## FUSION PROVES A FAILURE

Tammany Defeats Republican-Independence League Ticket.

New York, Nov. 6.—The election in Greater New York has been largely favorable to the Democrats. New York county (Manhattan and the Bronx) went overwhelmingly their way, Thomas F. Foley, for sheriff, the head of the ticket, having a plurality of 26,723 over M. F. Ihmsen, independence league and Republican, in a comparatively light vote. The fusion between the Republicans and the independence league was a failure, except in the case of a few minor officials.

In Richmond and Queens, too, the Democrats were generally successful, but in Kings county (Brooklyn) the Democrats, under the leadership of Senator Patrick H. McCarren, suffered a reverse. All the Republican candidates on the county ticket, with the single exception of Clarke, Democratic candidate for district attorney, are apparently elected.

In the state election Edward T. Bartlett and Willard Bartlett, having the united support of Republicans and Democrats, were elected judges of the court of appeals by an enormous majority over the candidates of the independence league.

Affects Hundreds of Men.

Washburn, Wis., Nov. 11.—The tightness of the money market has been the means of closing down the large mill of the Edward Hines Lumber company located at Iron River, this county. Not only will the lumber company close down their saw mill, but they will cease operations in the woods tributary to the mill, which will throw over 1,500 men out of employment.

## TAFT LEAVES PHILIPPINES

Departure Attended by Remarkable Demonstration.

Manila, Nov. 9.—The departure of Secretary of War Taft from this city on the cruiser Rainbow for Vladivostok was attended by a remarkable demonstration on the part of the Filipinos. The horses were withdrawn from the carriage in which were seated Mr. and Mrs. Taft and it was pulled by Manila schoolboys from the Luneta to the dock through cheering crowds of citizens.

Mr. Taft started from the residence of Governor General Smith at 8 o'clock. He reviewed the long military, civic and school parade on the Luneta at 9, making a brief address in which he thanked the people for their reception, praised the course of the assembly and expressed his confidence in the future of the island.

Mr. Taft and party embarked at 11:30 a. m. and sailed at 11:50, their launch being escorted down the key by a flotilla of harbor launches with military and civil officials on board to the Rainbow, where they said their last goodbyes. Mr. Taft and party expect to arrive at Vladivostok on Nov. 18 and to leave there on their transsiberian journey on Nov. 19. All of the party were in the best of health.

## FRAUD CASES DISMISSED

State Court Fails to Convict Persons Charged With Grafting.

Helena, Mont., Nov. 11.—The bounty fraud cases which have been going on in Rosebud county for the past three years have come to an abrupt end, thus preventing what promised to be one of the most sensational cases in the history of the state. The case grew out of alleged frauds against bounty funds of the state, arising from the issuance of fraudulent certificates by the inspectors in Rosebud county, which, it is alleged, amounted to more than \$40,000 in that one county alone.

## PASSES \$50,000,000 MARK

Further Engagements of Gold for the United States.

New York, Nov. 9.—The total known gold engagements passed the \$50,000,000 mark when Lazard Freres announced that they had secured an additional \$1,000,000 in gold in Europe. This makes the total for the movement \$50,630,000, of which Lazard Freres have engaged \$9,250,000.

The National Bank of the Republic of Chicago has engaged \$500,000 gold for import. This makes the total engagements to date \$51,130,000.

## SANTA FE FINED \$330,000

Assessed \$5,000 on Each of Sixty-six Counts.

Los Angeles, Cal., Nov. 7.—Judge Olin Wellborne, in the United States district court here, has fined the Santa Fe Railway company \$330,000 for rebating. The company was convicted on sixty-six counts of granting rebates to the Grand Canyon Lime and Cement company on shipments of freight from Nelson, Ariz., to Los Angeles. The fine is \$5,000 on each of the sixty-six counts.

General Booth Sails for Europe.

New York, Nov. 9.—General William Booth, the father of the Salvation Army, has sailed on the steamer St. Louis for Europe. At the pier to bid him farewell were about 100 of the leading staff officers of the Salvation Army in the United States, representing all sections of the country. General Booth and his party will proceed direct to Berlin, where, on Monday, Nov. 18, he will begin a lengthy "campaign" in the German empire.

## AFTER PAPER TRUST

President Will Recommend Removal of Protective Tariff.

### PUBLISHERS PRESENT CASE

Submit Evidence to Chief Executive Tending to Show a Combination of Manufacturers.

Washington, Nov. 8.—President Roosevelt has indicated to members of the committee on paper of the American Newspaper Publishers' association that he will recommend to congress the abolition of the tariff on press paper, wood pulp and the wood that goes into the manufacture of paper; also that he will make a recommendation to the department of justice that it take immediate steps to ascertain whether the anti-trust laws are being disobeyed by the manufacturers of paper.

The promise of the recommendations by the president was obtained after he had listened to the representations of the members of the committee and to a petition from the national organizations of printers, stereotypers, pressmen and etchers, all of which set forth the evidence of a combination on the part of the manufacturers of paper for the purpose of controlling the output, regulating and greatly increasing the price and otherwise making hindering regulations governing the source of supply and delivery of paper.

The committee, which called on the president by appointment, included John Norris of the New York Times, Medill McCormick of the Chicago Tribune, George Thompson of the St. Paul Dispatch, Delevan Smith of the Indianapolis News, John Eastman of the Chicago Journal, Walter Page of World's Work, Dr. Albert Shaw of the Review of Reviews, E. J. Ridgeway and the presidents of the national organizations of the allied printing trades.

The history and facts which make up the protest were presented by Mr. McCormick, after which the president indicated the action he would take. An investigation of the so-called paper trust has been in progress for some time by the department of justice and it is understood that the president will immediately call for the facts which have been ascertained up to the present time.

## AGAIN LOWERS THE RECORD

Lusitania Clips Seventy-two Minutes From Former Mark.

New York, Nov. 8.—The marvelous record established less than a month ago by the giant turbine Cunarder Lusitania, when she out several hours from the passage time across the Atlantic, already has been broken. The Lusitania still retains the title of queen of the seas, as it was she herself that established the new low mark and incidentally she added several new records to her credit. These include the best single day's run, 618 knots, made Nov. 6; an average of more than 600 knots for every full day and an average hourly speed of 24.25 knots for the full 2,781 miles.

On her last voyage the Lusitania covered the distance in 4 days, 19 hours and 52 minutes. The voyage just ended over the same course was completed in 4 days, 18 hours and 40 minutes, thus clipping one hour and twelve minutes from the previous low mark. And this was done in the face of conditions none too favorable. From the start the weather was stormy and on the last two days, when the big steamer was on the home stretch, where the greatest burst of speed might have been expected, she drove straight into the teeth of a strong wind, high seas and occasional sharp squalls.

## D. M. FERRY DEAD.

Prominent in Michigan Business and Political Circles.

Detroit, Mich., Nov. 11.—Dexter M. Ferry, head of one of the greatest seed firms in the United States, which bore his name, and prominent in local business enterprises, was found dead in bed at his home here. He retired in apparent good health and died from heart disease during the night.

Mr. Ferry was chairman of the Republican state central committee for two years, delegate at large to the national Republican convention in 1892 and an unsuccessful candidate for the Republican nomination for governor in 1900 when the campaign was unusually warm.

## CARRIAGE FALLS INTO CANAL

Dutch Minister of State and a Number of Others Drowned.

Amsterdam, Nov. 7.—Minister of State Jonkheer van Panhuys, his son, mayor of Deseek, and their wives were all drowned while out driving, their carriage falling into the canal at Hoogkerk during a dense fog.

Will Not Contest Election.

Jersey City, N. J., Nov. 11.—The Democrat state committee at a meeting here decided not to ask for a recount of the votes cast for governor at last Tuesday's election. Frank S. Katzenbach, the defeated nominee for governor, attended the meeting and thanked the committee for its efforts in his behalf.

# Kick the Printer

In the city of Brooklyn, N. Y., there has been for many years a conspicuous signboard outside an office which reads, "KICK THE PRINTER."

Bibulous persons sometimes go inside to carry out the apparent request, but they discover that the printer is a gentleman by the name of Kick.

In every town there are persons who, if they do not actually feel like kicking the printer—the newspaper man—at any rate do a lot of kicking at the way he conducts his paper.

Please DON'T kick the printer; he is doing the best he can.

And what he does for the town and community, despite his occasional mistakes, may be a great deal more than the kickers themselves are doing. Did THAT ever occur to you?

We are all neighbors in this town. What helps one helps the others. What hurts one hurts the others. Every community is a mutual benefit association, whether organized or just running wild. The printer is a charter member.

If you had no printer—no newspaper—how would you like that? Do you know what happens to towns that don't support a newspaper? Nothing happens. Nothing ever happens in a town like that. As soon as things begin to happen in a town the newspaper comes along and tells about them.

The newspaper boosts the town. It records progress and offers suggestions, by the editor or the readers, as to further progress. Every copy of every issue advertises the town. This is all free advertisement. It costs the town nothing. It costs the people nothing. It is a part of the business.

In view of this fact, which nobody can dispute, it is much better to pat the printer on the shoulder now and then or to speak kindly of him than to kick him.

**NO; DON'T KICK THE PRINTER.**

# Mr. William Dollar, Good Citizen.

In a certain western town lives a gentleman whose name is William Dollar. They call him Dollar Bill when they get funny. But Mr. Dollar is a dignified, enterprising, good citizen.

Not every Dollar Bill is a good citizen. Many of them are prone to ignore the claims of their own community and run away to a big city to be spent. Many millions of Dollar Bills have left the smaller towns for the overgrown cities this present year of our Lord.

How many Dollar Bills have gone out of THIS TOWN—left home and gone to some big city, never to return?

Every time a Dollar Bill leaves town it takes a two-cent stamp with it, for it goes to a Mail Order Store. That helps the postmaster a little, but it doesn't help the local merchant. It means just so much less trade for him.

Which means just so much less cash circulating in this community.

Which means just so much more social and business stagnation.

Which means the stunting of the town's growth just to that extent.

If you could figure up the Dollar Bills that leave town in this secret manner, like taking French leave—which you can't—you would know just how much the town is stunted by indulgence in this mail order stunt.

If these Dollar Bills were really good and enterprising citizens they would stay at home and circulate around, helping things along.

How many of YOUR Dollar Bills take the midnight express out of town on the Envelope Route?
