BATTLE IN PROGRESS

JAPANESE TROOPS ENGAGED IN A GENERAL ASSAULT ON PORT ARTHUR.

Fighting Began on Nov. 26, but Owing to the Stubborn Resistance of the Russians the Attack Continues—Bad Weather Prevails at Mukden and a Big Battle in That Vicinity Seems as Remote as Ever.

Tokio, Nov. 28.—Imperial headquarters has just issued the following announcement: "The works for our attack having been nearly completed against Sung-shu mountain (Port Arthur) and the forts lying eastward therefrom, a general assault was made on the afternoon of Nov. 26, but owing to the enemy's stubborn resistance our object has not yet been accomplished. The fighting still continues."

Tokio, Nov. 28.—It is reported that the attack against 203-Metre hill by Japanese light artillery is succeeding. It is estimated that 90 per cent of the work of the complete occupation of Port Arthur will be finished with this height in the possession of the Japanese. No part of the harbor of Port Arthur will then be concealed from the Japanese.

HEAVY SNOW AT MUKDEN.

Big Battle Below That Place Seems as Remote as Ever.

Mukden, Nov. 28.—A terrific storm was experienced here on Saturday and residents expect a repetition of such weather, coincident with typhoons off the coast, until March. The temperature now is below freezing. The inhabitants of leaky huts are in a pitiable condition.

The war has reached such a phase that the interest in small skirmishes is very slight. Everyone has been looking for a big battle, but though reinforcements continue to arrive, and both sides continue to entrench, a general engagement apparently is as far off as ever. No one now discusses the subject.

A number of commanders are drilling their men as in time of peace. More interest is expressed here in the fate of Port Arthur and its ability to hold out against the Japanese than in what is happening at close quarters.

There have been the usual small skirmishes. Vilimonski's sharpshooters took a Japanese advanced position Saturday, driving out the Japanese at the point of the bayonet. The latter left twenty dead, and the Russian loss was three. The Japanese attacked the Russian lines at several places, taking advantage of a snow storm on one occasion, but in all cases were repulsed.

The village of Eradgo continues to be the scene of frequent small fights. The Japanese made a tentative attack here on Nov. 25, but did not attempt to push home the attack in the face of Russian artillery fire.

SAYS FIGHTING WAS FIERCE.

General Kuropatkin Describes a Japanese Attack.

St. Petersburg, Nov. 28.—General Kuropatkin telegraphs a description of a Japanese attack on Nov. 24 against a Russian detachment near Tinkhetchen (Yensienchen) on the front of the left bank. "The fighting," General Kuropatkin says, "was here, almost amounting to a bayonet engagement, but the enemy were everywhere repulsed and suffered severely. The attack was renewed the following morning, the Japanese having been repulsed, but again was repulsed, and at 4 o'clock in the afternoon a big battle and fog greatly hindered the fighting. The Japanese continued to advance under cover of the fog, but our forces held their positions, and the firing subsequently slackened. The Russian losses were nine killed and fifty-seven wounded.

On Nov. 26, the Japanese resumed the offensive and endeavored to envelop our left flank whilst advancing against our center.

"I have received no later reports," General Kuropatkin also describes the bringing of twenty Japanese belonging to a patrol during a reconnaissance the night of Nov. 25.

CHECKED BY ARTILLERY FIRE.

Jap Attack Upon Tinkhetchen Ends in Failure.

St. Petersburg, Nov. 29.—General Kuropatkin says as follows: "The Japanese attack on Tinkhetchen was checked by our artillery fire, and the fighting ceased at 6 o'clock in the evening of Nov. 27. At no point did the enemy advance nearer than within 100 paces of our positions. In the midst of the battle a blinding snow storm caused a suspension of hostilities, and when the weather cleared at 3 o'clock in the afternoon a turning movement against our right flank was observed."

COVERED WITH ICE.

Hun and Taitse Rivers Are Now Frozen Over.

St. Petersburg, Nov. 28.—A dispatch from Mukden states that the Hun and Taitse rivers have been frozen over. The low stage of water in the Liao river, the dispatch adds, impedes the transport of Japanese stores from Yinkow and the forwarding of ammunition is delayed by the scarcity of wagons. The removal of the wounded from Liaoyang to Dalny is being executed with difficulty for the same reason.

PERISH WHILE TRAPPING.

Breaking Ice Causes Death of Two Minnesota Boys.

Anoka, Minn., Nov. 28.—Two sons of D. G. Emmons of St. Francis, aged fourteen and fifteen years, were drowned in a small pond a mile east of St. Francis, where they had gone to trap muskrats.

SECRETARY TAFT AT PANAMA.

Received by President Amador and the Panama Cabinet.

Panama, Nov. 28.—Secretary of War Taft and party arrived at Colon Sunday on board the United States cruiser Columbia. Mr. Taft was received on shore by Vice President Arosemena and other Panama officials, General Davis, commander of the canal zone, and Minister Barrett. After a conference with the American congressional delegation, Mr. Taft went by a special train to Panama, where he was officially received by a committee and quartered at the residence of Mr. Wallace. He was received by President Amador and the Panama cabinet at 4 P. M. Mr. Taft assured President Amador that the only object of the United States was to build the canal for the benefit of Panama, the United States and mankind, and he hoped for an honorable solution of the matters to be discussed.

GOMPERS AGAIN CHOSEN.

Continued as President of American Federation of Labor.

San Francisco, Nov. 28.—Samuel Gompers was unanimously re-elected president of the American Federation of Labor, except that Victor Berger of Milwaukee, a leader of the Socialist element in the convention, voted in the negative. Secretary Frank Morrison and Treasurer John B. Lennon were unanimously chosen to serve another term.

The following eight vice presidents were re-elected: James Duncan, John Mitchell, James O'Connell, Max Morris, Thomas I. Kidd, D. A. Hayes, Daniel J. Keefe and William J. Spencer. The convention voted to meet next year in Pittsburg.

GREAT WESTERN SOLD

PERSISTENTLY REPORTED THAT UNION PACIFIC HAS BOUGHT THE MAPLE LEAF.

Chicago, Nov. 26.—The Post says: The report that the Union Pacific has purchased the Chicago Great Western road was reiterated during the afternoon with such positiveness and circumstantial evidence in its favor that it received general acceptance.

The deal, which has been pending for some time, was said to have been closed and the Chicago Great Western will shortly lose its identity as an independent road and either be wholly absorbed by the Union Pacific itself or distributed piecemeal among the Eastern connections of that system.

One report has it that the Chicago Great Western will be divided between the Chicago and Northwestern and the Milwaukee and St. Paul, both of which have for several years been close connections of the Union Pacific. The Northwestern, it is said, will take that portion of the Maple Leaf which runs from Marshalltown, Ia., to Kansas City, and the Milwaukee and St. Paul will take the St. Paul end of the line.

There is another view of the case, however, which is that the Union Pacific will keep the Maple Leaf and operate it as the Eastern end of its own system. It will, it is declared, give the Union Pacific a very good outlet from Omaha to Chicago and the short line from Omaha to St. Paul.

THIRTY-FIVE INJURED.

Passenger Train on the Mobile and Ohio Derailed.

Memphis, Nov. 28.—Passenger train No. 1 on the Mobile and Ohio railway, was derailed a mile east of Columbus, Miss., and thirty-five passengers were injured.

Most of the injured are residents of Alabama and Mississippi. None will die.

The place where the wreck occurred is a rocky stratum that is an embankment thirty feet high on both sides. No definite explanation has yet been given as to the cause of the accident. The combination baggage and express car rolled down the embankment and the other two coaches, both passenger coaches, went down loose and fell over the embankment.

FAILURE OF POTATO CROP.

Great Distress and Suffering Among Connecticut Peasants.

London, Nov. 28.—The failure of the potato crop is causing great distress and suffering among the peasantry of Connecticut. The Galway county council has adopted resolutions urging the government, in view of the pressing need, to afford assistance by providing relief works, especially in the congested districts, and by supplying cheap potatoes for the coming season. The council suggested, among other things, the development of mineral resources.

Reports from various districts of Ireland state that the pinch of hunger is already severely felt, especially on the Mayo seaboard.

TRAIN HITS CHEMICAL WAGON.

One Fireman Killed and Four Others Injured.

Dunkirk, N. Y., Nov. 26.—The Lake Shore limited train, Nov. 22, eastbound, running at a high speed, crashed into the chemical wagon of the Dunkirk fire department at the Central avenue crossing, killing Frank Miller, aged thirty-one years, a fireman, and injuring John F. Kraiger, the driver, Charles F. Link, Fred Centner and Albert Steumm. All of the injured will recover. Driver Kraiger did not see the train approaching.

FOOTBALL CASUALTY LIST.

Thirteen Players Killed and Nearly Three Hundred Injured.

Chicago, Nov. 25.—The Record-Herald says thirteen deaths have resulted from football this season. The casualty list is the same as last year, but the number of serious injuries during the season just closed will exceed that of any year since the introduction of the modern college sport. The players injured number 296.

TWO ITALIANS SLAIN

RESULT OF A BRIEF BATTLE ON THE STREETS OF A PENNSYLVANIA TOWN.

Conflict Is the Outcome of an Attempt to Rid the Place of a Gang of Toughs Responsible for Numerous Outrages. Comrades Attempt to Rescue One of Their Number Who Had Been Placed Under Arrest.

Scranton, Pa., Nov. 29.—As a result of the efforts of the better class of Italians in and around Carbondale to rid their colonies of the members of a lawless gang who have been committing many outrages, a street battle occurred at that place Monday night which was attended with the loss of two lives.

At 8 o'clock Carlo Carracci, one of the gang, was caught by a constable in the act of holding up and levying tribute on one of the Italians of the colony. The constable and three of the law and order men started to take Carracci to jail. Word was quickly passed to the gang's headquarters in a nearby saloon and four of them rushed out and opened fire on the constable and his posse. The latter returned the fire. When the attacking party emptied their revolvers they fled, leaving all three of the constable's escort lying in the road with bullets in their bodies. The constable protected himself by holding his prisoner in front of him.

Joseph Toleric was shot through the head and heart and died in a few minutes. Frank Ferresi died of a bullet in his breast near the heart and another in the abdomen. The third victim received a bullet in the arm and after recovering from the shock was able to walk home.

No trace has been found of the fugitive assailants.

It is believed the gang is affiliated with the Mafia or some other like organization, as part of the tribute money is sent to headquarters in New York, according to the statements made by members of the gang when being taken to jail.

Among the outrages recently perpetrated was the knifing of four men who refused to pay tribute. In each instance the victim was called out of his house late at night and slashed across the face.

SUSPECTS IDENTIFIED

GAIN OF EVIDENCE AGAINST THREE MINNEAPOLIS MEN GROWS STRONGER.

Minneapolis, Nov. 29.—The chain of evidence against Orin Kaldewit, John Koib and Charles Hammond, suspected of the murder of little Fred King of Columbia Heights Nov. 17, is growing stronger.

Mr. and Mrs. Koib have positively identified Kaldewit and Hammond as being the three men seen in front of a saloon a few moments before the murder. Both were certain that Kaldewit and Hammond were there.

There was a shot man in the trio and this, as Koib carries with him, is a tradition, there were others who were with the men and identified them as being seen in the locality.

The boys' treatment in cells in the police department is better on a whole and they seem to be a little better on the part of Kaldewit and Koib. They still know about the murder and Hammond, who has been identified by the police as being the man who shot King, is believed to be unchangeable.

QUARANTINED BY DEPARTMENTS.

Quarantined by the Health Department.

NEW TRIAL IS ORDERED.

Jury Discharged in the Nan Patterson Murder Trial.

New York, Nov. 29.—The jury in the Patterson murder trial was discharged during the day and at the same time District Attorney Jerome served notice on Miss Patterson's counsel that a new jury would be selected and a retrial begun at the term of court which opens next Monday.

The illness of Edward Dressler, a juror, who was still on his sick leave last week, was the cause of the action. Miss Patterson appeared very much dejected as she was led back to the Tombs to await the beginning of the new trial.

ROBBER FATALLY WOUNDED.

Citizens of Fonda, Ia., Battle With Bandits.

Sioux City, Ia., Nov. 29.—In a battle between a posse of citizens and three robbers at Fonda, Ia., one of the robbers, whose name is not known, was shot and fatally wounded. The other two escaped, but a posse is in pursuit. The small amount of booty secured was found on the wounded cracksmen.

Mrs. Edward C. Wall Dead.

Milwaukee, Nov. 29.—Mrs. Edward C. Wall died suddenly Monday night after a short illness. Mrs. Wall was the wife of Edward C. Wall, well known in business and political circles throughout the country.

Attention

Farmers.

Why remain in the North and stay in your six months in the year concerning what you raise? Go South where you can work out doors every month in the year, and where you are producing something the year round. If you are a stock raiser you know your stock are now "eating their heads off" and besides, have to be protected from the rigors of winter by expensive shelter.

Economical stock feeding requires the combination of both flesh-forming and fat-forming foods in certain proportions. Alabama and Florida produce in abundance the velvet bean and cassava, the first a flesh producer, and the latter a fat producer, and they are the cheapest and best fattening materials known to the world.

More money can be made and with less labor, in general farming, fruit and berry growing, and truck gardening about our road in the South than in any other section in the Union. If you are interested and desire further information on the subject, address

G. A. PARK,

Gen'l Immigration and Industrial Agent, Louisville & Nashville R. R. Co., Louisville, Ky.
