BOY KICKED TO DEATH

Accident Occurred Sunday Morning and Death Ensued the Same Day

Raymond Bailey, the five-year-old son of C. E. Bailey of Belle Prairie, was the victim of a fatal accident Sunday morning. A horse had been turned loose in the field shortly after breakfast by Mr. Bailey, and when the little boy went out to play he noticed the horse was frisking around, and doubtless thought it was doing much harm, for he went in the house and asked his mother if he might drive it away. The mother cautioned him not to go near the horse and to leave it alone as he might get kicked by it. The lad was undaunted, however, and he went out again and started to drive the horse away, hitting it with a stick. Just then the horse dealt the little boy two hard kicks, one catching him in the right arm and side and the other striking him on the side of the head, striking as he was falling from the effects of the first kick, breaking his skull. A neighbor, who witnessed the accident, rushed to the rescue of the lad, but when he reached there he found the little boy lying unconscious on the ground.

The child was immediately brought to the local hospital, where he expired the same day at 5:30 p. m., without once regaining consciousness.

The accident is one of the saddest that has occurred in this vicinity for some time, and the parents have the sympathy of the community in their great bereavement.

The funeral was held at 10:30 o'clock Wednesday morning from the Methodist church, Rev. Farrell officiating and burial was in Oakland cemetery.

THANKSGIVING.

Getting ready for Thanksgiving—turkey fat and growing fine—Lots of reason to be thankful; blessings full and free are mine. Health and home and smiles of loved one; friends to greet me on my way. Love and laughter making music where my happy children play. Cozy nook beside the fire when the evening shadows fall. And the ease of solid comfort gathers 'round and over all.

Getting ready for Thanksgiving?—Every day let it be said We have cause for deep thanksgiving for the blessings around us spread.

Getting ready for Thanksgiving—happy milestones on the way Where we give thanks for the blessings spread about us day by day.

Getting ready for Thanksgiving—that's the place for father a chair—Where the ruddy flames will glisten on the silver in his hair.

And that easy rocker by—empty all these fleeting years—We will see a loved form take it through the mist of falling tears.

This for brother; this for sister—Ah, the circle is complete. As we clasp hands 'round the fire in communion silent, sweet.

Getting ready for Thanksgiving—raise the window curtain high That the lamp may be a beacon to the loved ones drawing nigh.

—Will Maupin in The Commoner.

BRAINERD CITY TEAM WON.

A foot ball team of this city, gotten together just a few hours before leaving for the northern city Saturday evening, went down to defeat at the hands of the North Star foot ball team of Brainerd by a score of 20 to 0 on the Brainerd ground Sunday afternoon. All the practice the locals had before the game was what they got after reaching Brainerd, which amounted to about an hour and a half. On the other hand the Brainerd team averaged about 175 pounds to the man, this being near unto 20 pounds to the man more than the locals. Besides this we understand that the Brainerd team had had considerable practice before hand. Taking the above into consideration, the Little Falls team did well.

Mrs. Darling was formerly Miss Edith Davidson of this city, later of Duluth.

As the train was leaving Los Angeles for Chicago a few days ago a young man accompanied by a boxom daniel strolled into a Pullman sleeper and approached the polite porter and said in a low, confidential tone. "Mister, me and my wife just got married and are looking for the best accommodations this train has." "Looking for a berth, I suppose," said the dusky son of Ham, as he turned to assign seats to the passengers. "A berth! Thunder and lightning, no!" gasped the astonished rustic. "We hain't but just got married. We only want a place to stay all night, that's all."—Ex.

THOSE MILLE LACS FUNDS.

White Earth Tomahawk: Steps were taken during the past week one half of the Mille Lacs Chippewas to compel the Merchants National Bank of St. Cloud to turn over to Agent Michelet according to directions of a council of the Indians held here last summer, the sum of five thousand and six hundred dollars which was placed in the bank to the credit of the Mille Lacs Indians by the publisher of the Tomahawk who had held it in trust for them. This amount was portion of the sum of ten thousand dollars which was placed in the hands of the trustee referred to, to be used in any manner he deemed might be for the best interests of the Mille Lacs band, and also for the purpose of buying five tracts of land, but for which a suit was commenced at the instigation of the Mille Lacs Indian traders, and who commenced this suit without the consent or knowledge of some of the chiefs in whose name it was brought. But before the suit was brought to trial the attorneys for the traders proposed a settlement which finally resulted in the payment of one thousand dollars to the attorneys of the plaintiff out of the funds, and the placing the amount now in the Merchants National Bank to the credit of the Indians. The bank has refused to pay over the amount as the council has directed, and the attorneys of the traders, Stewart & Brewer, will appear for the bank while the United States attorney, it is understood, will appear for the Indians.

MORRISON TEACHERS

A Largely Attended and Interesting Meeting Held at Motley.

A very enjoyable and instructive meeting was held Saturday evening by the Morrison County Teachers' association at Jacobs hall in Motley. About two hundred teachers and parents of the pupils were in attendance, the latter also taking part in the discussions on general topics concerning the school.

Miss Julia Oby of this city read a paper on "Discipline" in which she dwelt with great force on the relations between the teacher and the parents of the pupils in preserving discipline in the schools. In the general discussion on the subject which took place afterward, most of the parents present gave their hearty support to Miss Oby's view of the subject.

A paper by Miss Herma Beatty of the Brickyards on "Busy Work" in which she advanced paper cutting and tearing, work with beans and corn, and such like as very helpful in the keeping of discipline in the school during the interim after the pupil has his lessons learned and recitation period.

In a discussion of the wages of the country teacher Miss Beatrice Heath of Motley gave, in a very comprehensive manner, a comparison of the teacher's wages with the wages of employees of other branches to be underpaid. She handled the subject in a very able manner. Miss Jennie Ward of Motley also dealt on this subject with an interesting paper.

A solo and several comical recitations were well given by Miss Ethel Crocker of Randall.

Altogether the meeting was a decided success, and by the novel feature of having the parents of the pupils take in the discussion, the relations between school and home has been advanced towards the betterment of the school.

He pleaded drunkenness in the hope of getting out of it easy, as he did when he was arrested for entering the home of Jerry Blair and was brought up in justice court the first time. He was found guilty about the Victor clothing store Thursday night of last week this time, however, when he pleaded drunkenness Friday morning the justice decided that a jail sentence was what the fellow wanted, so he sentenced him to ten days incarceration in the county jail.
