

LITTLE FALLS HERALD.

VCL 13. NO. 23

LITTLE FALLS, MORRISON COUNTY, MINNESOTA.

FRIDAY, AUG. 2, 1901

Our Prize Offer.

On our 6th page will be found an announcement of the giving away of cash prizes amounting to \$15,000.

Through arrangements made with the Press Publishing company, of Detroit, Mich., The Herald has been able to secure for its subscribers an opportunity to allow them to estimate on the combined vote for governor in three states. The person making the nearest estimate to the correct vote will receive \$5,000, while there are in all 997 prizes in cash. This company is the one that controlled the estimating contest for the total populations of the United States and Canada and they paid every cent that was offered in prizes. The data given in the announcement will enable any one to estimate the total vote as well as his neighbor.

The plan has been pronounced perfectly proper and legal by the Attorney General of the United States.

This giving away of \$15,000 is a business proposition with the Detroit firm. The few papers that are included in this mammoth offer pay so much a subscriber for the opportunity of allowing new subscribers or old ones who pay ahead to make such an estimate. The Herald has exclusive rights on the proposition for Morrison county. Your chances of getting the \$5,000 prize or some of the smaller ones are as bright as any one else's. Send in your estimate and subscription and try for the prize. \$5,000 or even a smaller sum would help out nicely. The Herald is offered at the regular price. The chance to make \$5,000 is free.

A pretty story is told by the school book agents in connection with letting the contract for books in Woodbury county, Iowa. One of the officials of the county found himself in a room and in company with an agent who demanded the order for books. The official demurred, the agent pulled a revolver and a large roll of bills, declared that he must have the order to save his reputation, did not care if he shot the official and was hung for the crime, and so forth. The official took the money and saved his life. The agent took the order and saved his reputation, and the schools of the county took what they could get. The county official is said to be posing as a martyr, alleging that he was compelled to award the contract, but there is a belief that he helped to arrange the manner of the assault.

Royalton, July 31.—Alvah Chapman, a farmer living near town, was poisoned Sunday by the bite of a kissing bug. His face is frightfully swollen and he is under a doctor's care.

Be a King in Your Line.

There is always room at the top. The world does not demand that you be a physician, a lawyer, a farmer or a mechanic; but it does demand that whatever you do undertake, you will do it with all your might and with all ability you possess. It demands that you be a master in whatever you undertake. That is the meaning of success.

To compete with bright, active, healthy men you must be as well equipped in every way as they are. "GOLDEN GRAIN BELT" beer is the best thing to make a man bright and healthy, for it tones up the nerves and invigorates the entire body. Order of your nearest dealer or be supplied by Jos. Ledoux.

Niagara Falls and Pan-American

Together, they form an unequalled combination for sight-seers. To go most comfortably, ask your ticket agent to send you via the Burlington Route.

Big Animal Shows.

The annual appearance in this city of Norris & Rowe's Big Trained Animal Shows is looked forward to by the amusement lovers with much interest. Each season the shows have visited us, marked improvements and enlargements have been noticed. This season will be no exception to the rule. Norris & Rowe's shows are now twice the size of last season and many valuable additions have been made. The growth and improvement of this big moral show has been nothing short of phenomenal, and the success of the enterprise can be traced to the fact that the show is clean, moral, wholesome, instructive and very amusing. It is, in fact, an entertainment that the most fastidious can witness without having any of his scruples hurt. It is an entertainment that every boy and girl should see, because their budding minds absorb the lessons of what kindness and patience will accomplish even over dumb brutes. The show will exhibit in this city under their large waterproof tents. Performances will be given at 2 and 8 p. m. Saturday, Aug. 3.

A new grand free spectacular street carnival and children's fairy land parade will be given at 11 a. m. on the morning of the exhibition at which time the entire company of over two hundred animal actors will be seen. Excursion trains will be run from all adjoining towns to enable all to see this big instructive exhibition.

There was no quorum at the meeting of the fire department called for Wednesday night to consider the proposition of the Anderson concert company to play under the auspices of the firemen.

Metal and scrap iron and junk wanted. Prices according to market. JOE. DINNEN, Little Falls, Minn. Near Graham's Machine Shop.

Jury List.

Jurors have been drawn as follows for the September term of court:

- GRAND JURORS

Joe. Boraah, Pike Creek.
M. Allen, Randall.
Wm. Thompson, Swan River.
Christ Faust, Agram.

The palmist fortune tellers that were here last week took in about \$200. Some easy people in this town.

BIG LAND DEAL.

Farmers & Investors Co. Sell 6000 Acres.

John Vertin has sold, for the Farmers & Investor's Land Co., 6000 acres of Morrison county land to Evan Olson, St. James, Minn. The lands lie in Ripley, Belle Prairie and Platte towns, the larger part in Platte. Included is a valuable stone quarry in Belle Prairie. The lands are all unimproved, and were originally part of the Northern Pacific land grant.

Mr. Olson intends to put in a large stock farm on part of the lands, and the remainder he will sell in small tracts.

Mr. Vertin has several other large deals on hand.

Rev. Orrock, of Cambridge, Minn., well known in this county, recently converted Geo. Tomlinson, but when George was to be immersed in Stanchfield lake, his courage failed and he wouldn't have it. The minister grappled him, but George got mad, and resisted. After a struggle, Mr. Orrock got the timid convert down and soured him in good shape. Those who know Mr. Orrock will be surprised to learn of his using the muscular methods of Cartwright, the old time missionary.

BAPTIST CHURCH.

There will be services in the Baptist Church next Sunday as follows: Preaching at 10:30 a. m. subject, "A Look at Life." Sunday school at 11:45 At 7 p. m. the Y. P. S. C. E. hold their meeting, subject "Gaining by Losing." Mark X: 28-30.

In the evening at 8 o'clock the pastor will speak on the subject of "True Liberty." This is an interesting topic which will pay to hear discussed.

A. H. CARMAN, PASTOR.

Geo. Tanner was re-elected as member of the Board of school board.

New Mother Superior.

The sisters of the Order of St. Benedict at the election held at St. Joseph, Stearns county, Saturday afternoon, elected Sister Cecilia Kapsner, O. S. B., mother superior for six years, in succession to Sister Aloysia. The St. Cloud Journal-Press says of the new mother superior:

The new mother superior is a lady of superior attainments and of long and faithful service at St. Joseph. She has been sub-prioress of the convent for some years and has been from this fact in practical charge of the affairs of the convent and its dependencies for some years. Her previous experience qualifies her for the position to which her sisters have chosen her, and that she is the choice of a majority of the sisters of the community is regarded as extremely fortunate. She was in no sense a candidate for the place and when informed of her election was overcome by her emotions. The retreat, which has been in progress at the convent for English-speaking sisters for the past week, closed on Saturday morning.

Sister Cecilia Kapsner has been a member of the Order of St. Benedict for more than twenty-five years, the greater part of the time has held a position of trust in the community. Her parents reside at Pierz, Morrison county and Fathers Leonard and Xavier Kapsner of St. John's College are brothers. The esteemed lady has three sisters in the order, these being Sister Auxilia, Sister Leonard and Sister Loyola.

The city council meets in regular session next Monday evening.

The ladies of the French Catholic church will give a lawn social at the residence of Mrs. M. V. Wetzel next Thursday evening. Ice cream and cake, 15 cents. All invited.

The application of Geo. Wolf of Motley for pardon has been reported upon adversely by the trial judge and district attorney, and consequently the pardon will be denied.

The "Queen of Hayti" company "jumped" from Chippewa Falls, Wis., to Little Falls, and from here to Helena, Mont. They're going fast, and only touch the high places.

The Herald presses are now run by a Fairbanks gasoline engine, latest model, which has proved so far a great success. The new engine replaces a steam engine which has been in use for six years.

The John Klapp farm, east of Little Falls, has been sold to J. H. Schmelzer of Rochester, Minn., for \$5000. Mr. Schmelzer will move here and take possession Oct. 1st. The farm contains 240 acres. John Vertin made the sale.

Next Monday the people of Randall will vote on the proposition to separate the village from the town. The outsiders claim they have not been well treated, which the villagers deny, and say the opposition is prompted by persons ceirous of office.

The Pine Tree Co. has raised the wages of employes ten cents a day, to apply to those remaining until the end of the season, thus being a part of the bonus. At this time of the year there is a great demand for labor in the harvest fields, which has caused a shortage of men in many manufacturing establishments. The additional bonus will undoubtedly be an inducement to many to forego the harvest work.

Closing Sale of SUMMER SUITS

The balance of Our Light Weight Men's suits, this season's goods, sold for \$8.95 and \$10.00. They all go at . . .

\$7.50

Great Western CLOTHING CO.

Close of Summer School.

The Summer school sessions closed today, and the instructors leave for their homes this afternoon. The enrollment has reached 108, and the school has been in every way a great success. Professors Magnusson and White, and Misses Geer and McAllister, have the happy fact of inspiring the teachers with enthusiasm for the work, and the result has been very beneficial. The model primary has been a valuable feature. Supt. Seal is much gratified at the success of the school. Next week the state examinations will be held for those desiring certificates.

Base Ball.

One of the best games of ball ever seen on the Little Falls diamond took place Sunday afternoon between the Toozes of Minneapolis, and the local team. It took ten innings to decide the game, which the visitors won, 3 to 2.

Doty was in the box for the locals, and struck out 17 men. His work was very fine, and he was well matched by Englebretsen behind the bat. Ford and Brown were the capable battery of the visitors.

The game kept the crowd interested continually. The Toozes made the first score, in the fourth inning, followed by another in the fifth. Little Falls got one in the sixth, another, and the last, in the eighth. Lucky, batting won the game for the Toozes in the last inning.

Struck out by Doty, 16; by Ford, 10.

Umpire—Chance

Litchfield defeated Cooperstown Friday, 2 to 1.

The regular St. Cloud team will play here next Sunday.

Eugene Cox, the Litchfield pitcher, was married recently at Minneapolis to Miss Pearl Sargent.

The team of the Minneapolis Threshing Machine Co. may play the local team here Aug. 18th.

Brainerd defeated Ables Bros. Leaders at Brainerd Sunday, 2 to 1. Hansen for the Leads pitched fine ball.

The team is now in good condition, with two pitchers, and a number of all around men, and ought to make a great record from now to the end of the season.

The "Fats" and the "Slims" will give themselves needed exercise, and the public a series of jolts, in their annual game to be played at the ball park this afternoon. This game should not be missed. The opportunity is unequalled to behold Geo. Ender sprinting in record-breaking time, Billy Hall trying to hold his breath long enough to make the circuit, and Billy Hunter, Mat Wetzel, Dr. Mero, and some more, doing swift acrobatic work. It is understood that L. Applequist, the seven-footer, has been engaged as umpire. All weapons will be removed from the spectators as they enter the grounds.

Staples World: The Staples club went to Little Falls Sunday to show the boys how the great national game ought to be played. Heretofore it has been the custom to a certain extent at least for a couple of men on each side to play catch while the rest of the fellows stood and did nothing. This of course is a fraud on the spectators, who come to see ball playing. We are sorry to state that the Little Falls boys have not yet learned the lesson. At first they insisted that no runs should be made at all, but after a while the Staples boys got around a few times when the Mill city boys had stopped to get a drink of river water and were not looking.

Money! Money! Money! We have a large amount of money to loan on farm lands at low rates. MASTON & SCHALLER.
