

# Griddle Cakes of All Makes

A hearty breakfast is more essential than any other meal. It forms the *fund* of vitality from which the day's demand is largely drawn. When you can't eat in the morning, Karo Corn Syrup makes you eat. Fine for griddle cakes of all makes. Nutritious—delicious.

## Karo

CORN SYRUP  
The Great Spread for Daily Bread.

Sold in airtight, friction-top tins, 10c, 25c, 50c, by all grocers.

CORN PRODUCTS COMPANY, New York and Chicago.

### West Darling

July 6.—Miss Minnie Hanson came home from Goodhue county last week. Mrs. Ellen Hanson's sister of Spring Garden, Minn., is here on a short visit with relatives.

There will be services July 17 at Freidhem Grove at 2:30 p. m. There will also be a picnic at the same place in the evening. There will not be a picnic at Section 28, as previously stated, but at a later date.

### NOTICE OF ANNUAL SCHOOL MEETING.

Notice is hereby given that the annual meeting in District No. 35 in Morrison county, Minnesota, for the election of officers and the transaction of other business required by law at the Annual Meeting, will be held at the school house in said district on the 16th day of July, 1904, at 7 o'clock p. m. First to elect treasurer one year; second to elect director 3 year and third to taxes to be voted for teacher's wages and expenses. Dated this 6th day of July 1904.

Aug. Blomquist, District Clerk.

Notice is hereby given that anyone who shall vote next school meeting in district 35 will have to register before July 16th, men and women included, or bring your citizen papers along. Else you can't vote according to law.

August Blomquist, Clerk.

The weather is fine and crops are looking good. Corn is not of much account so far.

Nearly all of our people went to Little Falls the Fourth. They reported a fine time. There was not enough people left in Darling to celebrate.

The Maple Grove house got a fine coat of paint last week. The Little Falls painter did a good job.

Last Sunday a meeting was held at Freidheim Grove and Washington avenue, south. The service was held by Rev. Forsell of Duluth. The same day C. A. Swanson celebrated his birthday and refreshments were served.

Mrs. A. G. Nelson is a little better. A Little Falls doctor said she could not live 24 hours, but the Randall doctor thinks different. She will be well again. Hope so, anyhow.

John Malm has bought a fine team. Farmers should be careful to keep their cattle on their own land. What is the pondmaster doing.

John Thelander was the first man to cut grass last week.

Richard Guptill of Aitkin, Minn., won the Fifth Grand American Handicap at targets at Indianapolis. The Aitkin city band, the gun club and citizens met him at the depot on his arrival. A grand banquet was given in the evening in his honor by the gun club of which he is a member.

On Friday last a draft was received for the insurance carried by the late Miss Clara Blair, \$1,000, payable to Miss Blair's parents, Mr. and Mrs. S. Blair. Miss Blair had only been a member of the Ladies of the Macca-bee a month, less a day, when she died. Her thoughtfulness will make more comfortable the circumstances of her father and mother.

Miss Carrie Dobbin has gone to Seattle, Wash.

### East Darling

July 5.—Next Sunday there will be communion services at 3:30 at the Swedish Lutheran church. All invited.

Many from here attended the Fourth at Little Falls. They reported a good time.

The parents of Mrs. Otis St. Denis are here for a short visit.

The brother and sister of our store keeper spent the Fourth here.

Mr. and Mrs. Hans Heltman were pleasantly surprised last Saturday by a large crowd of people. All had a good time, some not getting home till next morning.

Miss Annie and Minnie Carlson of Minneapolis were home to spend the Fourth.

The young boys have organized a society.

The storekeeper runs a livery rig to Parker and sells a lot of goods and groceries along the line.

Plenty of new shoes at the store. If you want anything brand new, not old, go to the store here.

Tramps are plenty along the track. Some want work, others only something to eat.

School meeting will be held in the school house in District No. 74 on July 16th, at 7 o'clock p. m., for election of officers of said district. Remember to register.

The crops are looking fine.

Mrs. G. Kull is very sick at present with a sore limb.

### Northeast Darling

July 4.—We all go to the Falls today. Only a few stay at home.

Miss Caroline Peterson is well again. We are all glad to see her after her long illness.

Miss Theresa Peterson came home from Minneapolis last week.

Miss Bergstrom is home to spend the Fourth.

John Bergstrom writes that he is well satisfied with Canada.

Where are the guideposts and guideboards that the street commissioner should put up.

Eachelor's fines are not paid in this part of Darling yet.

Haying will soon commence.

School meeting will be held at the school house in District 99, July 16th, 1904, at 7 o'clock p. m. All should now register so as to be able to vote.

### AGRAM

July 8.—Henry Wuelner purchased a cream separator from P. H. Hartman of Pierz.

Charles Kippley returned from Wisconsin where he has been visiting the past four weeks.

Miss Lust of Granite was visiting Miss Stumpf Sunday.

The Agram band left Sunday morning for Cove where they will play the Fourth.

Mr. and Mrs. Leigh returned from Hillman Saturday to spend the Fourth at their old home here.

The town board met at the Clerk's office Monday.

John Samuelson, employed on the Kanabec county Times, is on a short visit to his parents.

### WEST RIPLEY

June 30.—Mr. and Mrs. Tedford and Miss Bush drove to Little Falls Saturday.

Ray Cook accompanied by Ray Clark drove to Brainerd Saturday.

Surveyor Batzer came up Monday to rectify a slight mistake in the recent survey.

Miss June Cook is improving in health slowly.

Joe Doucette and children of North Prairie, spent Sunday at Mr. and Mrs. Ed. Laforce's.

Will Clark, who is working on the Mieselsippi drive, spent Sunday at home.

Mr. and Mrs. C. W. Johns drove to Little Falls Friday and purchased a DeLaval cream separator.

W. A. Clark was a Brainerd visitor Friday.

Owing to the prevalence of chicken-pox it was deemed advisable to close the school in District 33 Friday, two weeks earlier than was expected.

Mrs. Flora Mattoon and children of Superior, Wis., are expected here this week to make an extended visit with relatives and friends.

Ray Cook took a steer to the Brainerd market Monday.

County Commissioner Tedford went to Little Falls Tuesday.

The announcement is made that on Monday July 4, will be solemnized the marriage of Miss Alma Laforce and Hector Daveau, both well known and popular young people of this township. Their many friends will wish for them a long and happy married life.

Several heavy and much-needed rains have fallen here during the past week. They will greatly benefit all crops, especially small grains which was beginning to show the effects of dry weather.

Miss Ella Malburn of Little Falls who was the guest of Mrs. Wesley Cook was taken ill and returned to her home Thursday.

School report of Dist. 33 for term ending June 24.

No. of days taught	60
No. of pupils enrolled	20
Total attendance in days	924
Average daily attendance	15

Pupils present the entire term: Blanche Tedford, Earl Johns, George McGuire.

### R. F. D. No. 1

July 3.—A. Matteson went to St. Cloud on a business trip.

Miss Addie Wood has returned from Pierz.

The mail carrier did not make his trip on the Fourth.

C. W. Kemp is at work this week putting in new approaches and making general repairs on the bridge at the mouth of Little Elk.

Achie Niles, sub-carrier on R. F. D. No. 5 went along with the carrier Thursday.

Nobody is allowed to ride with the mail carrier after July 1 while on duty. Our carrier, of course can take the girls out when he is not on duty.

A picnic was held in the pine grove opposite N. Olson's on Friday afternoon, it being the closing event of a successful term of school taught by Miss Emeline C. Muske of Little Falls in Dist. 115. A good time was reported.

School report of Dist. 115 for term ending June 24.

No. of days taught	60
No. of pupils enrolled	17
No. entitled to apportionment	17

Miss Emeline Muske, Teacher.

### LAKIN

June 26.—J. A. Nelson of Minneapolis was up in Lakin and looked over his stock on his ranch. He was well pleased with the stock that he has there and intends to send in a car load more from Minneapolis.

C. W. Bouck of Royalton has a new man on his ranch. The man is from Little Falls. His name is Griffen.

Gertrude Nelson is coming home July 8th. She has been in Red Wing going to school the last three months.

A. J. Nelson is getting some meadows cleared this summer.

There was some young people in Lakin that heard the roar of a mountain lion, but come to find out, it was Mr. Nelson's hound out hunting.

E. D. Carson was in Foley Monday on business.

WE fit the hard to fit in shoes.  
Val E. Kasparek.

Money! Money! Money! We have large amount of money to loan on farm lands at low rates.

Write your Name, Town and State plainly to insure your getting the same.

Address: DR. D. JAYNE & SON, Philadelphia.

### N. P. IMPROVEMENTS

#### Northern Pacific to Have a Double Track From Wadena to Staples

The double track between this city, and Staples will be built at once. This announcement was made last week, and the work has now practically been commenced, says the Wadena Tribune.

For a long time the Northern Pacific has been considering the matter of a double track. This division of the road, and particularly the piece of track from here to Staples, is the busiest on the entire system. All the east bound business of the road goes over this piece of track, and in the fall trains are operated with difficulty, while the danger from wrecks is always present.

A double track will greatly facilitate railroad business over this division, and the railroad men are very much pleased that the company has decided to make the improvement.

It is expected that work will be commenced this week. The engineers were looking over the ground last week.

### THE PHILIPPINE EXHIBIT.

The government's Philippine show at St. Louis, which was expected to cost \$250,000, has cost nearly a round million up to date, so that we are quite positive that the exhibit is most typical in all respects, just as golden grain beer is most typical of what a family tonic and beverage should be. As a tonic its effect upon the bodily and nervous functions is sure if used systematically, and as a beverage it is so delightful that systematic use is practically assured if it be given a trial. Order of your nearest dealer or be supplied by Jos. Ledoux.

### FIRE WARDEN'S REPORT.

The ninth annual report, just issued, of the chief fire warden states that the standing timber in Minnesota is worth easily \$100,000,000, and it is this property which the fire warden system seeks to protect. The state itself owns 2,600,000 acres of land, a part of which is forested and protected by the fire warden system. The state last November sold \$500,000 worth of timber from its own land, and has in all received \$4,000,000 for just the timber sold from exclusively its lands which it received as a gift from the United States. The state will continue for many years to sell timber of various kinds from these lands, and on this practical account is deeply interested in preventing damage by forest fires.

The local service in preventing and fighting fires, both forest and prairie, is rendered by the town supervisors, who are ex-officio fire wardens, and by those whom they summon to assist, and in unorganized territory by fire wardens specially appointed. This service is paid for in the first instance by the counties in which it is rendered and the state pays to the counties two-thirds of such expense. Up to last year the state paid to the counties only one-third of such expense. It is expected that the counties now will be more prompt and liberal in paying such service. In an ordinary year it may be assumed that the two-thirds of the expense of the state has to reimburse to \$4,000.

### DROSKOWSKI SELLS OUT.

A. B. Tribiatowski has bought the saloon and grocery store of Frank Droskowski on the West side Friday and immediately took possession. The consideration was \$6,500. Mr. Droskowski has had a very nice business and no doubt Mr. Tribiatowski will succeed as well.

I HAVE FOR SALE a house on the West side which would cost at present time about \$700 to build. Lot is worth \$200. The property if bought within 30 DAYS can be had for \$475. Stephen C. Vassaly.

ROOMS to rent on Broadway.  
Stephen C. Vassaly.

P. A. Kull, Secy.

A blistering self-important man walked into a barber shop at Sherburne the other day and wanted his hair cut, and he wanted it right away. The mild and unpretentious gentleman in the shop attempted to explain, but was roughly told to go ahead without a word. After the job was finished the old man who knew everything looked into the glass and was horrified at his appearance. He fairly stormed around, and indignantly asked the gentleman if he called that a hair cut. The old man replied: 'I don't know. You must ask the barber. I am the editor of the village paper, was waiting for a hair cut myself, but wouldn't give me a chance to explain.—Jackson Republican.

A. T. Ehlert reports that evidently someone is trying to relieve him of his horse, which he secured through foreclosing a lien, of boarding, care, etc. On Friday last he discovered that the horse had been given a quantity of Paris green, but through hard work the horse was brought out all right. Mr. Ehlert says it will be a dangerous proceeding if he catches anyone attempting anything of the kind again.

FIRE STATISTICS.

Among the reports received at the state fireman's association meeting was that of State Statistician Kelley. His report showed that there are 238 villages and cities within the state maintaining fire departments, of which number 215 made reports to him. Of the 4,016 fires reported during the year the causes were given as follows: supposed incendiary, 51; defective chimneys, 216; lamp explosions, 84; other explosions, 40; children with matches, 45; matches, 86; spontaneous combustion, 51; accidental, 85; carelessness, 246; overheating, 127; electric wires, 62; lightning, 23; fireworks, 3; sparks from chimneys, 84; sparks from locomotives, 51; other known causes 1612, unknown causes, 308.

The cost of maintaining the fire service in the state for the past year was \$925,740 92 and the amount invested in apparatus is \$2,781,694.75.

There are in use in the several departments 104 steam engines, 44 hand engines, 142 chemicals, 450 hose carts, 453,784 feet of hose, 181 hook and ladder trucks, 755 paid men and 6,129 volunteer firemen.

Waterworks system are maintained in 143 cities of which 10 are owned by private corporations.

It is claimed that dandelions in lawns can be destroyed by the use of gasoline without hurting the grass. A writer says the proper way is to apply a few drops of gasoline in the center of the plant, and it will get in its work where applied and not spread to the grass. Two quarts will kill the dandelions on an entire block of lawn.—Ex.

LEARN to trap foxes. Four thousand already trapped with my method. I teach you how to trap on land and water successfully. Write for terms, enclosing stamps to Frank Wertz, trapper 91 N. Madison St., Chicago.

We have hopes of the railroad from St. Cloud, but are losing hopes of the electric. If the sickness of one man stops the whole business the company can't be a company to tie to.

We have made this letter long, but would like to add a few lines as to the route of the road from Pierz to Vineland. Richardson will make a good dry and level road through the town from southwest to northeast, will soon have the last low place cordoned off and covered and if the county commissioners will look over this road and help us a little, we will get all the stamps out and have all places graded. The town east of this will put a good road to connect us to a road south of Vineland. Pulaski will make their road in good shape through the southeast corner of their town. Granite is getting a fine road northeast of Lastrup. Before the snow flies we hope to see 26 miles of the best road there is in the county from Pierz to Vineland, via Lastrup and Sullivan lake.

M. N. CADWELL.

Brown's Business College opens in Little Falls Sept. 5. A thorough, reliable and popular school. A. E. Brown, Prin. Northfield, Minn.

### THE ROAD QUESTION

#### The Advantage to be Gained From the Building of Good Roads

Richardson, July 2.

Editor Herald: I saw in the county papers some items showing that everybody is not satisfied with the wagon road from Pierz to Mille Lacs lake. After going over the country road once, either in a wet or dry time once is enough to make any person disgusted and cuss the country.

For miles beyond Kramer's road that has been traveled and worked for twenty years, no person, excepting a preacher, can ride over that route without saying cuss words. Don't think a stone has ever been removed from the track.

We have known several persons looking for land, and a home, that after going over that road, were thoroughly disgusted with Morrison county. One man from Cottonwood county, looking for a home for himself and three sons, got as far as Christmas lake, had seen enough, came back to Little Falls, and went to Cass county.

Had this man come on the road that Pulaski and Richardson are trying to get opened up, via Lastrup and Sullivan Lake, to Vineland, Richardson would have had at least one more settler.

We are told that Pierz and Little Falls donated several hundred dollars for a road to Mille Lacs lake, the county appropriated a few hundred, and the commissioners were to locate the best route, but somehow the county commissioners located the route on the old trail, and refused to even look at the route via Lastrup and Sullivan lake, where it would accommodate a great many settlers and through what will soon be a fine country without the aid of the county dads or any other nation. The town of Richardson have voted bonds twice to build good roads but got left by following advice of those that were not interested in the Sullivan lake route.

The settlers of Richardson are determined to have some good roads through the town and a good road to some live town, and have voted bonds the third time. The legislature passed a law to loan money to towns to build good roads and Richardson is going to get a loan, or fine out the reason why.

If Little Falls, Pierz and the county commissioners have more money they want to spend on the south road, which needs a lot of it, in the woods and rock, with no settlers interested to keep up the road, it's alright. Richardson will have good roads, a postoffice at Sullivan lake, with roads that will make the mail carrier smile instead of swear. We have got a telephone line started. Will make it a neighborhood line in the vicinity of Sullivan lake, but will make no effort to get to Little Falls at present, as we think there is a prospect to connect this part of the county with some other town just as near.

We have hopes of the railroad from St. Cloud, but are losing hopes of the electric. If the sickness of one man stops the whole business the company can't be a company to tie to.

We have made this letter long, but would like to add a few lines as to the route of the road from Pierz to Vineland. Richardson will make a good dry and level road through the town from southwest to northeast, will soon have the last low place cordoned off and covered and if the county commissioners will look over this road and help us a little, we will get all the stamps out and have all places graded. The town east of this will put a good road to connect us to a road south of Vineland. Pulaski will make their road in good shape through the southeast corner of their town. Granite is getting a fine road northeast of Lastrup. Before the snow flies we hope to see 26 miles of the best road there is in the county from Pierz to Vineland, via Lastrup and Sullivan lake.
