LA FOLLETTE VICTOR

WISCONSIN SUPREME COURT DECIDES REPUBLICAN FACIONAL CONTEST.

Madison, Wis., Oct. 6.—The supreme court has decided that the La Follette state ticket is regular.

The court holds that the case is governed by the second clause of section 36, statutes of 1898, which provides that where two or more conventions or caucuses shall be held and the nominations thereof certified, each claiming to be the regular convention or caucus of the same political party, preference in designation shall be given to the nominations of the one certified by the state committee which had been officially certified to be authorized to represent the party.

The court further holds that the tribunal created by law to determine the factual dispute in question for the guidance of the secretary of state having assumed jurisdiction thereof and decided, free from jurisdictional infirmities, that the nominations headed by Robert M. La Follette for governor are entitled to preference in respect to use upon the official ballot of the name "Republican ticket," it is the duty of the secretary of state to act accordingly, certifying both sets of nominations to the various county clerks, but giving to those headed by Robert M. La Follette for governor preference.
