CHARGES ARE REVIVED.

Alleged That Americans Looted Manila After its Surrender.

Manila, June 23.—The charges that American officers looted public buildings in Manila after the surrender of the city in 1898 have been revived and may possibly lead to a formal investigation. Recently the authorities endeavored to locate certain pictures and art objects belonging to the municipal museum and the inquiry showed that they had been given to a Filipino to take care of after the surrender. The government may ask the war department to investigate the matter. Governor Taft has returned here from Benguet. His health is completely restored.
