

# LITTLE FALLS HERALD.

VOL. 18. NO. 4.

LITTLE FALLS, MORRISON COUNTY, MINNESOTA.

FRIDAY, MARCH 23, 1906.

## FOUR CREAM GRADES

### Commissioner Slater Defines Classification Now to be Used

E. K. Slater, state dairy and food commissioner, issued a circular Monday to producers and buyers of hand separator cream, explaining the new methods of grading cream framed by the department and adopted by the central creamery plants that buy shipped cream. The circular says in part:

This department desires to call the attention of producers and buyers of cream in this state to the provisions of a law which makes it a misdemeanor to offer for sale or sell impure unwholesome or adulterated cream, and also the manufacture of such cream into any article of food.

Further than carrying out these provisions of the law the department has no authority to regulate conditions, but it is our desire to aid in bringing about conditions which will insure a better quality of butter made from hand separator cream.

We believe this can best be accomplished by grading all cream and by paying for it according to grade, thus encouraging the production of cream of good quality. Cream which cannot be condemned as unwholesome may still be of poor quality and from which butter of high quality cannot be manufactured.

After consulting with many leading creamery men the department wishes to suggest the following grades for cream, and urges all creameries to adopt this plan:

"Extra quality or premium cream" shall be sweet or slightly sour cream of good quality testing 25 per cent or above in butter fat.

"Grade No. 1" shall be sweet or slightly sour cream of good quality testing from 20 per cent to 24 per cent butter fat, inclusive.

"Grade No. 2" shall be cream slightly old or off flavor of any test, and which cannot be classed as impure or unwholesome.

"Rejected cream" shall be cream that is unwholesome and unlawful. The above system of grading conform to the laws of the state of Minnesota, which provide that impure, adulterated or unwholesome cream shall not be used for the manufacture of any food product.

All cream producers using hand separators should endeavor to produce only "extra quality or premium cream" and then secure for themselves the highest price and help maintain for the state of Minnesota her present reputation for the manufacture of high grade butter.

The inspectors of this department will enforce the law to the letter, and producers of cream which must be placed in the "rejected class" will be prosecuted to the full extent of the law. The same will apply to creamery proprietors or buttermakers who manufacture this grade of cream into butter.

The Transcript is claiming glory. Why not give it to the "insurgent," who edited the paper during the campaign?

The local I. O. O. F. lodge No. 111, will entertain invited friends immediately after their next regular meeting Monday evening.

Wenatchee, Wash., Republic 15: Milo Camp left this week to accept a position as bookkeeper for the Peter Sawmill Company, of Sumas, Wash. His family will remain here for the present.

Aitkin Independent 17: Supt. H. E. White of the Little Falls schools visited our school yesterday and addressed the pupils. Prof. White is a brother of Miss Anna White, one of our primary teachers.

The Herald has it on good authority that surveying crews are now at work in the region between Mille Lacs lake and Duluth, and said to be connected with a powerful railroad system, as yet outside of the state—presumably the Illinois Central.

White Earth Tomahawk: It is learned that a logging railroad will be built immediately on this reservation by the Nichols-Chisholm Lumber Company of France if the interior department, and the allottees over whose allotments the road would be located will grant a right of way.

Clinton Foster, for several years employed as fireman on the Northern Pacific, and lately fireman on a switch engine at St. Paul, has been appointed engineer on the engines which are being tried before being put on for regular use. "Clint" has been making good right along and his promotion is only a question of time.

The two homesteads of the local Brotherhood of America Yeomen will consolidate April 30. Meetings will be held in the Yeomen hall in the new block on the West Side. The combined membership will be an even fifty members. The excellent and unique plan of insurance will put this order the front rank of the beneficiary societies in the country.

Pine River Sentinel 16: Mrs. E. Thorpe of Little Falls, who is visiting at the Vassar home, sustained a serious injury to her spine Sunday evening which is quite serious and which it is hardly probable she will ever completely recover. She was playing the organ when the stool gave way and she struck the floor very hard, injuring herself as above stated. However it is expected she will be on her feet again in a few days.

## HOLDS GOOD HERE

Red Wing News: Somebody writes the Republican suggesting that the Red Wing merchants issue catalogues as a means of fighting the mail order houses. That would be a lovely thing for the printers, but the fact is that the people around Red Wing receive from 4,000 to 5,000 catalogues every week in the shape of the Goodhue County News and the Red Wing Republican. Supposing there were only 2,000 copies issued, which is way below the mark, there would be 150,000 a year. In other words a merchant by quoting prices in an advertisement could virtually issue 150,000 catalogues a year, at a mere fraction of the cost of getting up a catalogue of his own business. The small order houses set up expensive catalogues because they would otherwise have to advertise in thousands of newspapers. So their course is the cheaper for them, although not as effective as newspaper advertising would be. Here in Red Wing with only two newspapers, and these two covering the field, there is no excuse for catalogues, nor is there any excuse for not advertising.

The Little Falls Herald issues 3000 catalogues weekly, for that is the circulation of The Herald. The people of this county can be reached through The Herald better and cheaper than by any catalogue method.

## WASN'T HIS PHOTO.

Morris Sun: S. A. Siverts presented the Morris fire department with a handsome picture at their regular meeting last Friday evening.

The county commissioners will meet April 23.

Transcript: "Any man the Transcript supports is a sure loser." Remember 1904?

There will be services in the Swedish M. E. church next Sunday morning and evening.

Howard Hovey has been appointed carrier on R. F. D. No. 6, in place of L. Brolling, resigned.

Mrs. J. F. McNally left the hospital Monday for home, and is recovering from the operation lately undergone.

Mrs. Henry Kruschek of Pierz was operated on for appendicitis March 15th, at the hospital here. There are hopes of a speedy recovery.

Verndale Sun: Mr. Foster, of Little Falls, was in town Saturday. He is a prominent Mason there and takes great interest in the work. He looked over the new lodge hall here and was agreeably surprised at its neatness.

Rev. Stanley Brown will conduct services in the Presbyterian church, West Side, every Sunday morning at 10:30 o'clock.

Archie Niles resigned as R. F. D. carrier, and since then his father and brother, Jesse and Floyd, also resigned. There are several vacancies to fill.

Mrs. Hugh Bribot of Willow River was operated on for appendicitis March 15th, at the hospital here. There are hopes of a speedy recovery.

Verndale Sun: Mr. Foster, of Little Falls, was in town Saturday. He is a prominent Mason there and takes great interest in the work. He looked over the new lodge hall here and was agreeably surprised at its neatness.

Doctor Fortier's friends throughout the county will be glad to know that he has entirely recovered from the effects of the trouble in his right hand. He has used his right hand in several operations lately, and it is as well as ever.

Quite often the excuse penned by the parents is as full of humor as is the child's production. Here are a couple excuses: "Please excuse little Mary from attending school today, as she has an illustrated throat with glaciers on both sides," was a note sent to a teacher. "Please sir, Jonnie was kept home today. I have had twins. It shant occur again. Yours truly, Mrs. Smith."—Ex.

Chaska Herald 15: Miss Grace L. Steels, our fifth grade teacher, met with a painful accident Monday morning in having the corner of her eye burned with a curling iron. The doctor does not know whether she will lose her eyesight or not. We hope it will not be as serious as predicted and wish to see her about the building in a few days.

Miss Steele recovered in a few days.

A newspaper, like other people, is sometimes imposed on. Last week there was sent in, purporting to be from our Rice Lake correspondent, an item to the effect that R. Trask and Miss N. Lamb were to be married. The statement was not sent in by our correspondent, and was not true. These facts developed later. We regret the injustice unintentionally done the parties mentioned by the publication.

Joseph Miller of Pike Creek has leased the Windsor hotel, corner Kidd and Bay streets, and it will be opened April 1st as a first-class boarding house. The house has been renovated and refitted, and put in good shape. Mrs. Miller will actively manage the place, which means that the board and lodging will be satisfactory to all patrons. The name Windsor hotel will be retained, but a specialty will be made of boarding people by the week or month.

Paynesville Press: Will Turner, of Aberdeen, S. D., and Frank Turner, of Little Falls, spent last week in Paynesville as the guests of their father, W. C. Turner, and in visiting with the older settlers of the village. The Turner boys were among the earlier residents of Paynesville but left here some twenty-five years ago. Wm. Turner is now the general agent for the Acme Harvester Co. with headquarters at Aberdeen, while Frank is a prosperous miller at Little Falls.

## THE CITY ELECTION

### Chance Elected Mayor, Lane and Enke Aldermen

THOSE ELECTED.  
Mayor—N. W. Chance.  
Clerk—Fred Cary.  
Assessor—Geo. LaFond.  
Constable—A. Feuger.  
Alderman at Large—Geo. M. Kiewel.  
Alderman First Ward—J. H. Enke.  
Alderman Second Ward—E. C. Lane.  
Aldermen Third Ward—Carl Bolander 2 years, T. F. Dewey 1 year.

## Little Falls City Election, March 20, 1906.

CANDIDATES.	1st		2d		3d		Total.	Majority or Plu.
	Wd.	Pct.	Wd.	Pct.	Wd.	Pct.		
Mayor:								
Chance	114	131	103	83	431	34

Grest	9	5			14			
Treby	6	5			12			
Scattering					8			

The local school basket ball team will play Minneapolis central high school at the opera house tomorrow evening.

It has been so long since the Transcript, even by accident, supported a winning local candidate—that its present fit of jubilation is pardonable.

Thos. S. Darling, for some time with the First National bank, has gone to Winnipeg, where he will be employed by a new land and investment concern. Tom takes with him the good will and best wishes of many friends.

Andrew Even of North Cudrum was in the city Wednesday after medical aid for John Mehuda, an old man, aged 75 years, who lives with Ted Rutz. Mehuda was loading wood, and two heavy sticks struck him in the groin, injuring him internally.

## DIED

Mrs. Mary Amelia Gran, wife of W. H. Gran, died at St. Gabriel's hospital at 5 o'clock Saturday afternoon, aged 27 years, 8 months, 12 days, of appendicitis, after an illness of 11 days. Mrs. Gran's condition was such that she could not be operated on.

The deceased was the daughter of Mr. and Mrs. Jeremiah Ehnman, and was born at Laketown, Carver county. She was married in 1899 at Chaska, to W. H. Gran, then in the newspaper business there. They came to Little Falls in May, 1905, Mr. Gran being a representative of a nursery company.

The deceased leaves two small children, Theodore, aged 5 years, and Roland, aged 3 years. Her mother, Mrs. Barbara Ehnman, brother Joseph, and sisters, Mrs. Volight of Little Falls, Mrs. J. W. Gleason and Mrs. M. Tharpe of Minneapolis, survive her.

The remains were taken to Jordan, her former home, for interment. Mr. Gran has the sincere sympathy of all in the loss of his wife, taken away so suddenly and sadly.

August Jansen of Morrill died at St. Gabriel's hospital, of heart failure, soon after 5 o'clock Tuesday afternoon, aged 50 years.

Mr. Jansen was a native of Germany. He came to Morrill from Iowa about five years ago, and had a farm and general store. He was a thrifty and hard working man. His only relatives, two sisters, Doris and Frederica, and a step-mother, live in Hambr, Germany. His will was filed with the judge of probate a few days before his death. C. W. Bouck, a close friend of the deceased, will be administrator of the estate, which goes to the relatives in Germany.

The funeral was held at Royalton Wednesday.

A very sad death was that Thursday last week, at Elmdale, of Mrs. Etta Lundeen, aged 36 years, wife of C. J. Lundeen, a prominent citizen of Elmdale. Mrs. Lundeen died of consumption. She was the daughter of J. J. Jacobson, for many years a leading citizen of Elmdale, and was a woman of sweet disposition and every woman's quality. The funeral was held at Elmdale Sunday, and both families have the condolences of all who know them.

## BROWER WON'T RUN

### St. Cloud Man Gets Out Of Buckman's Way

The St. Cloud Journal-Press of Tuesday has a statement from Senator Brower, as follows, declining to be a candidate for congress, and the third paragraph of the statement will be read with a smile:

I wish to inform the people of the Sixth district and my friends and acquaintances generally, that I shall not be a candidate for congress or for any other position of a political character. I am impelled to this conclusion and declaration by the urgent demand of my law practice. It is impossible for me to hope to divide my time between my practice and the work incident to a congressional campaign. I find myself, in reality, at the dividing of the ways. One leads to political activities, requiring the abandonment of my legal work; the other to the practice of my chosen profession, requiring the abandonment of politics. I have chosen the latter course.

I am grateful to many friends for proffers of strong support in the proposed congressional contest. I feel convinced also that the people generally would have cordially received a public announcement of a determination on my part to enter the lists. To all these friends I wish to hereby convey my most grateful acknowledgments for their confidence.

I believe it entirely proper to add that my immediate personal and political friends in this city have not any time by any act or word sought to discourage me in formally entering the field against Mr. Buckman; on the contrary, they have without exception refrained from placing a single obstacle in the way.

Concluding, I wish to thank my friends in this city and vicinity and in Benton and Sherburne counties for their loyal support in two campaigns. I shall not forget their loyalty to me in times of need.

CLAIMS BROWER WILL NOT RUN. Minneapolis Journal 18: Ripley B. Brower of St. Cloud, who has been touring the Sixth district and organizing a campaign for months past, will not be a candidate. The announcement he has promised to make about April 1 will not be made.

In all probability Frank M. Eddy of Sauk Centre, former congressman from the old Seventh district, will take advantage of the opening and enter the lists against Congressman Buckman. If he does not, some other leading republican will, for the Buckman opposition is already organized and only wants a leader.

Brower's decision, his friends say is not due to any faint heart, but to personal and business reasons. His business partner has been much opposed to his running as their practice needs the constant attention of both.

Then Alvah Eastman and James A. Martin, close political friends of Brower's, are tied up to the Buckman machine, Eastman holding a land office position and Martin the postoffice.

Brower had with a vigorous canvass expected to win, but he yielded to the wishes of his friends, and has promised that he will not file for the nomination.

This assurance, it is understood, was conveyed to Congressman Buckman while home last week, and he went back to Washington happy.

The Buckman men tried months ago to get Brower out as a candidate for governor, but he refused to consider it. If in politics, he would run for congress and that only. He is no nearer considering the nomination for governor now than he was before.

He is out of it entirely. Within two or three weeks he stated positively that he would run for congress, so the change has come suddenly.

Frank Eddy is considered the most likely candidate to be pitted against Buckman at the primaries, but there are several other possibilities, including A. L. Cole of Walker, A. F. Foster of Litchfield and Frank White of Elk River.

At a meeting of the council Wednesday evening the election returns were canvassed, and candidates having a majority of votes were declared elected:
