Rich, red blood. That is what pale, weak, nervous people need. Red blood to form new cells and tissues, to invigorate the nerves, to strengthen the heart's action, to give energy and vigor to the organs of the body. The elements from which nature forms rich, red blood are found in condensed and easily assimilated form in Dr. A. W. Chase's Nerve Pills and because of its wonderful blood-building qualities this great restorative has become world famous. There is no guess work, no experimenting with this treatment. Every dose is bound to do you a certain amount of good. Mrs. H. HARBROUGH, Mansfield, Ohio, states:—"A child of mine was pale, bloodless, weak and nervous. Dr. A. W. Chase's Nerve Pills acted splendidly, making the nerves strong, the blood rich, the color good, and building up the system in every way." The portrait and signature of A. W. Chase M.
