FRANK ELLENBECKER TO LEAVE

Frank Ellenbecker has bought out the hardware business of P. P. Samels at Lakeville, Dakota county. The place is situated about 35 miles south of Minneapolis in a rich farming country, and has a population of about 400. Mr. Ellenbecker will take charge of the business on August 1st. His son, William, who is at present employed in a bank in Rugby, N. D., will assist in the business. The family will move to the new location not later than August 1st. Mr. Ellenbecker has been a resident of Little Falls for nearly thirty years, having first been employed with the firm of Maurin & Medved. He was later elected county auditor, which office he held for many years, his service to the county closing January 1st, 1897. A little later he formed a partnership with Henry Goulet in the hardware business at this place, which stock they some time since closed out to the Little Falls Hardware company. Mr. Ellenbecker is a business man of high standing and unquestioned integrity. The family have many warm friends throughout the county, who will wish them abundant success in their new home.

WILL SOLICIT TODAY.

The committee, appointed by the Commercial club to solicit help in this city to defray the extra amount needed by County Commissioner Virnig to put a certain part of the road in Little Falls town in first class condition, composed of J. K. Martin, George Kiewel and T. F. Murphy, held a meeting Wednesday evening. After comparing notes they found that the cost of this roadwork is more than what it was at first thought. They will start soliciting for this matter today, and the amount they expect to get, with that allowed by the state, will probably make up the required amount.

PAPER MILL SHUT DOWN FOR REPAIRS.

The Hennepin Paper mill shut down Monday for general repair and to give the cement men a chance to put in cement flooring under the foundry and on the main floor. It is expected that the repairs and improvements will be completed in time so that the mill can be started again next Monday. This is the first in years that the mill has shut down, other times than Sunday. The papermill men will enjoy this week's vacation, as it includes July Fourth.

RATES OF M. W. A. WERE NOT CHANGED.

At the Head Camp meeting of the M. W. A. at Peoria held June 6, no attempt to change rate was made. The M. W. A. has been 26 years in existence.

ANNA OSTROSKI JARMURZEK IS A MOTHER.

Anna Ostroski Jarmurzek, whose sensational kidnapping of the four-days-old daughter of Mr. and Mrs. Erwin Giauque on May 23, 1907, because, as she said later, she wanted a baby so that she might win back her husband, has got a real baby of her own, says the Minneapolis Journal.

The baby was born to Mrs. Jarmurzek June 19 in Minneapolis, little more than a year after she deliberately stole another woman's first born child.

After her arrest in Superior with the Giauque baby Mrs. Jarmurzek was brought back to Minneapolis, released on bail, then tried and on Oct. 4, 1907, she was sent to the state reformatory at St. Cloud on an indeterminate sentence. Five days later she escaped from the St. Cloud reformatory and was recaptured in Foley. She was then taken to the state prison at Stillwater because of the lack of facilities for imprisoning women at the reformatory.

Her husband, who had deserted her before the stealing of the Giauque baby, brought suit for divorce which is due for hearing at the next term of the district court.

The woman was paroled from the state prison on March 8 by the state board of control, the chief reason being the prospective birth of a child. The baby is a boy and according to the report to the Minneapolis health department it was born at 15 First street N., but at the address given the people declare they know nothing of the circumstance.

It is asserted by state officials that the woman will be sent back to prison.

County Attorney Cameron went to Rail Prairie this morning, where he will prosecute a case for theft, before Justice Bates.

A firemen team which is to represent the city fire department in the hose race, which is to be held July 4th, has been doing a large amount of practise on the streets during the past few nights. A team on the West side, and the Pine Tree team have also been buckling down to hard practise, and this feature of the program of sports promises to be a very lively one. Each of these teams claim that they will win out.

REFUSE LIQUOR LICENSE

Under the Law John Dolan Cannot Secure Same for One Year

At the special meeting of the council held Tuesday night, all members being present, something out of the ordinary came up, in relation to granting liquor licenses.

It will be remembered that two weeks ago John Dolan was arrested for selling liquor to an habitual drunkard, who had been posted, for which he pleaded guilty and paid a fine. When the granting of a liquor license to Mr. Dolan was taken up, Rev. W. H. Farrell, addressed the council on the matter, stating that as the applicant had been convicted of the offense charged; under the state law the council could not grant a license to the applicant at this time. The law provides that where a license has been revoked, the party cannot secure a license for the term of five years, but that where offense has been committed as in this case, and the license is not revoked, the same cannot be granted to such person for the term of one year. This latter also holds good for the use of such building where the saloon was conducted, provided the building is owned by the one conducting the same.

The aldermen felt inclined to grant the license, believing that the fine was punishment enough, and that Mr. Dolan's record of business during his twenty-four years' residence here, entitled him to this consideration. The matter was not acted on at this meeting, but at a special meeting held Wednesday morning, after the city attorney's report, the license was denied.

Under the law, the members of the council in granting such license, would be guilty of a misdemeanor, punishable by a fine and imprisonment, and could also be dismissed from office.

The liquor license of John Simon, with Frank Ellenbecker and Eugene Bentfeld, as sureties, and of Eugene Pilon, with L. Gaudet and V. Schallern, as sureties, were granted.

Warren Gibson was given a permit to connect the sewer with his residence property on Third street southeast.

A plumber's license was granted to W. H. Ryan.

One of the property owners on First street southeast was present, and stated that those interested thought some of making a tar macadam pavement. Information which has been sent for to Duluth, will be here for the regular meeting next Monday night. It is possible that with the change in the kind of paving, that a new petition will have to be filed. There is also renewed talk of paving the block on First street north of Broadway. A petition covering this section was recently turned down, as a sufficient number of the property owners did not sign. A number of sidewalk permits were also granted.

TWO NEW TOWNSITES

Vawter and Hillman, on Soo Line, Spring Into Existence

The county board approved this week the townsites of Vawter and Hillman, both located on the Soo line in this county.

The Vawter townsite is located in the south half of southeast quarter of 31-40-31 and north half of northeast quarter of 6-39-31. It is about seven miles southeasterly from Little Falls, five or six miles from Royalton.

There are twelve blocks in this townsite, with lots of varying sizes. Most of the site lies south of the railroad. There are two avenues 80 feet wide, and three avenues 60 feet wide. Avenues run east and west. Main street, running north and south, is 80 feet wide. The streets are named Lamb, Thomas, Ramona and Paloma. Mr. Lamb was the original owner of the site. An enterprising storekeeper is already in business at Vawter.

Hillman is eleven miles east of Pierz, located on the west half of 28-41-28. It includes eleven blocks. All of block 1 is swamp as also half of block 10. The lots are of various sizes. First avenue, running east and west, is 60 feet wide, and Second avenue 70 feet wide. Main street, running north and south, is 80 feet wide. Oak and Pine streets are 60 feet wide. There is no business as yet established at Hillman. The steel crew has already passed Vawter and Hillman will be reached in a few days.

A local of the Socialist party was organized Wednesday evening at the West side hall, with ten charter members.

Dr. E. L. Fortier, son of Dr. and Mrs. G. M. A. Fortier, left for Ledgerwood, N. D., yesterday, where he takes up a general practice of surgery and medicine with Dr. N. J. Shields, who conducts the hospital at that place.

Ernest P. Nauertz of Waucoma, Ia., has bought from Jonas Johnson 83 acres in 16-130-29, Green Prairie, and bought land at the state sale Monday near the Johnson tract. Mr. Nauertz will move here next fall or next spring, and says he expects a number of others from his neighborhood to follow his example. He says they are getting crowded for room. They will all be welcome.

WILL BE A GOOD GAME

Locals and St. Cloud to Play Ball Here Sunday

The Ramblers will play the St. Cloud aggregation on the local ball grounds next Sunday afternoon in a game which will be hotly contested on both sides; the visiting team in an effort to regain the ground lost by them, when they suffered a humiliating defeat at the hands of the locals. Smarting from this defeat, they will do their utmost to win. Manager Frazier claims that the Ramblers are masters of the situation, however, as he has put them through some stiff practise work evenings during the past two weeks. Those who have seen them at practice, will vouch that the St. Cloud team will have to do some pretty tall playing to stand any show of winning.

The locals feel that they have a good claim to the supremacy over most, if not all, of the amateur teams this side of the Twin cities, and they will do their best to keep in good standing. They are confident of a second victory over St. Cloud.

They will play for a purse of \$50 and 60 and 40 per cent of the gate receipts. The line-up of the local team will be as follows: Wetzel, Newman, p; Stoll, c; Batters, 1b.; Fortier, 2b.; Deidrich, 3b.; Brick, s. s.; Luverman, l. f.; Kingen, c. f.; Kidder, r. f.

Game will be called at 8:30 p. m. sharp. Arrangements will probably be made for games here with Long Prairie, on the 11th and 12th, and with Perham on the 19th.

HOOBES TAKE CHARGE OF SALOON AT RICES.

Frank Logan of Royalton, who was in the city Thursday, reported that a message was received at that place yesterday, stating that a gang of twenty-two hoobers had come into Rices and had taken charge of a drink emporium at that place, and that they were then on their way to Royalton. Some of the Royalton people hurriedly got together, and as the fellows came trailing along, made them hike along in this direction. They evidently kept a going after reaching this city, or if they did stop, they made no attempt at disturbance here.

SUMMER SCHOOL STARTS MONDAY.

The term of summer school for this year will commence on Monday morning at the Central school building. All subjects required for first and second grade certificates will be taken up. Provision has been made so that those wishing to attend can enroll throughout the first day, in the morning at the Central school, and in the afternoon at the superintendent's office at the court house. A large attendance is promised.

A WEYERHAEUSER GIFT

Sam Trebby Recommends a Park for Kelliher

Kelliher Journal: S. Trebby, of Little Falls, a representative of the Weyerhaeuser company, was in the city this week to meet with the board of equalization in considering the taxes to be paid by his company on lands and timbers owned in Kelliher township. The assessment levied on all their holdings in Kelliher township was entirely satisfactory to Mr. Trebby, and he will so report to his company.

While here Mr. Trebby stated that he would recommend that the Weyerhaeuser company donate to the village five acres of pine lands adjoining the village of Kelliher, to be used as a public park. He stated the lands would be given entirely free and possibly also the pine thereon, but at the most the village would be required to pay only the minimum price for the stumpage. The land which is proposed for the park adjoins the village of Kelliher to the south, and will make an admirable location, being well situated and covered with a heavy growth of pine and hardwood timber.

IN JUSTICE COURT.

Two criminal actions came up before Justice Gaudet this week. One was the case of State vs. John Motzko, Walter Kanieski complaining witness, on the charge of assault and battery. He was found guilty, and fined \$10 and costs. The other was the case of State vs. Thomas Trutwin, the charge of using abusive language being preferred against him by Leo Prodzinski. He was fined \$5 and costs.

While there has been complaint here and there about the cost of ditches paid in during the last few years, and as to mistakes, etc., it is now generally conceded that the ditches have been of great value this season. There are lands in some parts of the county which would have been entirely under water now but for the ditches. The rainfall has been one of the greatest this spring in many years, and yet comparatively little damage is reported.
