MOORE MILLS OPEN UP

STEEL TRUST STARTS THE MONNESSEN, CLARK AND PAINTER PLANTS.

Men Deny That Any Real Progress is Being Made and Say They Are Not to Be Frightened by the Burning of a Lot of Coal and the Mere Operation of Machinery—Shaffer Says Trust's Tactics Are Just Begun.

Pittsburg, Aug. 20.—The United States Steel corporation made a series of gains today in the restoration of properties crippled by the strike of the Amalgamated Association and its sympathizers. The steel mills at Monnessen, after a long period of inactivity, were partly put in motion by strike breakers gathered in some of the Southern states, two more mills in the Painter plant were also started up and another large mill at the Clark property was also operated for the first time. The strikers deny that any real progress has been made at either Monnessen or Painter's and say that they are not to be frightened by the burning of a lot of coal and the mere operation of machinery. They say that skilled men cannot be secured outside of their ranks and that none of their men are deserting, despite claims to the contrary. The managers of the Painter mills claim that part of their new crews is made up of old employes who have come back to work. At the Clark mill it is asserted that more skilled men are offering their services than can be accommodated.

The greatest fight in this district is for mastery at the Duquesne mills of the Carnegie company. Both sides are working secretly, the Amalgamated Association to extend its organization and strength among the workers, and the steel company to block any plan to get the men out. Neither side has shown its strength yet and it is impossible to get any line on the ultimate result. The claims made privately on either side are conflicting. The Amalgamated organizers assert that they have

Secured a Strong Position in the property and that when the word is given it will be shut down. The managers of the mill admit that the strikers have some friends in the mills, but express absolute confidence in their ability to keep the entire plant in operation. Regarding the situation President Shaffer said: "On the whole, the strike is going on very well. We are getting out more men every day and will continue to do so. The fight is hardly begun yet. There will be plenty of trouble for the trust before long if they keep on in their present course. There has been no effort on any one's part toward peace and there will be none on our part again. As to the situation in Duquesne, all I can say is that there has been no strike ordered in that mill as yet. I said last week that when we were ready that mill would be attended to."

The men of the Pennsylvania works of the National Tube company in this city have joined the strikers, and it is expected that the force in the Franks-town plant will follow them. About 600 men left the Pennsylvania works, and it is almost certain that all of the remaining 600 will join in the movement and completely tie the property up. When the strikers fled out of the Pennsylvania works they made no explanation to the officials, but to the newspaper men who met them outside they said that they had quit rather than work non-union made skelp.

Bay View Men Decide to Go Out.
Milwaukee, Aug. 19.—Bay View lodge of the Amalgamated Association, after a meeting lasting from 3 o'clock until 8:30, voted unanimously to strike in sympathy with their fellow craftsmen in the East.

FIREMEN FATALLY BURNED.

Disastrous Conflagration Among Oil Tanks at Philadelphia.
Philadelphia, Aug. 20.—While a large force of firemen were endeavoring to check the fire in a nest of burning oil tanks at the Atlantic Oil Refining company's plant at Point Breece, in the southwestern section of the city, an immense tank of benzine suddenly exploded. Many firemen were in close proximity to the tank and fell victims to the blazing oil and flying pieces of iron. Three or four were killed and many were badly burned before they could be rescued by their more fortunate companions.

FATAL DYNAMITE EXPLOSION.

At Least Six People Are Killed at Herkimer, N. Y.
Little Falls, N. Y., Aug. 20.—The Mohawk and Malone roundhouse at Herkimer was discovered to be on fire and Watchman Gilbert and an engine tender named John Deck, assisted by residents of the vicinity and members of the bridge building gang, attempted to extinguish the flames. While they were battling with the fire a large quantity of dynamite stored in the building exploded with terrific force, killing Gilbert and Deck and four others.

Asked to Wear British Made Goods.
London, Aug. 20.—Queen Alexandra has written a letter expressing an earnest hope that all ladies who attend the coronation ceremony will employ for their dresses as far as possible, material of British manufacture or material manufactured by the British.

Jump From a Carriage After Dog Becomes Unmanageable.
Minneapolis, Aug. 19.—United States Senator Charles W. Fairbanks of Indiana had an almost miraculous escape from death while driving with District Attorney Robert G. Evans. On hearing the home of the latter the horses attached to the carriage were attacked by a vicious dog. The spirited animals became unmanageable and Senator Fairbanks jumped to the ground. As he did so the frightened animals reared and plunged. The senator was hurled forward and rendered unconscious by the force with which he struck the pavement. Had he been precipitated a short distance further his head would have struck directly on the stone curbing and death would have been instantaneous. As it was he was rendered unconscious for fully half an hour. The senator sustained severe bruises on the right side of the head, face, arms and body. His clothing was badly torn, showing what force he had been hurled to the ground. After regaining consciousness he could not realize for some time what had happened and constantly inquired as to where he was.

SCOUTS SURRENDER.
Fifty of French's Force Surrounded by Superior Body of Boers.
London, Aug. 19.—The war office has received the following dispatch from Lord Kitchener: "While a party of 50 of French's scouts were proceeding to join a column near Bethesda they were surrounded in the hills by a superior force under Theron and surrendered. One was killed and three wounded. Captain Bethelheim dangerously." Lord Kitchener does not give the date, but the casualty list indicates Aug. 8.

Reporting upon the engagement between Colonel Gorringe and Commandant Kritzinger at Middelburg, Lord Kitchener says that the British commander drove the Boers north to Vensterstad in confusion. He asserts also that General French's other column in Cape Colony is gradually driving the enemy northward.

SENATOR CLARK MAD.

Losses Million Per Month Rather Than Grant Request.
Phoenix, A. T., Aug. 18.—United States Senator Clark has shut down the United Verde copper mine which brings a revenue of \$12,000,000 yearly because he refuses to grant his miners' demands for an eight hour day. As he pitifully put it: "I would rather let the grass grow in the streets of Jerome than grant my men an eight hour day."

Those who know Senator Clark know that he will adhere to his resolution. He has studied the eight hour movement, and he does not believe that it should prevail in coal or copper mines.

MASSACRED BY KURDS.

Residents of Twelve Armenian Villages Slain.
London, Aug. 18.—A dispatch to The Pall Mall Gazette from Constantinople says a body of 400 Kurds have been raiding the Damsiera district of Armenia and have destroyed 12 villages, leaving nothing but smoking ruins. Only the young girls were spared. They were carried off to the harems. All the males were ruthlessly butchered.
