FIVE GENERATIONS

Born--To Mr. and Mrs. V. B. Dygart, Dec. 1st, a Daughter

The advent of this young lady makes five generations, all women, living on the mother's side. The mother, Mrs. V. B. Dygart, is 18 years old. The grandmother, Mrs. M. Enke, of Lincoln, is 37 years old, and probably the youngest grandmother in the state. The great grandmother, Mrs. C. Deaver of Sylvan, is 57 years of age, and the great grandmother, Mrs. Handy, of Rock Valley, Ia., is 87 years of age, and in excellent health.

MRS. RAMSEY CRITICALLY ILL.
St. Paul Pioneer Press 3: Mrs. M. Ramsey is critically ill at St. Joseph's hospital. Mrs. Ramsey was struck down two months ago by a street car at Selby and Summit avenues and her foot was crushed by the wheels of the car. She was taken to the hospital and it was found necessary to amputate two of the toes of her right foot. The foot became affected and during the past two weeks her condition has been critical. Mrs. Ramsey was born in Canada forty-five years ago and she came to St. Paul with her brothers, Timothy and Michael Foley. She married Dr. Ramsey of St. Cloud, who died several years ago.

Miss Mary Nelles visited her cousins, Misses Minnie and Lena Weinand of Hanover, Wright county.

Judge M. D. Taylor of St. Cloud took the oath of office Saturday. He has re-appointed P. M. Woodward, the present official court reporter.

THE ELKS MEMORIAL

Local Organization Holds Lodge of Sorrow Sunday

The annual memorial exercises of the Little Falls Lodge of Elks were held Sunday afternoon at Elks hall. There was a large attendance of members of the order and their friends. Exalted Ruler Wm. H. Hall presided. After the opening ceremonies by the officers of the lodge, the ladies' quartet sang a selection of songs, "Ode to the Departed," and Mrs. Merrigan gave with the effect, "Ode to the Departed." Brother F. W. Lyon, in eulogizing the departed, spoke of the significance of the day, and gave a brief sketch of the lives of the departed brothers, R. E. Buchanan and Frank Jarboe. The remarks were appropriate and well given.

Dr. F. H. Mero gave in splendid style a solo, "Face to Face," after which Brother H. E. Parshall of St. Cloud delivered the address of the day.

The speaker said those who had passed away had reached a better land, in all respects infinitely grander than the present. Mr. Parshall dwelt on those qualities in man which are immortal, their influence on the lives of individual and of nations, and said that death was an incident in an eternal drama. The life wrongly lived brings condemnation, but the life rightly lived earns commendation and reward. The whole address was inspiring, in all ways appropriate, and was much appreciated.

The exercises ended with singing by the ladies' quartette.

INJURED IN WOODS.

Brainers Dispatch, 1: Frank Warzacha, of Holdingford, Stevens county, was in the city today on his way home from Cross Lake. Pillager Post: J. G. Joelin, who will be remembered as a teacher who taught school in the Harden district of Morrison county for three years, was in Pillager for a short time Wednesday shaking hands with many friends. An exchange tells of a clergyman who had already buried two wives, fell in love with one of the congregation, a pretty lively girl, who knew her own mind and spoke it freely, and wrote her a letter telling her how he loved her and wished her to be his wife, begging her to accept his hand, thus "help to repair the breaches time had made in his life." Her answer was terse to the point, and came promptly: "Mend your own breeches."

THE INDIANS ARE O. K.

Leech Lake Red Men Said to be Well Fixed Now

Bemidji, Dec. 2.—For several years the Indians of the Leech Lake, Cass Lake, Winnitoshish and Red Lake reservations made complaints to the Indian authorities at Washington, asserting that they were in exceedingly straitened circumstances financially—and that they were in great need of help from Washington that they might tide over the severe winter months. In fact, two years ago, Maj. Scott, then acting Indian agent, succeeded in securing from the Indian officials an appropriation of money with which to purchase supplies for the Indians.

These conditions are decidedly changed now. John T. Frater, Indian agent, states that the Indians of the Leech Lake band are especially comfortably fixed.

They have been given two large payments this fall, and will undoubtedly be given another before spring. While there was some "blowing" of the funds among some of the reds, they were not allowed to gamble, and for the most part purchased clothing and supplies with their funds. Many of them placed money on deposit for future use.

The Leech Lake Indians are also in a fair condition. They have been continually advised by the agent to "think of the morrow" and husband their small earnings for the winter. While the wild rice crop was far from being a large one, the reds were industrious and realized fairly well from the sales of rice. The blueberry season was productive of good sales, also, and supplies have been laid up for this winter.

At the other reservations the conditions are about the same as at Leech Lake, and the Indians of Northern Minnesota are in better conditions generally than they have been for several years.

NO REAPPORTIONMENT

Legislature Unlikely to Correct the Injustices

St. Paul Dispatch: The coming session of the legislature should see a reapportionment of the state as to representation in the house and senate, but it is hardly likely that it will be done. A great clamor is now being made by the northern counties for reapportionment.

The trouble is that a reapportionment would legislate about one-half the senators just elected out of office. This they are not likely to stand for. An apportionment, to be correct and logical, must follow the taking of the state census. The census was taken last year. This throws the burden of the work upon the 1907 legislature. In the case of the house this would be all right, but with the senators who are elected for four years, chaos would be the result. In their case a special election would have to be held in 1908.

With their growing population, it is admitted that the northern counties are inadequately represented, but it is hardly likely that relief will be given this year. On a comparison of districts, the following inadequacy is shown:

SOUTHERN MINNESOTA.

District	Counties	Senators	Population
1.	Houston	1	15,092
7.	Dodge	1	12,767
10.	Waseca	1	13,638
26.	Scott	1	15,094
20.	Nicollet	1	14,944
Totals	5	5	71,520

These districts have one senator to every 14,304 people.

NORTHERN MINNESOTA.

District	Counties	Senators	Population
61.	Red Lake, Norman, Clearwater and Beltrami	1	54,682
59.	Otter Tail	1	48,229
60.	Wilkin, Becker and Clay	1	47,226
62.	Cass, Itasca, Carlton and Aitkin	1	47,385
63.	Todd, Wadena and Hubbard	1	43,983
Totals	5	5	240,465

These fifteen counties have one senator to every 49,093, against one for 14,304 in the five southern counties given above.

Should a reapportionment prevail, which is not likely, both Ramsey and Hennepin counties would benefit. Ramsey would be entitled to at least one additional senator and Hennepin two.

ARABIAN MARES IMPORTED TO THE UNITED STATES.

For the first time the sultan of Turkey has granted permission for the exportation of Arabian mares to the United States. About twenty years ago he permitted the sale of some stallions, but at that time we would not allow any mares to be sent. The present importation, which includes about twenty mares and nearly as many stallions, is regarded as of considerable importance from the horse-breeder's point of view, and is likely to lead to marked improvement in certain directions in American horses. Everyone ought to know the value of golden grain but beer. It is an ideal family beverage, pure, delicious and wholesome.
