OTIS TAKING IT EASY

NOT PROSECUTING A CAMPAIGN DURING RAINY SEASON.

Simply Defending the Territory Now in Possession of the United States—Long Cablegram From Manila in Reply to Request for Information—Admits the American Troops Have Worked to the Limit of Endurance.

WASHINGTON, June 27.—General Otis' detailed report of the conditions existing in the Philippines is considered very satisfactory at the war department. It is taken to mean that General Otis will not now prosecute a campaign on account of the rainy season, except where the insurgents make it necessary to defend the territory now in possession of the United States. That portion of the dispatch telling of the belief among Filipinos that the present policy of the United States will not be upheld is regarded as of great significance. It is believed that when the Filipinos see there is no hope of their recognition by the United States they will give up the fight. The absence of any suggestion as to more troops being needed is taken to mean that General Otis does not believe they could be used to advantage at present.

GENERAL OTIS REPORTS.

Present Situation in the Philippines Given in Detail.

WASHINGTON, June 27.—General Otis, in reply to a cable from the war department asking for information regarding the situation and conditions in the Philippines, cabled a long reply as follows:

"Rainy season. Little inland campaigning possible in Luzon. We occupy large portion Tagalog country, lines stretching from Imus south to San Fernando north, nearly 60 miles, and to eastward into Laguna province. Insurgents armies have suffered great losses and are scattered; only large force held together about 4,000 in Tarlac province and Northern Pampanga. Their scattered forces in bands 50 to 500 in other portions Luzon; in Cavite and Batangas provinces could assemble possibly 3,000, though demoralized from recent defeats; mass of people terrorized by insurgent soldiers, desire peace and American protection; no longer flee on approach our troops unless forced by insurgents, but gladly welcome them; no recent burning of towns; population within our lines becoming dense, taking up land cultivation extensively; kept out Manila as much as possible, as city population becoming too great to be cared for. Natives southeast Luzon combining to drive out insurgents; only hope insurgent leaders is United States aid. They proclaim near overthrow present administration, to be followed by their independence and recognition by the United States.

"Enables Them to Hold Out. "This is the influence which enables them to hold out; much contention prevails among them and no civil government remains; trade with ports not in our possession, former source insurgent revenue, now interdicted; not certain of wisdom of this policy, as people in those ports now without supplies of food; merchants suffer loss and some meditate restoring trade privileges, although insurgents reap benefits. Courts here in successful operation under direction of able Filipinos.

"Affairs in other islands comparatively quiet, awaiting results in Luzon. All anxiously seeking trade, and repeated calls for American troops received. Am giving attention to Jolo archipelago and Palawan islands. Our troops have worked to limit of endurance. Volunteer organizations have been called in, replaced by regulars, who now occupy salient positions. Nebraska, Pennsylvania and Utah now taking transports and Sixth infantry sent to Negros to relieve California. These troops in good physical condition; sickness among troops has increased lately, due mostly to arduous service and climatic influences. Nothing alarming. Of the 12 per cent of the command reported sick, nearly 6 in general hospital, of whom 8 per cent have typhoid and 17 malarial fevers; 25 per cent have intestinal trouble; remaining 55 per cent have various ailments, 14 of which due to wound injuries."

WAR OUTLAY \$230,000,000

Fighting Spain and the Filipinos Very Costly.

WASHINGTON, June 22.—It is estimated conservatively that the deficit for the current fiscal year, which closes with this month, will be less than \$100,000,000. Already the receipts for the year aggregate over \$498,000,000 with the expenditures barely \$100,000,000 more, with 10 days, judging from past years, of heavy receipts yet to be accounted for. The total receipts from all sources last year amounted to \$405,821,335, while the expenditures aggregated \$443,368,582, leaving a deficit of \$38,047,247.

From the closest calculations that can now be made the war revenue act, which, with the exception of a few items, went into effect July 1, 1898, will realize for the year a little less than \$100,000,000. The expenditures up to this time aggregate about \$600,000,000. Of this amount \$228,000,000 was paid out on requisitions from the war department; \$64,000,000 on account of the navy; \$139,000,000 on account of pensions and nearly \$40,000,000 on account of interest on the public debt.

At this time it is impossible to state with any degree of certainty what the war with Spain and the troubles in the Philippines have cost during this year, but an approximation has been made of the actual cash payments on these accounts which places the amount at \$280,000,000.

TRANSPORTS REACH MANILA. MANILA, June 27.—The United States transports Grant and Hooker have arrived here.

CANCER IS DEADLY!

Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

MRS. S. M. IDOL.

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Idol, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.

Eagle Bicycle!

A Very Good Wheel at a Small Price.

The Eagle bicycle is, as every rider knows, the best wheel in the market, which the many Eagles sold and used in this vicinity prove beyond question. They are a strictly high grade wheel not only in name but in fact.

- A Model 50, the best wheel made, which sold last year at \$55, I will sell at **\$42.50**
- Model 45, last year's price \$45, at **35.00**
- Above have Gormully & Jeffrey G. & J. tire, with Morgan & Wright tire \$3 less.
- An Eagle Special, which cost \$35 last year, will be sold this year at **\$26.00**

Besides the lower price the wheels are much improved this year, and have many points in their favor over other wheels. Will sell them on TIME to good parties. Anyone intending to buy a wheel will save money by buying an Eagle.

H. F. SCHLEUSENER.

1899

The Golden Fleece Woolen Mills, Pillsbury, Minn.,

Are now running full blast and anyone having wool to be manufactured will do well to patronize the above firm, as the quality of goods they manufacture cannot be excelled. They are bound to give satisfaction. Give them a trial. They manufacture Suitings, Bed Blankets, Shawls, Rolls, Flannels, Horse Blankets, Yarns, Batting.

Now is the time to patronize a home industry. Don't send your wool out of the country, but double the price of it by having it made up into clothing. Send in your wool now and it will be ready for you when you need it. Goods always on hand to exchange. If you live on the N. P. R. R. send to G. F. W. Mills, Swanville. If on the G. N. R. R. send to G. F. W. Mills, Long Prairie. Send all mail to Pillsbury, Minn. Yours for business.

Golden Fleece Woolen Mills, F. W. MATTOCK, Proprietor.
