RIOTING AT MADRID

STUDENTS AND CITIZENS JOIN IN AN ANTI-GOVERNMENT DEMONSTRATION.

Police Charge the Mob With Drawn Sabres and Fourteen Students and Six Officers Are Seriously Wounded and Many Others Slightly Hurt. Cabinet Ministers Attacked While Driving Through the Streets.

Madrid, April 6.—Rioting was continued here until a late hour. A mob of citizens joined the students in parading the streets. A black flag was raised and there were cries of "Long live the republic" and "Death to the minister of the interior." The police charged with drawn sabres and fourteen students and six policemen were wounded seriously. Many others were slightly injured.

The Republican party is active, hoping to take political advantage of the situation, especially if the disorders spread.

The trouble began when bands of students made a demonstration in front of the ministry of the interior as a protest against the occurrences at Salamanca. The carriage of Senor Maura, minister of the interior, was stoned, and subsequently when Premier Silveira and Senor Maura were driving together they were subjected to a hostile demonstration. The police dispersed the rioters and several of the disorderly students were arrested. A mass meeting of students was held later to demand the release of their fellow students and led to further riotous demonstrations and collisions with the police, in which several persons were wounded.

All the universities of Spain will hold memorial services for the students killed at Salamanca. The prefect at Salamanca has been dismissed.

BUSINESS AT STANDSTILL.

Strike in Holland of All Labor Engaged in Transportation.

Amsterdam, April 7.—At midnight a meeting of the workmen's committee proclaimed a general strike throughout Holland of all labor engaged in transportation both by land and water.

All the railroad lines, stations and wharves are guarded by troops. The administration of the railroads has taken steps to secure the running of the foreign expresses under military protection.

The president of the workmen's committee of defense, in an interview, said the strike proclamation involved the entire railroad system and other land transport of Holland and the water transport of the important ports of Amsterdam, Rotterdam, Dordrecht and Zaandam. The strike, he added, was a protest against the anti-strike laws, as well as to support the demand of the railroad men for an increase of wages before the passage of laws made an improvement in their position impossible.

The president also said the strike would spread to other branches of labor.

ARMED FORCE IS LANDED.

American Bluejackets to Guard Consulate at San Domingo.

Cape Haytien, Hayti, April 4.—The situation in Santo Domingo city is extremely critical. The commander of the United States cruiser Atlanta, which has arrived at Santo Domingo from this port, landed a detachment of fifty bluejackets to guard the United States consulate general in that city.

A shell fired by the Dominican cruiser Presidente, which is on the side of President Vasquez, fell on the German consulate. The damage done, however, was purely material, as the projectile did not burst.

A battle lasting three hours took place Wednesday morning between the government troops and the revolutionists on the banks of the river Ozama, which flows into the Caribbean sea at Santo Domingo. A hundred men were killed or wounded.

President Vasquez demands the surrender of Santo Domingo city, but the revolutionists are disposed to resist up to the last moment.

ONE THOUSAND MEN KILLED OR WOUNDED

Bulgarian Bands and Turkish Troops Fight Bloody Battle in Okherida District.

Berlin, April 4.—A dispatch from Constantinople to the Lokal Anzeiger announces that the Bulgarian bands and Turkish troops in the Okherida district have fought a battle and that 1,000 men were killed or wounded.

HAYTIAN CABINET RESIGNS.

Result of a Vote of Censure by the Senate.

Port au Prince, Hayti, April 6.—The cabinet has resigned, owing to the senate having passed a vote of censure against the ministers for their failure to take proceedings against those who were responsible for the interruption of the sitting of the chamber of deputies March 30 by the firing of rifle shots. It was reported at the time that the disturbance was due to complexity of certain of the ministers.

Broke the Bank at Monte Carlo.
 New York, April 6.—The Marquese Carlo di Rudini, son of a former Italian premier, in the course of play recently broke the bank at Monte Carlo at roulette, which means he won at least \$40,000, says the Herald's correspondent in Paris.

AGAIN SUFFER DEFEAT.

Dominican Government Troops Repulsed by Rebels.

Washington, April 6.—A report to the navy department from Commander Turner of the cruiser Atlanta at Santo Domingo City, shows another repulse to the government troops, who made an attempt to take the city from the revolutionists, and that Commander Turner was again compelled to land the bluejackets to protect the United States consulate. Commander Turner's dispatch is as follows:

"Santo Domingo, via Hayti, April 5.—Government forces attacked city yesterday, were repulsed. Report indicates Vasquez, the president, approaching with strong force. Government gunboat fired three shots last night without injury. City fortified, apparently determined to resist; landed marines to protect the consulate." One day last week Commander Turner landed a force of 50 marines to guard the United States consulate at Santo Domingo City when the situation was regarded as very critical.

ITALIANS RESENT ATTEMPT TO PIERCE THEIR PARADE

Chicago Motorman Is Shot and Several Other Persons Are Cut and Bruised in a Riot.

Chicago, April 6.—Because he tried to force his car through a parade that was blocking traffic in Halsted street, Motorman Zorab was shot and seriously injured by one of the marchers. Nearly 1,000 Italians, who were in the parade, broke ranks as soon as the disturbance began and a riot followed, in which switching irons, bricks and other missiles were used. In response to a riot call, a score of policemen were on the scene in a few minutes, but before quiet could be restored several persons were severely cut and bruised. Two of the Italians, who are supposed to have done the shooting, were arrested.

VICTORY FOR EMPLOYES.

Injunction Secured by Wabash Road Dissolved by Judge Adams.

St. Louis, April 2.—In the United States district court Judge Elmer B. Adams handed down a decision dissolving the injunction granted March 3, restraining officials of the Brotherhoods of Locomotive Firemen and Railroad Trainmen and other labor leaders from influencing in any way or ordering the men on the Wabash to strike. The temporary injunction had been granted by Judge Adams on allegations made by officials of the Wabash system that the defendants were conspiring to interfere with interstate traffic and the transmission of United States mail.

SHOT BY BANK ROBBERS.

Citizen of Leger, Okla., Attempts to Intercept Them.

Lawton, Okla., April 6.—Robbers made an attempt to loot the Bank of Leger, twenty miles distant, and in attempting to intercept them J. W. Roberts was shot and mortally wounded. Three strangers reached there early in the evening from a Frisco train and at midnight they entered the bank and exploded nitroglycerin in the safe. The explosion failed to open the safe, but citizens were aroused and a fusillade followed. The robbers escaped with a sheriff's posse after them.

SECURED \$1,000 IN CASH.

Bank at Ulysses, Pa., Dynamited by Robbers.

Williamsport, Pa., April 6.—At 2 a. m. robbers at Ulysses, Potter county, dynamited a safe in the Rowley private bank and secured \$1,000 in coin. Citizens, aroused by the explosion, gave battle. A dozen shots were exchanged, but the robbers escaped in a wagon, carrying the money in sacks. At 7 o'clock two mud-stained strangers were arrested at West Pike and are now in jail at Galeton. It is believed they are the robbers and that they have hidden the money in the forest.

PREPARE TO MEET OFFICIALS.

Committees of Railroad Employees to Ask for Increase in Wages.

Chicago, April 6.—The adjustment committees of the railroad trainmen's and conductors' organizations have arrived in Chicago and are preparing to meet the officials of the Illinois Central and Alton railroads. The trainmen's and conductors' committees believe the same terms can be secured on their members as those on the Wabash—a 15 per cent increase for freight and a 12 per cent increase for passenger service.

The shooting took place at Uhlig's home in the town of Albany, a few miles north of Durand, and was the result of a family quarrel. Hartwick surrendered to the sheriff.

VISITS TWIN CITIES

PRESIDENT ROOSEVELT SPENDS EIGHT HOURS IN ST. PAUL AND MINNEAPOLIS.

Addresses the Legislature in the Capital City and Later Speaks to a Large Crowd in the Capitol Grounds. Makes an Important Address on the Tariff Question at Minneapolis in the Evening.

St. Paul, April 6.—President Roosevelt spent eight hours in the Twin Cities and was enthusiastically received. The special train bearing the president arrived at the union depot in St. Paul at 2:30 p. m. As soon as the train arrived the presidential salute of twenty-one guns was fired by Battery A of the Minnesota national guard, which was stationed opposite the depot on the west side of the river. The president was met at the train by Governor Van Sant, Mayor Smith and a special reception committee.

A parade consisting of United States troops from Fort Snelling, state militia and Civil and Spanish war veterans was formed near the union depot and proceeded through the principal streets to the state capitol, arriving there at 3:30. The legislature was assembled in joint session and the president made a brief address, speaking about fifteen minutes. After the address to the legislature the president was escorted to the Cedar street entrance of the building, where he addressed a large crowd of people assembled there. After speaking to the people the president and his party were taken on a drive about the city and at 5:45 left on a special trolley car for Minneapolis.

The run up the river from Winona was uneventful, the only incident being a short stop at Lake City, where the president responded with a few words of thanks to the greeting extended.

IN THE MILL CITY.

President Talks to Minneapolitans on "The Tariff."

Minneapolis, April 6.—President Roosevelt and party arrived here from St. Paul at 6:30 p. m. He was met by a special dinner party and escorted to the Nicollet House, where a banquet followed. Immediately after the banquet a parade was formed and the president was escorted to the university armory, which was crowded to the doors. A. C. Paul, as presiding officer, introduced Mayor J. C. Hayes, who formally welcomed the president to the city and concluded by introducing President Northrop of the university, who introduced the president.

The president's address was on the subject of "The Tariff." He called attention to the existing prosperity of the country and asserted that the present conditions were largely due to the protective tariff system now in force. He said a general revision of the existing schedules would cause disaster and be fatal to our present well-being and advised against such action being taken.

GUEST OF SIOUX FALLS.

President Roosevelt Spends a Quiet Sunday.

Sioux City, S. D., April 6.—President Roosevelt was the guest of Sioux Falls all day Sunday until 9:30 o'clock Monday. His special arrived here at 8 o'clock Sunday morning and he was met by a delegation headed by Mayor G. W. Burnside and State Senator Burns. United States Senator Kittredge also greeted him. The president was escorted to the Cataract House by a delegation of two militia companies here and enjoyed a day of comparative rest, the first he has had since his trip began.

He attended church both in the morning and evening and in the afternoon went for a horseback ride accompanied by Seth Bullock, superintendent of the Black Hills forest reserve.

MAKES MANY SPEECHES.

President Delivers Twelve Addresses in South Dakota.

Aberdeen, S. D., April 7.—President Roosevelt traversed South Dakota and made more speeches than on any other day during his present trip. He began with two speeches at Sioux Falls and ended his twelfth speech at Aberdeen.

The speeches were confined for the most part to the tariff and to the general prosperity of the country. In all his speeches he followed closely the lines of his former addresses on these subjects.

The president was accorded a cordial welcome at the different stopping places and at many stations where the train did not stop the crowds gathered and cheered as the special train sped by. One feature of the day was the large number of children in the various audiences, and the president referred to them several times, saying that he was glad to see that the stock was not dying out.

After leaving Sioux Falls the first stop was at Yankton, where the president spoke at some length. The other stops of the day were at Mitchell, Tulara, Woonsocket, Scotland, Tripp, Parkerston, Alpena, Redfield and Aberdeen.

PACKERS PAY THEIR FINES.

Penalties and Costs Net Missouri a Handsome Sum.

Jefferson City, Mo., April 6.—Attorney Fred Hagerman has arranged for the payment of the fines and costs in the supreme court—the beef packers' cases. The fines are \$5,000, or a total of \$25,000, and the costs are \$2,136.75, making a grand total of \$27,136.75. The fines go into the state treasury for the benefit of the revenue funds and will enable Governor Dockery to save that amount in appropriation bills, which he has threatened to veto. The beef packers will not now be ousted of their right to do business in the state.
