Hammer blows, steadily applied, break the hardest rock. Coughing, day after day, jars and tears the throat and lungs until the healthy tissues give way. Ayer's Cherry Pectoral stops the coughing, and heals the torn membranes.

"I always keep Ayer's Cherry Pectoral in the house. It gives perfect relief whenever any of us have coughs or hard colds. I have used it for a great many years and so know all about it."—Mrs. MARY OBERST, Vergusburg, N. Y.

## Consumption

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

From time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They can take

## SCOTT'S EMULSION

and tolerate it for a long time. There is no oil, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
