THE RED LAKE SALE

Instructions To The Land Officials On The Matter.

Washington, Oct. 12—Copies of a circular of instructions to local offices at Crookston, Cass Lake and Duluth relative to agricultural lands in the Red lake reservation to be opened to settlement and entry N. V. 10 are now available at the general land office here. The important points in the circular are as follows:

"The hour of 9 a. m., Tuesday has been fixed upon as the time on and after which these lands will be open to settlement and entry.

"These lands will be subject to disposal to actual settlers only, under the provisions of the homestead law, except that the provision of commutation law are not applicable as proof of occupancy for five years is required before title can be perfected. Each settler is required to pay the sum of \$1.35 for each acre, such payment to be made in five equal annual installments. Applicants for these lands must possess the necessary qualifications required in the case of ordinary homestead entries.

"The five annual payments required to be made for these lands must be paid at the end of the first, second, third, fourth and fifth years respectively, from the date of the homestead entry.

"When parties who are entitled under the provisions of section 2305 of the revised statutes to credit upon a period of residence for military services, submit proof before the end of the fifth year from date of entry they must enter with the proof the full amount of purchase money remaining due for the tract embraced in their respective entries.

"The usual fee and commissions must be paid at the time of the original entry and when final payment and proof are made you will not accept any payment for lands in excess of 60 acres embraced in one entry. When entry is allowed payments for such excess will be included in the whole amount required to be paid in installments.

"The agricultural lands now to be opened are not affected by the provisions of the free homestead act for the reason that they were not opened to settlement prior to the passage of said act.

"The state of Minnesota has a right to select such lands in sections 16 and 36 of four ceded townships in White Earth reservation as were swamps and overflowed at the date of the act of March 12, 18 0."

By writing to J. D. Jones, register land office, Cass Lake, descriptive notices of the land to be opened may be secured.

John Hoffman, for many years a citizen of Little Falls, while under a temporary aberration of mind Saturday afternoon, jumped into the Mississippi at the eddy below the dam near the flats. Frank Houde, Frank Knuth and Mr. Tidd, who were on the bank a short distance away, saw Hoffman's action. He had shortly before bidden them good-bye. Mr. Tidd jumped in the river and pulled Hoffman out. The three men had quite a struggle with Hoffman, but held him till Officer Valentine came. He was taken to the lockup for safe keeping and in the evening allowed to go home with a friend. Mr. Hoffman had been acting strangely during the afternoon. He had been looking for a revolver at home, and had a knife which his wife and son took away from him after a struggle. Mr. Hoffman's friends think there will be no recurrence of his trouble.

MUST SIGN FOR RIGHTS

PROPOSED CHANGE IN THE SENIORITY RIGHTS OF ENGINEEMEN.

Wadena Pioneer Journal: Thursday of last week a bulletin was posted on the Northern Pacific round house at Staples giving notice of a change in the districts of the Minnesota division of the Northern Pacific. Heretofore the enginemen employed between St. Paul and Fargo have ranked according to their age over the entire distance on the main line to St. Paul and Fargo and on the Fergus Falls and Black Hill branch of the road. It is now proposed to change the district, which is somewhat large and unwieldy, into two and the men have been notified to signify their choice before the fifteenth of the present month. The change is not altogether satisfactory to the men and last week a committee from the Brotherhood of Locomotive Engineers was at St. Paul to enter a protest. The first district will be between Staples and Fargo including the Wadena branch.

WAGES WILL BE LOWER

Reduced Pay For The Woodsmen This Winter Very Probable.

Beמידji Pioneer: Wages in the Northern Minnesota lumber camps have taken a sudden tumble to themselves. At the beginning of the season men hired were promised from \$30 to \$35 per month for common work. From \$36 to \$30 a month is now being paid, and there may be a still greater fall.

Lumberjacks are so plentiful that there is little difficulty in filling all the orders for them that come. The supply seems greater and if this condition of affairs continues the wage limit may be lower this year than for some time past. It is still early in the season, however, for the opening of many camps, and when all the logging outfits get to running there may be more than enough work for all the would be woodmen. This, of course, would work a change for better in wage conditions.

Men still continue to pour into Beמידji from the harvest fields and other points. They are coming faster than they are being sent out. Bailey & Dailey, the new employment agents, have filled several big bunches of men up in the Kellner district.

Wages in the woods last winter were good. For a brief period they were as low as \$36, but for a short time only. For the most of the season \$30 and \$35 a month was paid. On the whole lumberjacks had a prosperous season. When he came out of the woods he had a season's pay in his pocket, and he spent it.

BOGUS CHECK CASHED.

The State Bankers' Association has sent out the following notice: "The First National Bank at Little Falls advises that a party claiming to be James Clarkin, on September 29th had a certified check cashed at that bank for \$89.75, drawn on the First National Bank of Dulda, Minn. The certification of the check proved to be forged. This party was about five feet seven and a half inches in height, fair complexion, weight about 140 pounds, and about 25 years of age. He has not been seen around Little Falls since he had the check cashed. The man tried to swindle the Dulda bank two times, but failed to get his spurious checks cashed.

A good many people still get their mail at Little Falls. This is unfortunate, but perhaps conditions will change.

THE READING HABIT.

No one thing will develop a man as rapidly as the right kind of reading. The man who reads carefully and systematically has a liberal education before he knows it. A well-read man is frequently more familiar with the world, at home and abroad, than the man who has traveled everywhere, and he certainly doubles his joyment of life. However, he must have good health, or in other words he must drink golden grain belt beer regularly and delicious, don't forget you are taking a tonic. It's so good. Order of our nearest dealer or be supplied by Joseph M. Ledoux.

A colony of Mennonites have bought 60,000 acres of land from the Saskatchewan Valley and Manitoba Land Co. The tract is south of the big tract bought by the German American Land Co.
