NEWS IN MINNESOTA

Happenings of a Week Throughout the State.

The three recently appointed commissioners met in Governor Johnson's office and organized. They drew straws to see who was to get the long and short terms. The commissioners elected Rukard Hurd of St. Paul as secretary.

A deed to 75,000 acres of state swamp land was given to the Duluth and Iron Range road last week by the state auditor. The company has 6,000 acres still coming, which it is selecting. The land is given under a grant of 1875, when 600,000 acres were given to the road. The delay in giving the deeds has been on account of the delay in the state's receiving its grants from the federal government.

Banks and trust companies must pay the registry tax on mortgages which they hold, according to Attorney General Young. At present these companies pay a tax on their capital stock and surplus and not on mortgages which they may own, but under the new law they will have to pay both.

The St. Paul state free employment bureau will be opened about May 15 at the old state capitol. Captain J. H. Wilson has been appointed to have charge of the bureau. Mr. Wilson is a G. A. R. man and prominent in St. Paul labor circles.

Employees in the Minneapolis freight houses are engaged in an effort to secure a general increase of 25 per cent in wages, but thus far their action has reached only the request stage and the railroad companies have not been heard from.

R. T. O'Connor, J. W. Lusk and Frank O'Meara, all of St. Paul, have been named by Governor Johnson as the members of the Minnesota capitol grounds commission. Mr. O'Connor has declined the position.

Union plasterers of St. Paul have gone on a strike, the contractors having refused to grant their request of \$5 a day for eight hours' work. The plasterers get \$4.50 a day for eight hours' work at present.

Governor Johnson has appointed Mrs. Granville W. Smith of Stillwater as deputy oil inspector to succeed her husband, who died recently. This is the first woman ever appointed oil inspector in the state.

St. Paul police commissioners have raised the salary of Chief of Police J. J. O'Connor from \$2,500 to \$4,000. The increase was made in accordance with the legislative act passed March 23.

Peace has been declared between the ice wagon drivers and the companies in Minneapolis. The men are given an increase in wages through the winter months.

Union machinists in the Twin Cities are on strike. They demand a nine-hour day with ten hours' pay.

CRIMES AND MISHAPS.

Dr. Jacob F. Force is liable in the sum of \$115,115.36 to the Northwestern National Life Insurance company, of which he formerly was vice president. Such is the judgment of Judge David F. Simpson of the Hennepin county district court in the first of the series of civil suits begun with an idea of recovering from the former officers of the company the money which they are alleged to have used illegally.

Arnold Sparby, aged eleven years, was shot and instantly killed at the home of J. Horstad, in the town of Gander, south of Crookston, by Albert Singer, aged sixteen years. The boys were playing with an old gun, not knowing it was loaded.

John M. Garvin, a conductor for the Omaha railway living at St. Paul, was found dead in the rear of a store in that city with a bullet wound in his head. It is supposed he committed suicide.

SHORT TALKS BY L. T. COOPER.

THE STOMACH.

My but peoples' stomachs do cause a lot of trouble. I offered to wage some doctors in St. Paul, Minn., that one half of all sickness is caused by the stomach. After I assured them that my medicine did nothing but put the stomach in shape and they had spent a day listening to what people who called on me had to say, they had to agree with me. They heard people come in and tell me that for years they had been near the grave with Bright's disease, or lung trouble, or kidney complaint and all manner of diseases and that the New Discovery had cured them. Of course these people were mistaken, it was nothing but their stomachs. As a matter of fact when the stomach gives out most everything else is thrown out of order too.

C. E. POWELL.

When a person feels tired and dull and dependent, is loosing flesh and don't sleep well, has a poor memory, a bad taste in the mouth, a coated tongue, and other troubles he's liable to believe a lot of things are the matter with him. Nine chances to one it's his stomach. I've seen Cooper's New Discovery bring back health to too many people in just this shape to believe anything else. Here's a letter about it:

"I suffered for a long time without knowing just what was the matter with me. I seldom felt like eating. I lost greatly in weight. My digestion was extremely poor and when I did eat I invariably suffered afterward. I was constipated and frequently suffered from nerve racking, violent headaches. When I heard of what the Cooper remedies were doing for others I resolved to try them."

"Relief came with the first bottle. My appetite and digestion improved rapidly. I am no longer constipated nor do I have those dreadful headaches. I sleep well and am gaining flesh." C. H. Powell, 13 Harrison Addition, Duluth, Minn.

We are selling immense quantities of these medicines and our customers express great satisfaction.

Pioneer Drug Store

China Opposed to Opium.

The better Chinese are reported to have a strong feeling against the enormous extension of the growth of the poppy throughout the empire. A Peking correspondent indicates that China will ask India to consent to an annual reduction in the import of opium to China, which would have the effect of extinguishing the trade in ten years, and as an evidence of good faith will issue an imperial edict condemning the use of opium and forbidding the employment in the government service of any opium eater and order an annual reduction in poppy cultivation leading to its extinction in ten years.

NEW TOWNSHIP DITCH LAW

Among the new laws enacted by the recent legislature is a new township ditch law. Under the provisions of this act one farmer may drain his land across the land of his neighbor upon making petition to the town board and producing proof that such ditch is necessary. The town board will appraise the benefits and damages the same as in county ditch proceedings. This law was badly needed and will be of great benefit to farmers, who have heretofore been unable to drain their land on account of the objection of their neighbors to having a ditch run across their lands. —Mora Times.

Duluth is to have a third daily newspaper. The name of the new paper will be The Duluth Daily Star, and will make its appearance sometime between May 15th and June 1st. It will be published by the same organization as prints the St. Paul Daily News and the Minneapolis Daily News.

LUCKY TRADE OF VIOLINIST

R. J. McIntire, of New York, Gets Genuine Stainer in Exchange for a Cheap Fiddle.

New York.—Robert J. McIntire, of Eagle avenue, in the Bronx, a young violinist, came into possession of what is said to be a very valuable violin the other day in an unusual way. The instrument has been pronounced a genuine Stainer. Mr. McIntire says he has refused an offer of \$6,000 for the fiddle and has had it insured for \$8,000. He traded it for a violin he valued at \$200 and got \$25 to boot.

McIntire has made a considerable study of violins, and is frequently called upon by members of orchestras for advice in the selection of instruments. A violinist who makes a specialty of playing dance music sent word to McIntire a few days ago that he had a "Bohemian" violin which was suitable for concert music, and that he would like to exchange it for one which was better adapted for dance music.

The "Bohemian" instrument was sent to McIntire later for inspection and trial. It looked shabby and of little account, but as soon as the violinist drew the bow across the strings he felt sure he had found a prize.

An exchange of instruments was quickly effected to the mutual satisfaction of the musicians. McIntire took his new fiddle to Edward Tubbs, a well-known violin expert, who at once recognized it as a genuine Stainer. He said it was probably made about 1645. He added that he believed he had seen same instrument once before, in the famous Camille Savori collection. Other experts agreed with Tubbs and said that the violin is of great value.

They Had Met. "When you go to New Zealand, I wish you would inquire after my grandfather, Jeremiah Thompson." "Certainly," said the traveler, and wherever he went he asked for news of the ancestor, but without avail, according to the Dundee Advertiser. One day he was introduced to a fine old Maori of advanced age. "Did you ever meet with an Englishman named Jeremiah Thompson?" he asked. A smile passed over the Maori's face. "Meet him?" he repeated. "Why, I ate him!"
