

Ask Your Own Doctor

If he tells you to take Ayer's Cherry Pectoral for your severe cough or bronchial trouble, then take it. If he has anything better, then take that. But we know what he will say; for doctors have used this cough medicine over 60 years.

"I have used Ayer's Cherry Pectoral for hard colds, bad coughs, and influenza. It has done me great good, and I believe it is the best cough medicine in the world for all throat and lung troubles."—E. C. STRANT, Albany, Oregon.

Keep the bowels open with one of Ayer's pills at bedtime, just one.

DARLING

Nov. 27.—There was an entertainment in School District No. 35 Wednesday evening.

The Darling news was accidentally lost in this office last week.

August Blomquist has returned home from Morris and states that there was still much threatening to be done there, but that the snow put a stop to the work.

Chas Nordstrom and Aaron Engstrom are helping Louis Anderson build a barn.

From all reports heard about here, the teacher in District 25 is the best we have had for years past.

Frederickson Bros. handled lots of turkeys and chickens, and also some cattle, lately.

Mrs. Otis St. Denis' parents are here for a visit.

There was a good attendance at the service held last Sunday at the Swedish Lutheran church.

The roads are good now, but a little more snow wouldn't hurt.

The Birdville farmer is building an addition to his stable.

A good many of our boys intend to go to the woods soon.

Miss Minnie Peter is visiting with her parents. She has been employed in Minneapolis.

Mr. and Mrs. David Carlsson of Little Falls attended the social last Saturday.

RICE LAKE

Nov. 27.—James Randall came down from Agram Saturday and visited here a few days.

Miss Ethyl Lamb, who is teaching in West Bookman visited at her home here Saturday and Sunday.

Wm. Lamb, Jr., was a county seat visitor Tuesday of last week.

Two of our Rice lake boys are digging out skunks nowadays. That they are very successful goes without saying.

There will be no school in Dist. 29, school No. 3 Thursday and Friday on account of Thanksgiving.

May Love is visiting with her grandparents, Mr. and Mrs. Henry Love, this week.

Miss Hattie Lamb of Little Falls is visiting here with her father, John Lamb, and her sister, Mrs. P. Pratt.

James McLeod, Isaac and Gilbert Isaacson and the Duerr brothers have gone to the woods.

Mrs. Thomas Lamb and daughter, Miss Hazle, were Royalton visitors Saturday.

Most of the Rice Lake people went to Little Falls Saturday, as it was market day.

Misses Elsie and Rachel Love visited with Miss Hattie Lamb Friday afternoon.

Quite a crowd gathered at the home of Mr. and Mrs. Henry Love Sunday. Amusement was afforded by the phonograph.

Mrs. Robert Murriff and children visited with her daughter, Mrs. L. Love Saturday.

PLATTE

Nov. 27.—Mr. and Mrs. M. J. Kosobuski were at Flensburg Saturday attending the funeral of Mr. K.'s mother, Mrs. Vico Kosobuski, who died Thursday of last week. A. J. Kosobuski of West Superior also attended the funeral.

John S. Kozinski, S. Kaminski and Walter Sypinewski left for the woods Wednesday.

Miss Jessie Kennedy, our teacher, visited her parents at Little Falls Wednesday.

August Winczewski of Flensburg, who plastered the new school house here, went home Tuesday.

John Kosobuski went to Piers after a load of lumber for the new school house.

BUH

Nov. 27.—Fred Ziegler returned from Freeport last Friday.

Mr. and Mrs. John Tschida of Freeport are here on a visit.

B. Limberg has bought an Empire cream separator and John Kraemer a "Lava".

The Lustrap cheese factory has sent out checks recently for milk delivered in August, which show that the patrons received 20 cents per pound of test. Our local creamery paid 11 cents for the same month.

Now we wish some of those who have always claimed that they do better at the cheese factory, would explain why. Perhaps they lay some value on the fact that they have money coming, even if they deliver milk only six months.

The following is published by special request:

Duluth, Minn., Nov. 7, 1906.
F. J. Weis, Mgr.
Freedholm Creamery Co.,
Freedholm, Minn.

Dear Sir—We received yours of the 5th inst. and are somewhat surprised at its contents. We will assure you that we were not informed that you were running a skimming station at Piers when we made our contract to put in a creamery there for the simple reason that you were not running a skimming station there. Furthermore, the day we signed the contract with the merchants of Piers to put in a creamery we were offered the building that we understand you are going to occupy which is the old creamery building in the rear of Mr. Hartman's store. We have signed a contract to put in a creamery at Piers, and we will assure you that it is going to go in. We are not looking for trouble, have never made it a business to locate where there was another plant. Your locating at Piers is simply a scheme of Mr. Hartman's to try to discourage us. He notified us the day we signed the contract that he would try to get a skimming station put in that building to hurt us. He simply wanted us to locate the creamery at the rear of his store, so that he would receive all the benefits and the rest of the merchants at Piers get nothing. We wanted to be fair to all parties concerned and decided to locate the creamery between the two business centers, whereby the farmers could unload their milk or cream, and go and trade where they wished. No fair minded man should object to a proposition of that kind. We believe that you are making a great mistake. You are apparently looking for trouble, or trying to scare us away. The proposition we are in is that we could not withdraw if we wanted to.

We have signed a written contract to put in a creamery at Piers. We are going to live up to it and while we are not trying to bluff you in any way, we will assure you that we will get the business at Piers after we start up. We will get it by treating the farmers right and paying a higher price than you, and if it is necessary, we will put in a creamery at Freedholm.

We find plenty of business in Minnesota without any of us fighting for it. There is not enough business at Piers today to keep one good plant going, and it is simply nonsense for two parties to go in there to fight for what little business there is.

You were notified before you did anything that we had signed a written contract to put in a creamery at Piers.

We trust you will consider this matter further, and will be pleased to hear from you again regarding same.

Very truly yours,
The Bridgeman & Russell Co.
Per H. Bridgeman.

It is claimed by Mr. Hartman that he said he would have a creamery or skimming station before building commenced in lower town.

RIPLEY

Not many people attended mass in Belle Prairie Sunday because of the bad weather.

David Gaboury, Sr., and Louisa Gaboury, were county seat visitors Thursday afternoon.

Henry Gaboury of Ripley drove to David Gaboury, Sr., of this place with a load of straw.

Mr. and Mrs. Victor Moran were the guests of Mr. and Mrs. Hector Shilling's Thursday evening.

Mr. Brutecher is hauling coal from Little Falls for his winter use.

Mr. and Mrs. Charles Doucette were the guests of Mr. and Mrs. Geo. Gaboury Sunday.

Louisa Gaboury called on Edna Doucette Sunday.

A fine lot of cattle went by here Sunday and Monday en route for Little Falls.

Joseph Bricean and Augusta Wentzel were married Tuesday morning at the French Catholic church of Belle Prairie. We all wish them a long and happy wedded life.

HUFF

Nov. 27.—Thos. Donley and George Outhoudt returned from their hunting trip up north about last Friday. They got no game, but had the good fortune to get no bullet.

Amos Oby has a sick horse and sent to Little Falls Tuesday for a veterinarian.

A. C. Oby has moved to Little Falls.

Israel McCoy and daughter, Jessie, have moved to the county seat.

Richard Garrison and wife now occupy the McCoy residence.

The rain and soft snow Monday did not entirely spoil our sleighing.

We did not receive the hurry up request until Monday afternoon.

Our folks are preparing for Thanksgiving and ought to.

FREEDHOM

Nov. 27.—Mr. Shrewsbury of St. Paul held a meeting in creamery and dairy interests Monday night. Quite a number attended in spite of the bad weather during the day.

There will be a basket social and fancy work sale at the Swedish Lutheran church on Saturday evening, Dec. 8th. Everybody cordially invited.

Anton Swanson is soon going to start to saw wood for the farmers.

Selma Johnson, who has been sick in Minneapolis, is reported to be able to be around again.

HOW TO PASTE PROPERLY.

Ability to Do It Well Makes Christmas Gift Making Easy.

Since pasting is done on so many Christmas gifts, suppose we tell you how to do it.

In the first place, always use the white photographer's paste instead of mucilage or flour paste. The kind that comes in tubes is most easily put on.

First paste a piece of cotton wadding over your cardboard, but do not turn the edges on the under side. After it is very smooth and dry, cut it close to the edges of the picture opening.

Then cut your cretonne, or whatever material you use, about an inch bigger all around than the frame. Turn it right side down on a clean table and put your frame down in it, with the cotton wadding to the back of your cover.

Turn over one end, fasten it with pins and then turn over the other end and paste. Take out the pins, stretch very tight and smooth and paste it. Be sure to rub plenty of paste on the cardboard, otherwise it will not hold; do the same for the sides.

If you have been careful, your frame is now smoothly covered with cre-

tonne, but it has no opening. Take sharp scissors and make a lengthwise cut in the middle of the material. Be sure not to cut too close to the edge. Then at each corner make diagonal cuts as close as you can without the material fraying. Sometimes the pieces thus formed on the side are wider than necessary and can be cut off.

Now put the paste on the inside edges of the frame back of the opening, and fold your material back on it. This part of the work is very particular, because nothing looks uglier than a wrinkled cover. Be sure each time you paste a side that it is stretched tightly and smoothly. In pasting around an oval frame make a number of slits in the material so as to keep it smooth.

After your frame is covered, place it under heavy books, and let it stay over night. This will prevent warping.

The next day paste the back on and again put weights on top.

All this sounds more difficult than it is. A little care and extreme neatness is all that is required to make your work very smooth and well done.

FOR SOUVENIR POSTALS.

Dainty Novelty a Friend Will Appreciate for a Christmas Present.

The gradually increasing number of postcards of all descriptions is becoming so great that there is a constant demand for a holder. A pretty

little holder is made of gray linen shaped like a bag, the edges all being joined except the upper ones. To the two edges are sewed two pieces of ribbon, which are brought together and bowed.

A spray of holly and the words "Souvenir Postals" are embroidered on the case. ABBA MAY.

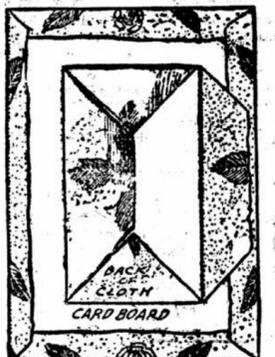

Coverings for Waists or Dresses.

For waists or dresses which require folding, a covering is useful to keep away the dust. Have some soft pieces of muslin about a yard square, either of alkoline, lawn or thin sateen. Bind all edges with an inch-wide ribbon or a wide tape. Wrap or cover each waist separately, or, if need be, the dress entire. Articles of this kind should be washable and will last for some time.

Other "needfuls" appreciated by women of dainty tastes are veil cases of linen, trimmed with lace with the center embroidered or monogram worked; handkerchief cases made on silk, covered with bolting cloth and then painted or worked; glove boxes made on the same inviting plan; and de lightful sachets for the bureau and for different garments.

A Convenient Bag.

Nothing is more needful than bags. These are usually made of stout cretonne, or silkoline in some pretty floral pattern. These roomy affairs are drawn up or pulled out at will by an inch-wide ribbon or tape. Small bags are attached to the longer ones for the holding of needles, cotton, etc.

Easily-Made Frame.

Grippe or Influenza, whichever you like to call it, is one of the most weakening diseases known.

Scott's Emulsion, which is Cod Liver Oil and Hypophosphites in easily digested form, is the greatest strength-builder known to medical science.

It is so easily digested that it sinks into the system, making new blood and new fat, and strengthening nerves and muscles.

Use Scott's Emulsion after Influenza.

Invaluable for Coughs and Colds.
