Those receiving certificates for perfect attendance: Minnie Schobel, Floyd, Rudolph, Arthur and Norman McCarty. Those absent two days or less: Anna Schobel, Ellery Rudolph, Tilda Lieberg, Anna Kraus and Mamie McCarty.  
Laura Matteson, teacher.

### POOR MAIL SERVICE AT BUCKMAN.

John Schmolke does all he can to improve and advertise this county. He spends a couple thousand dollars every year for advertising, and gets a lot of new settlers in this county. I thought we were going forward but we are going backward with our postoffice conveniences. Buckman is only twelve miles from Ramey and it takes three days to get a letter from said place. I believe a lobster goes faster than that. That is a nice way to keep the people without mail that are improving our county here. The people have to haul their own mail from seven to eight miles.

I have been here twenty-five years but I never saw a mail service like it is now. There are two rural routes running and the carriers are paid three times as much as they would get on a star route on which route we get the mail a day sooner than with R. F. D., but they've got a nice frame around free rural delivery to make the farmers believe they get it delivered free. They think Uncle Sam has got money enough to throw it away, but I like to know where Uncle Sam would get the money from if the farmers wouldn't pay the taxes. You find an example at Morrill, where they have to pay high taxes and don't get any mail services at all. I'm afraid to get more people in this county on account of mail services. My friends look out or we'll get soaked and Uncle Sam will get a mortgage on your house and home. Before we had a star route here and we got the mail delivered from here to Royalton in the morning and received the mail in the evening at half past five. We got the morning paper then and our mail, and next morning Morrill and Ramey mail came and the mail carrier served the mail to the people living alongside the road to Ramey and they got the mail at Ramey in the afternoon and the Buckman mail carrier served the mail to the people to Royalton, there being two star route mail carriers being paid \$1,200 a year, but now they pay \$1,800 a year or over and get the mail a day later and sometimes in a national holiday we can't get the mail for three days and in winter when the wind is blowing hard we can't get any mail.

I think that's an awful nice improvement. I thought the Buckman mail route was made to suit Buckman people and not to suit a man that knows nothing about this country, but I believe it's going the same way as it goes with the temperance preachers. They make a big wind and a big talk, but go and ask them what they got for what taxes they are paying and where they come from. Then you'll find out what is the matter with these fellows. When they come in a civilized country they drive them out with blacksnakes.

I believe America is a free country and a man can be a king on his own doings.

—John Schmolke.
