

AUSLAND

March 24.—Peter Prescott went to Brainerd last Thursday. Wm. Jones had the misfortune last Tuesday to have his house burned, as there were no men at home. There was hardly anything saved. There was no insurance so it is a total loss. John Knudson made a flying trip to the county seat Wednesday. A. C. Stroeming went to Little Falls on business last Friday. Tegner Knudson is able to be up and around again. Our correspondent in the Transcript says that there was voted a herd law this year, the same as last year. He had better get posted a little bit more before he says so, as the votes were 22 for herd law and 26 against it. L. P. Snow bought a very fine horse at the Eckland auction sale last Friday. Everybody seems to have a bad cold and is quite a lot of sickness in this locality. No wonder the way the cold weather keeps on. There seems to be quite a lot of talk about certain parties in this locality, but talk is cheap and some day they might have to prove it. Mr. Anderson, the Lenox store keeper, was in this locality last Tuesday on business. Arnold Page is home nowadays for a visit. He has been foreman on the N. P. railroad all winter and thinks a little rest will do him good. There seems to be a awful lot of wolves around here and there are quite a number after them, but Mr. Wolf seems to be too smart for all of them.

BELLE PRAIRIE

March 26.—Miss Cora Reaper has returned home, for a week's visit with her sister, Mrs. Joe Lafond of Little Falls. Fred Beveridge has returned home from Cloquet, where he has been employed for several months. We are sorry to learn of the resignation of our mail carrier, Jess Niles, from route 4. Mr. Niles has given good service during his two years run on this road and we regret very much that he has decided to give up the work. Henry Trumbly of New York arrived Friday for a short visit with his cousin, Chas. Heroux. Mr. Trumbly is en route to Colorado where he will be employed. Allen Waite, a former resident of this place, but late of Nashua, Ia., arrived Friday with a carload of household goods, farming implements and stock and will continue his residence here. Mr. Waite owns what is known as the Hudson farm. A very sad death was that Saturday afternoon of Mrs. Claudia Moran, wife of David Moran, Jr., of this place. Mrs. Moran had been ill for some time and died of a complication of diseases. She was the second daughter of Mr. and Mrs. Leon Dugas and was but 20 years and 4 months old at the time of her death. The deceased was a woman of sweet disposition and well thought of by all who knew her. She was married less than two years ago and besides her husband she leaves her mother and father, several brothers and sisters and many relatives and friends to mourn her death. Funeral services were held Monday morning and the remains laid to rest in the cemetery here. Mr. Moran has the sympathy of many friends in his great sorrow. Fred Bugh has loaded a car of emigrant movables and on Tuesday will leave for Cleveland, N. D., where he owns a large tract of land. Mr. Bugh moved to Dakota about a year ago and reports it a very prosperous country where he is located. He and his family have been here several weeks visiting relatives and renewing acquaintances. During his stay here Mr. Bugh purchased two splendid work teams and lumber and machinery for use on his farm in Dakota.

PEACEFUL VALLEY

March 26.—A bad fire occurred in this vicinity the 20th inst., which resulted in the destruction of the dwelling house of J. C. Bartholomew and nearly all of its contents. Mr. Bartholomew was away from home at the time. Mrs. Bartholomew and son, Jay, and his wife were at dinner. When they first discovered the fire the chamber was full of fire. The elongings of the young couple were in the chamber and consumed by flames. The house being tapered the fire spread rapidly and nearly all the wearing apparel they saved was that they were wearing at the time. A few things which were easiest removed were saved. Several of the neighbors were soon on the ground and by hard fighting the barn and other outbuildings were saved. There was no insurance on the house. Mr. Bartholomew's are living at present in what is known as the John Dussault house. They intend to erect a new house at once. There is rumor of war in our peaceful valley. J. B. Murray and Ben Draper took a header while driving home from the town clerk's Tuesday evening. Ben says he did not know the crust on the snow was so hard. He was laid up with a lame shoulder for a while after. Every other day people go to a sale and every other day they don't. Tony Minette is the leading auctioneer in Todd county. Miss Mary Gilan has been engaged to teach the Fawn Lake school. J. C. Bartholomew had a 'bee' Monday to get logs for a new house.

Signor, a few days ago, a daughter. Frank Bennett moved onto section Thursday. The saw mill is again in operation. G. A. Outholdt's folks are on the sick list, but not dangerous. The cow story was told as an original story anyway, and we only thought it was Little. Huff said. The rain and sleet have not improved the roads any and there is not much being done in the way of hauling. S. T. Bennett and Geo. Outholdt were hauling lumber from the McCoy-Hall saw mill Saturday.

NERVOUS PEOPLE

SOMETHING YOU OUGHT TO KNOW.

"No nerves and never irritable." This is what our well known druggist, C. W. Walling, says people report after taking Vinol. "It is remarkable," said Mr. Walling to the editor of the Herald, "how many people buy sedatives and all sorts of opiates to quiet and deaden the nerves, when they are weakening their entire nervous system by doing so. "Nerve troubles are easily cured," continued Mr. Walling. "It is simply a case of treating the general weakness, not the nerves alone, and that is just what Vinol does in the most direct and simple manner possible. It cures nerve troubles because it builds one up, and makes one strong all over. It invigorates the entire nervous system, makes new blood and vitality. "Vinol contains no drugs, and you know what you are taking—simply the medicinal curatives found in cod liver oil with a little organic iron added. It is fast superseding old forms of cod liver oil and emulsions because it is so delicious to the taste and has such marvelous vitalizing power. It is for this reason that we say to every nervous, run-down and debilitated person in Little Falls, try Vinol, and if it does not cure you come back and get your money." C. W. Walling, Druggist.
