The St. Joseph's Catholic benevolent society of Pierz celebrated their patron saint day last Friday. Our priest, J. G. At 9 o'clock mass was read by Father Welp of the Little Falls hospital. Father Lange of Buckman preached an impressive sermon. During mass the members of the St. Joseph society received the holy sacraments. After vespers the annual meeting of the society was held, in which the reports of the secretary and treasurer were read, showing that the society has a reserve fund of \$952.80 on hand and 94 members in good standing. This is certainly a good showing for the management during the last year. After the reading of the reports the officers for the ensuing year were elected as follows: M. Flicker, president; F. Many expressed their opinion and many different plans were suggested, but as we are informed, no definite plan has been accepted yet. As it seems, the plan to build another story on the present building is the one favored.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of Scott's Emulsion. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking
