#### Died

E. S. Smith, one of the best known attorneys in this part of Minnesota, died at his home in this city shortly after 7 o'clock Tuesday morning, from the effects of an overdose of morphine, taken about six hours before. Mr. Smith used the drug a good deal, and some such result had been feared. Physicians were called, but it was impossible to save him.

He was born in Paynesville, Ohio, and was the eldest son of Rev. Carlos and Susan S. Smith. When Mr. Smith was quite young the family moved to Talmage, and later to Akron, Ohio, where two sisters still live on the old homestead. Later he returned to Ohio, and about 1872 moved to Minnesota, locating at Little Falls, where he had since lived, excepting a few years residence at New London in Kandiyohi county. In 1877 he was married to Miss Eva Wilcox, who with a young son, Harold, survive. Mr. Smith had practiced law longer than any attorney in the city. He was a gifted speaker, and possessed a vein of sarcasm which often made things unpleasant for opposing counsel. There was more shadow than sunshine in his life, and those who knew him cannot but regret that he did not give the world opportunity to better appreciate the gifts with which he had been endowed. After life's fitful fever, may he sleep well.

#### THE NEW PENSION BILL.

##### Old Soldiers to be More Liberally Rewarded for Preserving the Union.

Provides that the pensions of all persons who served one year or more shall be \$12 a month and where the pensioner is disabled so as to require frequent and periodical aid and attendance of another person the pension will be increased to \$30.

Under the present law persons who served ninety days are paid the minimum rate of \$6 a month and a maximum rate of \$12. If the house provision is agreed to soldiers who have lost one hand or foot will receive pensions at the rate of \$40 per month, but if the senate provision is agreed to the rate will be \$45, while the present law provides for the payment of only \$30.

When a pensioner has lost an arm at or below the elbow or a leg at or below the knee he will be paid at the rate of \$46 per month if the house provision is adopted, and \$50 if the senate proposition is agreed to, whereas the rate under the existing law is \$36.

When a person has lost an arm at the shoulder joint or a leg at the hip joint, or near either of these joints, or where the wound is in such condition as to prevent the use of an artificial limb, the pensioner under the house provision, will be paid \$55 per month, under the bill \$60 per month, while under the present law the pensioner gets \$45 per month.

A soldier who has lost one hand and one foot will be paid a pension at the rate of \$60 a month, the present rate being \$36. It also provides that a soldier who has lost both feet will receive a pension of \$100 per month. It is estimated that it will cost the government \$1,812,656 per annum to pay the increased pensions provided for in the measure.

A measure of great importance so far as the widows and daughters of old soldiers are concerned, was passed by the house. It provides that when a widow remarries or when a daughter marries their pensions shall cease.—Washington Press.

**Goulet Wins.** Judge Searle has decided for the plaintiff in the case of Geo. O. Goulet vs. Jos. and Marie Dubreulle, sent back from the supreme court for retrial. There has been considerable litigation over the matter. Goulet held a mortgage on 160 acres of land. The wife claimed that she had not signed the note and mortgage and the district court so held. An appeal to the supreme court brought a decision to the effect that the wife's unsupported evidence, that she had not signed the mortgage, was insufficient to overcome the presumption that she did when regularly attested by the certificate of acknowledgment of a notary. The court's decision this time is in line with the supreme court's decision. Calhoun & Bennett appeared for Goulet and Stewart & Brower for the defendants.

#### More Cement Walk.

The cement walk idea is growing, and it will mean a decided improvement in the appearance of the city.

A cement walk is being built on First street in front of the Ideal restaurant and Simon's saloon, and along the saloon on First avenue south.

The house of Chas. Pelky, a one-story frame structure in the extreme northern part of the city, was destroyed by fire Sunday night with all contents about 10 o'clock. The firemen were on hand after a hard run, but as the place is far from a hydrant, little could be done. The house was not yet completed, and had been lived in but a few days. There was no insurance. Mr. and Mrs. Pelky were not at home at the time, having gone but a short time, and are inclined to attribute the fire to incendiaries.
