

The Golden Rule

The leaders of low prices and they are so low that others can not follow. The past few weeks we have shown a great many people that they can get the best goods here from 25 to 50 per cent less than they have been getting them for. We are after those who have not yet been in and if you happen to be one of them then drop in at your convenience. You will not be urged to buy, as good goods, at the prices we have them, sell themselves.

A SERIOUS CHARGE.

Lyman Eddy of Culdrum Accused of a Heinous Crime.

Lyman Eddy of Culdrum was arrested here Tuesday afternoon on the complaint of J. H. Sauter, also of Culdrum, who charges Eddy with carnal knowledge and abuse of the complainant's daughter, Minnie, who is not 16 years of age.

The arrest was the culmination of a series of occurrences.

Two years ago Sauter was sent to an insane asylum, and Eddy appointed his guardian. Sauter was later on discharged and returned home, although Eddy was still continued as guardian. About two months ago Sauter was again brought into probate court, as insane, but was decided sane and discharged. At that time Eddy, Mrs. Sauter and the girl testified that Sauter was insane, and it was intimated that there was something in the background, which is now claimed to have been Eddy's desire to keep Sauter away, so that the relations with the girl could be maintained.

Tuesday Mr. and Mrs. Sauter, the girl and Eddy, appeared in probate court to wind up the guardianship and the two men being unable to agree, got into a dispute which ended in Sauter going to the county attorney and making the complaint.

Eddy was arraigned before Justice Sneldon Wednesday morning. Justice Sheldon said if Eddy waived examination he would fix the bond at \$1000.

Eddy consulted a lawyer and decided to stand examination, which the justice fixed for this afternoon at 3 o'clock.

If the girl's evidence sustains the charge, Eddy will be in a bad predicament, as the offense is guarded as very serious.

Our distinguished friend Fuller, not having enough trouble on his hands, is attempting to say who should run for a certain office on the democratic county ticket. It won't work. Any individual who thinks it will is going to get badly fooled.

Telephones have been placed in F. Graham's machine shop, 61-2, Max Bahr's saloon, 61-3, Peter Lafond's saloon, 54-2. Changes in telephone numbers have been made as follows: Herald, 6-2; J. Denis, 5-2; N. W. meat market, 5-3. C. B. Buckman, 2-2; D. Trettel, 54-2.

Interest is reviving in the matter of holding a street fair this year, and the sentiment is practically unanimous in favor of another fair. The old officers who so successfully ran the fair last year will probably not be in charge this year, and a public meeting will likely be called, as it should be, to choose new officers. Suggestions have been made that Fred Joestine act as president this year, B. G. Turner, vice president, Dr. Mero, secretary. These gentlemen would make good officers.

County Commissioner Fred Lakin was in the city Saturday. Mr. Lakin will be a candidate for sheriff before the democratic county convention next fall. Mr. Lakin is an old resident of the county, a good citizen, and would be strong candidate if nominated. There are several mentioned for this office on the democratic side, among them Fred Valentine, Henry Bentfeld and Frank Heroux. It looks as if the boys thought there was a pretty good outlook for democratic candidates this fall.

Wm. Lemay in Battle.

Peter Lemay has received a letter from his son Wm. P., now in the Philippines with the third U. S. Infantry. Lemay has been serving as bugler, but on March 29th he was promoted to corporal. A photograph of the young man accompanied the letter, and shows him to be in good health. Corporal Lemay has seen considerable fighting. He was the hero of a striking incident in the San Isidro campaign a year ago. On May 23rd, 1899, the 3d Infantry had an all day running fight from San Miguel to Balinag. Ten companies of the 3d regiment, under Captain Hannay, engaged the enemy. The special correspondent of Lealie's Weekly, in his report of the fight, described the incident referred to as follows, Corporal Lemay being the bugler mentioned:

"It is not often that an enlisted man gets a chance to run a part of the fight to suit himself. That chance however, came to one bugler. Captain Hannay, finding that L. Company was too far away to hear orders, sent his bugler after the company to sound the charge. At the first notes L. flew onward. It was right here that the bugler forgot, for the time being, that he was only the commanding officer's orderly. He saw another chance for L. to move on the jump—too good a chance, he thought, to be lost. He sounded once more, and Lieutenant Ross, imagining, of course, that the order came from Captain Hannay, executed it. Not even yet was the bugler's thirst for forward action sated. He sounded again and again, as the heat of generalship made his blood flow fast and hot. By the time the bugler came to himself and relinquished the duties of fight-director, the poor men of L. Company were troubled with shortness of breath. In this brisk affair, according to the official report, the dead reached a total of about sixty including some officers. It is the enemy's dead that is meant, of course. Twenty-one Mausers and six Remingtons were the spoils of this field."

Verndale Sun: The report in a Wadena paper that Buskirk Bros. had failed in business was untrue. It is true that the Twohey Merc. Company, of Superior, had a claim against the firm and pending its settlement the store was closed a part of two days and not because of any pressure having been brought to bear. Wednesday afternoon the doors were opened and business resumed. No failure occurred neither did the sheriff levy on the stock for taxes.

The state railroad commission granted the request of the Gulf & Manitoba railroad to increase its capital stock from \$50,000 to \$7,000,000, says the St. Paul Dispatch of Thursday. President F. T. Campbell, representing the road, appeared before the commission. The proposed line will be 700 miles in length. Its northern terminus will be Duluth and from there will run through Little Falls, St. Cloud, Willmar and Jackson, and will take a southerly direction through Iowa, into Kansas City, Mo., which will be its southern terminus. It is not yet known what connections the road will make to reach the gulf.

Philadelphia, May 1.—The announcement was made to-day that the interest in the Philadelphia Times owned by the heirs of the late Frank McLaughlin has been sold to a syndicate of local capitalists headed by Charles F. Kindred, general agent of the Reading railway. It is understood that Col. A. K. McClure, who has been a part owner of the paper since it was established, twenty-five years ago, and will remain with the new management as editor-in-chief. The county commissioners have contracted with John Nustling of Minneapolis to replace the plank walks in the court house grounds with cement walks. Three walks will be put in. The cost is nearly double that of wooden walks, but the cement walks will wear out several walks of wood, so that the cement is more economical as well as better looking. The board's action was wise and sets a good example.

Forfeited Sale May 14th.

As much confusion is prevalent in regard to the time for holding the forfeited tax sale the following extracts from the law may help to make the matter plain. Part of Sec. 4 Chap. 322 of General Laws of 1899 relating to the forfeited tax sale is as follows:

"The sale herein provided for shall be made by the County Auditor at his office immediately following the delinquent sale in May and shall be absolute and final."

The law governing the annual sale is as follows—Sec. 1591 Gen. Statutes of 1894, is in part "On the first Monday in May of each year the County Auditor shall sell all pieces or parcels of lands against which judgement has been rendered for the taxes of the preceding year or years. At the time and place appointed in such notice the County Auditor shall commence the sale of such lands or until the whole shall have been sold."

Under the wording of this law the earliest day for the commencement of the forfeited tax sale will be Monday the 14th day of May, 1900.

All interested parties will please bear this in mind that the forfeited tax sale will commence on Monday, the 14th day of May.

Not long ago Congressman Eddy, who is a member of the House committee on Indian affairs, was one of a party of visitors to the celebrated Indian school at Carlisle, Penn. Mrs. Eddy accompanied him. The congressman's wife arranged with Major Pratt, director of the institution for the transfer of one of the handsome young Indian maidens, who had graduated high in the class of 1900, to Washington as a companion for the Eddy children. A Washington correspondent who was present says:

"The Indian girl, Miss Alice B. McCarthy, a Chippewa quarter blood, was of course delighted with the prospect. Just before the visiting party started for home she came up to Mr. Eddy her face beaming and exclaimed, 'How happy I am that I am going with you. I hate to leave old Carlisle of course but I know you will take the very best care of me.'"

We understand that the young lady mentioned above was formerly a resident of Little Falls.
