. We are entirely out of the article, and have daily anxious inquiries to know when we will receive another supply. We expect large sales of it from the present demand, and want you to send us a box as soon as possible. Yours,  
TYLER & ADAIR,

**Wonderful Cure of Hereditary Scrofula by Hampton's Vegetable Tincture!**

This certificate is from the pen of a gentleman whose name appears on the Journal of Congress, one who is extensively and favorably known.

"It affords me pleasure to state that Dr. Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The lad was three years old and had the scrofula (his father was scrofulous). The boy was a moving mass of sores from head to foot; the upper eyelids were much swollen, and turned inside out, exhibiting horrible maddening ulcers that protruded over the eyeballs so as to produce blindness. It is strange, yet true, this child, that I felt resigned to see die as a relief from suffering, has been restored to health under the treatment of Dr. Hampton. "W. P. THOMASSON. "Louisville, March 20, 1851."

**500 CHALLENGE.**

WHATEVER concerns the health and happiness of a people is at all times of the most valuable importance. I take it for granted that every person will do all in their power, to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Vicking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular,—remember that all these denote WORMS, and you should at once apply the remedy:—  
HOBENSACK'S WORM SYRUP.

An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender Infant with decided beneficial effect, where Bowel Complaints and Diarrhea have made them weak and debilitated; the Tonic properties of my Worm Syrup are such, that it stands without an equal in the catalogue of medicines in giving tone and strength to the Stomach, which makes it an infallible remedy for those afflicted with Dyspepsia; the astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

**THE TAPE WORM.**

This is the most difficult Worm to destroy of all that infest the human system; it grows to an almost indefinite length, becoming so coiled and fastened in the Intestines and Stomach effecting the health so sadly as to cause St. Vitus Dance, Fits, &c., that those afflicted seldom if ever suspect that it is Tape Worm, hastening them to an early grave, in order to destroy this Worm, a very energetic treatment must be pursued; it would be proper to take 6 to 8 of my Liver Pills as to remove all obstructions, that the Worm Syrup may act direct upon the Worm, which must be taken in doses of 2 tablespoonfuls 3 times a day; these directions followed have never been known to fail in curing the most obstinate case of Tape Worm.

**HOBENSACK'S LIVER PILLS.**

No part of the system is more liable to disease than the LIVER, it serving as a filter to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver effects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of ROOTS & PLANTS furnished by nature to heal the sick; Namely, 1st; An EXPECTORANT, which augments the secretion from the Pulmonary mucus membrane, or promotes the discharge of secreted matter. 2nd. An ALTERATIVE, which changes in some inexplicable and insensible manner the certain morbid action of the system. 3rd. A TONIC, which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body! A CATHARTIC, which acts in perfect harmony with the other ingredients, and operating on the Bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys the cause and restores health.

**TO FEMALES.**

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side, back, &c.
