Miss Jennie Berquist left for Little Falls to work at her trade.

Last Saturday night quite an exciting time occurred here. At 1:30 fire was discovered burning all around A. Granquist's house. The house had been banked with dirt or it would have been burned. Two wood piles, one not more than ten feet from the house, were burned, the heat being so intense as to melt the pitch out of all the knots on one side. A narrow escape, which Mr. Granquist can be thankful for.

April 18—John Chambers made a trip to the county seat on business the latter part of the week.

Herb Corrant and Clyde Young will take their maple syrup to St. Cloud to dispose of it.

Jessie Young has a nice riding pony. It was a present from her papa. It is as white as snow, and a little beauty. It seems to be dissatisfied with its color, as it tries to lie down in an occasional mud hole when Jet rides it through such places.

Isaac Petty and family moved into our town on Bridgeman a few days ago. Mrs. Beth and daughter, who make their home with Mr. Petty, also came with them. Mr. Petty is a blacksmith, and was much needed here.

The maple sugar makers have quit their work as their farm work was crowding them. Some have taken syrup to Royalton and found it difficult to dispose of. In one case it was brought back.

Fred Hale has gone to Alaska. He is the first one to go to the gold Eldorado from here. Fred is a small, wiry man, and is able to undergo hardships if it is necessary. He goes with a St. Louis company of capitalists of whom his father is a member, and a mining expert also. No one could wish for a better chance to try his fortune in mining than Hale has with this company. The company is established there and Fred goes as a laborer. He is to take a claim and the company works it and gives Fred one-third.

There are a few young men in our vicinity who put buttons in the hat when a collection is being taken for our local minister. Boys, this is wrong. It not only looks bad on your part, but it looks bad for your parents and the neighborhood in which you live. As a friend to boys we would ask you not to advertise Morrill in this way, but be earnest at meetings of a grave nature and profit by them by learning something each day and hour.

Amy Cheeley is selling berry plants and bees in Buckman, Pierz and other adjoining towns. She gets 12 1/2 per cent. of her sales and her expenses paid. She recently made \$2.62 in one day's work. She asks of any one she does not call on, who may want strawberry plants or bees to write to her for prices to Morrill and that if she makes sales by mail she will divide her per cent. with all such customers.

Miss Nellie Wessel, who has been sick for a few months past, is better at this time than since getting sick, and her people have great reason to hope for her recovery.

The executive council of the Modern Woodmen of America has decided that the members of the order may volunteer for war without forfeiting their insurance.

What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

What Will It Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases.

Be sure you get SCOTT'S Emulsion. 5c and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.
