WANT MARKET SHEDS

Broadway Merchants Busy Getting Money for New Market Sheds

A committee of merchants doing business on lower Broadway were calling at various other business places this week securing contributions for the erection of new market sheds, which it is planned to place on the vacant lots just west of the Golden Rule store, where there is ample room to accommodate a large number of farmers.

During the past several years there have been sheds on First street North and First Avenue, but buildings are crowding these out so that but few people can put up their rigs in them and the present movement has therefore been started. The use of the land has been offered by the owners and it is expected that enough money will be raised to enable those interested to erect cheap but serviceable structures.

LUMBERMEN DEPENDING ON RAINS.

Duluth Herald: "There are about 100,000,000 feet of logs in the river between the Twin Cities and Little Falls," said A. P. Webb of Little Falls, at the Levee. "For a time it was feared that, because of low water, there would be a shortage of logs at the Minneapolis mills, but enough have been floated down to keep the mills supplied. The government reservoirs are holding back practically all the water which would otherwise assist the drive, and the lumbermen are entirely dependent upon rains. The reservoir supply is primarily for the benefit of steamboat navigation, and the lumbermen can hardly ask that the gates be opened while there is enough water for the steamboats."

Licensed to marry—C. Rosenmeier and Miss Linda Bakken of Royalton. Mr. Rosenmeier is an attorney and purchased the practice of Geo. F. Niles.

Mr. and Mrs. Bernard Barton stopped over in the city on their way to points in North Dakota, where Mr. Barton goes in behalf of the Pine Tree Lumber Co.

Frank A. Nelson, the enterprising photographer, has bought 50 feet on Broadway west of H. Landahl's office, and will later on improve it by putting up a good building.

Rev. C. M. Hallanger will conduct services in the English language at Elm Dale Sunday afternoon Aug. 26th at 4 o'clock. The children will meet for instruction Monday Aug. 27th at 9 a. m.

The township of Santiago, 15 miles from St. Cloud, is much wrought up over the discovery of a 40-foot bed of merchantable iron ore by a representative of a Duluth company, who has been drilling there.

Con. Roble, clerk at Gendron's grocery store, had the second finger of his left hand badly smashed Monday by a large cake of ice which slipped from his hand as he was placing it in the ice box.

Stephen G. Vasaly and niece, Miss Frances Fortier, left Tuesday for Montreal, Can., near which Miss Fortier will enter St. Hyacinth's academy. Mr. Vasaly will go on to New York and other Eastern cities before returning.

T. F. Murphy went to St. Cloud Monday to attend the funeral of Michael Majorus, who died suddenly at his home in that city Saturday evening. Mr. Majorus was one of the oldest and most respected citizens of St. Cloud.

Attorneys A. P. Blanchard and E. A. King left Tuesday for New York City, where they go on business connected with the case of M. M. Williams vs. the Water Power Co. There are in New York several important witnesses in this case and it is necessary for the attorneys to secure depositions of their evidence, as they cannot be forced to obey a subpoena served upon them from another state.

At a meeting of the A. O. U. W. held Tuesday evening, six new members were initiated. Past Grand Master Workman W. B. Anderson and Grand Master M. B. Tift were both present.

Those initiated were John M. Jackson, Eric Johnson, W. J. Benson, Ulrich Akerberg, Henry Peterson and A. W. Norman.

Very eloquent and interesting addresses were made by the two grand lodge officers. The presence of the Grand Master was unexpected, and was a delightful surprise. Mr. Tift told of the order's condition and how it was prospering. Mr. Anderson in his address pointed out how the A. O. U. W. was the parent organization of the kind, how in its 38 years of existence it had paid out \$163,000,000 to beneficiaries without the loss of a single dollar and that in all those years not a single officer of the grand lodges and supreme had been unfaithful to his trust.

KASPAREK TO MOVE

Popular Shoe Man Will Occupy Store Room in Bank Block

Val. E. Kasparek, who has occupied the West store room in the Y. Block since its completion, has found his quarters too small to accommodate his flourishing business and he has rented the large room in the First National bank block, which is now being repaired and placed in condition for occupancy.

A hallway has been cut through the rear to the alleyway and the partitions have been removed within, so that besides rear and front entrances the store will have a side entrance, that on Second street. Mr. Kasparek will considerably enlarge his already large stock of shoes and men's and boys' furnishings and it is safe to say that in his new location he will enjoy a still larger patronage than at the present time.

Don't be in a hurry to brag on records, Mr. Morrison county.

WOMEN WILL VOTE

For School Superintendents at Primaries Says Attorney General

In a circular to county auditors issued August 16, Attorney General E. T. Young advises that women had better be allowed to vote at the primaries for school superintendents. He does not withdraw his opinion recently given that women have no right to vote at the primaries, but since there has been some controversy on the question he advises that they be allowed to vote and the votes be kept separate. In case of a contest, it would then be easy to reject these votes, but if the women were not allowed to vote and it were decided by the courts that they had that right, serious results might follow.

In the circular he says: "The right of women to vote at the primaries for the nomination of school superintendents has been the subject of much controversy. There never was any question but that the right ought to be given by law."

"I advised the state superintendent some time ago, in answer to an inquiry on the subject, that in my opinion, under the present law, such right was not given. Many able attorneys think, however, that what ever is deficient in the statute in this regard ought, in construing it, to be supplied by intent, so that the right to assist in making such nominations would not be denied to women. The question is not free from doubt. The law is so worded that impartial students of statutory construction might reach different conclusions upon it. As the question is important, I feel that no false pride of opinion should be permitted to stand in the way of substantial justice."

"A prominent attorney prudently suggests that, if the votes of women should be refused at the coming primary and the courts should ultimately decide that they had the right to vote very serious wrong would result. On the contrary, if the votes of women should be received and kept separate, so that the exact number of votes cast by women, and for whom cast, could be readily ascertained in case of a contest, no serious harm could result, as such votes could in such case be rejected if judicially determined to be illegal, and the result of the primaries still be ascertainable."

"I have therefore concluded, under the circumstances, for the reasons stated, to recommend that the votes of women be received at the coming primary, using separate ballots and separate boxes, so that if after the primaries any interested party desires to take the question into the courts it can be conveniently done."

WILL INCORPORATE

Local Association to Facilitate Establishment of Wheat Market

The Little Falls Retail Merchants' Association held a special meeting Friday evening at which it was decided to incorporate and Secretary Bergheim was appointed attorney to draw up papers of incorporation to be submitted at Friday evening's meeting. This move is taken that the association may purchase and handle wheat in their own name, instead of in the names of four of its members as was done last year.

The association possesses a fine little elevator, which is now being remedied and will make it a point to see that the local wheat market is kept up if they have to lose money doing so, as the movement is not one for direct gain, although it will bring more trade to this city than has been enjoyed in the past.

THESE PASSED BEYOND

Old and Young Answer the Summons of Death

Mrs. Peter Morin, one of the oldest settlers of this vicinity, died Thursday afternoon at the home of her daughter, Mrs. Jos. Dufort, on Fifth street, N. E., at the ripe old age of 78, death being caused by a complication of asthma and dropsy.

Mrs. Morin was born in Montreal, Canada in 1828 and in 1868 she was married to Peter Morin, a resident of that city, where they resided for some time after their marriage. In 1887 they moved to Morrison county, living upon a farm in Belle Prairie until about three years ago, when they moved to this city and made their home with Mrs. Dufort, where Mrs. Morin's death occurred.

Besides a husband, the deceased leaves to mourn her loss, three children: Mrs. Ellen Patrick of Montreal; Mrs. Jos. Dufort of this city; and Peter Morin of Tower, Minn. The funeral was held Saturday morning from the French Catholic church in this city, interment taking place at Calvary cemetery.

William Walter Keeler, the 18-year-old son of Geo. Keeler, residing on Fourth street, northeast, died at the home of his parents, Saturday morning, death being caused by appendicitis, from which the young man had been suffering but a few days. He was at work in his capacity as steamer for the Pine Tree Lumber Co., Wednesday, when he was suddenly taken with the dreaded abdominal trouble and had to be removed to his home.

He was to have been operated on Monday morning, but felt very good Friday and refused to lie in bed, so arose and attempted to walk, when he fell back and steadily declined to the time of his death, which occurred about 6:00 o'clock, Saturday morning.

Besides his parents, the young man is survived by two brothers and two sisters, Mrs. J. C. Briggs of this city, Mrs. Chas. Shepard of Spokane, Wash., who is now visiting here, and Frank and Harry Keeler, both of this city.

The funeral was held from the family home Monday afternoon at 3:00 o'clock, the remains being followed to their last resting place by a large number of sorrowing friends.

Powers-Spalding Tribune: Ellen, the beloved wife of N. LaFond and mother of Mrs. E. M. Lemay of this village, succumbed to old age early this morning at the home of her daughter, Mrs. E. M. Lemay, after a lingering illness of several months. Mrs. LaFond has been a devoted Christian all her life time and has been a comforter to the sick and those in distress. Grandma LaFond, as she was usually called, was a friend to all who knew her and in her death the community loses one of its best and oldest citizens. Mrs. LaFond has for a number of years made her home with her daughter, Mrs. Lemay and in that home the departure of the deceased to its everlasting resting place is keenly felt by the entire family.

Mrs. LaFond was a good wife, an affectionate mother and grandmother. Mrs. LaFond was born in Canada 78 years ago last July and was married to N. LaFond 53 years ago next October. About thirty-six years ago the family moved to Brainerd, Minn. At that time Brainerd was inhabited by only three families and today it is a city of several thousand inhabitants.

They resided at Brainerd for eleven years when they returned to Canada but remained there only eighteen months when they returned to Brainerd and Belle Prairie, at which places they made their home for seventeen years, when they came to Powers and resided there for several years ago and resided here ever since.

Mrs. LaFond is survived by a sorrowing husband and three children, Albert of Brainerd, Minn., Mrs. St. Mary of Belle Prairie, Minn., and Mrs. E. M. Lemay of this village. She also leaves two sisters, one residing in Canada and the other in Coleman, Wis.

Mrs. LaFond, who lived in Powers, Mich., was well known in this locality and had many friends in Little Falls and Belle Prairie, her former home.

Mrs. Sereva May Skinner, residing on the corner of Fourth street and Seventh avenue N. E., died Monday afternoon, death being brought about by the great white plague, consumption. The deceased was 40 years of age and left a husband and five children, Paulina, Dora, Mary, Clarence and Frank to mourn her death.

She was a dutiful wife and a loving mother and her many friends join with the family in their sorrow.

Before the stone slab is put in place on which the huge granite boulder, the principal feature of the Pike monument, will rest, there will be deposited beneath it by the executive committee of the Pike centennial, papers, documents and mementoes that will prove a valuable source of information to future generations.

In a large copper casket will be placed copies of the local papers of the date on which the case is finally sealed, together with those from other sections of the state. STATE GRANTS PENSION

Narcisse Gravel Secures Pension Under Law of 1905

Narcisse Gravel, one of the oldest settlers of the county, who has for some time been confined to St. Gabriel's hospital, on Wednesday was granted by Adjutant General F. B. Wood, a pension of \$12 per month in recognition of his services in helping to quell the Sioux Indian outbreak in 1862. The pension is granted under the new law of 1905.

Mr. Gravel has been disabled for a long time, and his friends will be glad to learn that his efficient work has been rewarded.

Several other Morrison county people have applications in for pensions from the state, and as all are deserving, it will be only a question of time when the pensions are granted.

N. Richardson was granted a pension some time ago. He prepared the papers for all the applicants.

Besides Mr. Gravel's pension, the following were granted: James A. Wanter, Minneapolis; William Hurley, St. Paul; Marvin Tyler, St. Peter; Silas J. Green, Minneapolis; Benjamin L. Van Horn, Fairbault; David Bedbeau, Ancker; M. B. Martin, Northfield; Mathias Mueller, New Ulm; Charles Kelly, Anderson; Samuel Martin, New Ulm; George Hess, St. Paul.

Among the old soldiers who thoroughly enjoyed themselves at the encampment last week was S. J. Bryant of Little Falls, who had the great pleasure of meeting several comrades whom he had not seen since war time. One of them, when desperately wounded, was carried off the field by Mr. Bryant. The meeting between these two was very affectionate.

John Sammlson, who has been employed on the Kanabec County Times, published at Mora, Minn., arrived in the city Monday and will be employed in the Transcript composing rooms.

PIERZ

Aug. 23.—Louis Fench had purchased the famous bird dog, (a pointer), from John Gross of Granite. He paid \$25 for it and states that it is the best hunting dog in this territory and nothing less than \$50 can touch him now.

Guest Hoffman of Bub, who purchased the Kigen farm, was in the village Monday and the papers were completed in the transaction. Mr. Hoffman paid \$5,400 for the farm and a few days after he had purchased it was offered \$6,900 for it from a Wisconsin party, but refused to take it. Mr. Hoffman intends to spend the balance of his days on the farm.

H. Brust is sole agent in this vicinity for L. L. May & Co. goods. Call on him for anything in the line of fruit trees, shrubbery, shade trees, etc.

Another interesting game of ball will take place on the Pierz grounds Sunday afternoon. Little Falls' best will come out and try the Pierz boys another game. Little Falls has been defeated three games by the Pierz team and they are making every effort now to win a game.

Dr. John E. Hennecke, a veterinarian of Bub, will probably move into the village this fall and open an office here.

Lastur has lost in addition to a painter, a cheesemaker, who also disappeared.

Mr. and Mrs. Jcs. Dahmen returned from LeRoy, Wis., where they were visiting Mrs. Dahmen's father, for a week. He is dangerously ill there.

Willie Virng returned from Quincy, Wash., this week with the intention of having an operation performed for appendicitis.

Wm. Konen, Frank Faust, J. J. Brummer, John Phillip, Cap. Gravel, A. E. Macho, John Bares and F. X. Virng were elected delegates Wednesday evening to represent Pierz in the democratic county convention in Little Falls Saturday. John Stumpf was elected chairman and Jos. Boehmer secretary, Jacob Nohner and Frank Marshik were chosen judges.

Jos. W. Faust, the harnessmaker, left Wednesday for Ft. Ripley, where he will have a tumor removed from his cheek by Mrs. Root of that place.

The question of voting for or against railroad bonds will be brought before the people of the following towns, at the November election, Pierz, Bub, Platte, Pulaski, Richardson, Granite, Hillman, Mt. Morris, Lakin, Morrill, Beckman and Agram. Then it will be up to the people to show whether they want a railroad or not. It is about sixteen years since the people of the eastern towns turned down a railroad bond proposition and if they turn it down again it will undoubtedly be another generation before they get a chance to vote on railroad bonds again. More about this matter will be published later.

Mrs. Ester Beetch and children and niece Emma of St. Paul are here visiting their sister, Mrs. F. X. Virng.

Most of the farmers report wheat a small crop again about the same as last year. Barley and rye is a fair crop, but oats is reported to be a good crop, the best for several years.

Sam Cyrus, a member of the town board of Richardson, was in the village Wednesday and stated that he was going to leave for Tower, N. D., Saturday, to work during harvest and threshing. He states that all the town officials with the exception of Peter Adkins a supervisor, are working in Dakota this summer and there are only five citizens left in the town to conduct the primary election.
