The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Puny Children

Who would prescribe only tonics and bitters for a weak, puny child? Its muscles and nerves are so thoroughly exhausted that they cannot be whipped into activity. The child needs food; a blood-making, nerve-strengthening and muscle-building food.

Scott's Emulsion

of Cod-Liver Oil is all of this, and you still have a tonic in the hypophosphites of lime and soda to act with the food. For thin and delicate children there is no remedy superior to it in the world. It means growth, strength, plumpness and comfort to them. Be sure you get SCOTT'S Emulsion.
