VOL. 21. NO 20

LITTLE FALLS, MORRISON COUNTY, MINNESOTA.

FRIDAY, JULY 16, 1909

## WAMPA CASE SETTLED

### Widow Receives \$2,000 for Death of Husband on N. P. Crossing

The case of Mrs. Katie Wampa vs. the Northern Pacific Railway company, in which plaintiff, as administratrix, sued for \$5,000 damages for the death of her husband, Anton Wampa, who on the morning of November 7 was run down by the Winnipeg flyer on the West Broadway crossing and instantly killed by being decapitated, was settled out of court Wednesday morning at Duluth.

The case was settled by Mrs. Wampa, as wife of Anton Wampa, for \$2,000, this being satisfactory to both Mrs. Wampa and the railway company.

As Mrs. Wampa and son, John, who went to Duluth as witness, understand it, this settlement does not prevent the heirs outside of the wife, from bringing suit against the company, and the latter gave a representative of the Herald to understand that this would most likely be the case. Ten children are heirs to the Wampa estate besides Mrs. Wampa. They are Steve, Tom and Peter of Oregon, Joseph of Pierz, John of Duluth, Mrs. Anna Wozick, Mrs. Theo. Kostsch, Mrs. Alex. Firkus, Mrs. John Setera, and a daughter in California.

It will be remembered that Anton Wampa was killed by Passenger No. 13, which was coming from the south, while attempting to cross the tracks with a load of wood, either being or not heeding the warning of the watchman who in a last effort to prevent an accident attempted to back the horses off the track.

## DOCTORS HOLD MEETING.

A quarterly meeting of the Mississippi Valley Medical society was held Tuesday afternoon and evening at the Elks hall.

A paper on Surgery of Exophthalmic Goitre was read by Dr. E. L. Fortier, and discussed by the members present. Many interesting cases were reported and discussed.

These meetings are attended by the doctors of this section of the state who form this society, and much good is derived therefrom.

A banquet was served at the Buckman hotel at 6:30 in the evening.

Among the out-of-town members of the society who were in attendance, were O. T. Bachelder of Brainerd, Dr. J. J. McKinnon of Wadena, Dr. E. E. Knickerbocker of Staples, Dr. G. W. Lowthian of Azeley and Dr. English of Motley.

## IS HONORED.

Henry Deutch brother of Mrs. Barney Burton who is a member of a well-known law firm of Minneapolis and who leaves this evening with the Minneapolis delegation to the national convention of the Commercial League of America at Narragansett Pier R. I. from July 19 to 21, will give a talk on "What Have You Done for the League During the Past Year?" and "What Do You Propose to do During the Ensuing Year?" Mr. Deutch will also respond to some of the toasts to be given at the annual league banquet, thus being highly honored. There are 1,700 attorneys in the league.

## BOUND OVER TO GRAND JURY.

Frederick Peterson, who was arraigned in Justice Randall's court Wednesday, on the complaint of Frank Long, who charged Peterson with obtaining money from him under false pretenses, was found guilty and bound over to the grand jury, bail being fixed at \$100.

The plaintiff claimed that defendant had been paid in full to clear a certain tract of land, and that defendant refused to complete the work, and that he (Long) had to complete it himself.

## START POOL AND BILLIARD HALL.

Clare McPherson has moved the pool and billiard tables which he purchased recently from the Commercial club, to the vacant store room in the "Y" block, and is now conducting a pool and billiard hall. Mr. McPherson is well-liked and will doubtless do well.

## MAY GET TELEPHONES AGAIN.

It is stated by some of the county commissioners that the telephones which were cut out of the court house the first of the year, thereby inconveniencing the public at large, will likely soon be re-installed.

## CHARLES L. DECKER IS ELECTED TYLER.

Charles L. Decker, formerly of this city, but now of Bemidji, was on Tuesday chosen tyler of the grand lodge of Elks in session at Los Angeles.

Louis Hoffman was examined this week, and taken to the state school at Owatonna yesterday by Deputy Sheriff Heroux.

B. G. Turner, formerly in the dry goods business here, was in the city a short time Thursday. After leaving here Mr. Turner was for a number of years located in Minot, N. D., in the same line, and also real estate. He is now located in Minneapolis. Mr. Turner owns a large interest in a gold mine located in British Columbia, and states that the outlook for a winning mine is most excellent. He is in excellent health, and carries his age very lightly. His daughter, Mrs. Frank Carmody, who was formerly Miss Mary Turner, is located in San Francisco, where Mr. Carmody has an excellent position as electrical engineer.

## FENCED IN TOO MUCH TERRITORY.

John and Mary Patyk of Swan River were fined \$5 and costs, amounting in all to \$24.08, in Justice Gerritz's court Wednesday morning, as the result of an action brought against them by John Pierowicz, also of Swan River, for inclosing part of his land in a fence which they had put in to separate their land from his.

The dividing line between the two pieces of land had been plainly marked out by the surveyor, but in building the fence defendants had made it sag outward between the posts put in by the surveyor so that in the center it took in nine feet of the plaintiff's land.

Defendants claimed that the title to the land was involved and that therefore the case was outside the jurisdiction of the justice court, the court however decided that the title of land was not involved, and gave judgment to plaintiff for \$5 and assessed the cost of the case to defendants.

## MEETING OF CITY COUNCIL.

At an adjourned meeting of the city council Wednesday evening, at which all the aldermen, with the exception of Alderman Hall and Wilczek, were present, the bonds furnished by John Dolan, Jos. Schwalier, Frank Bourassa and George Emdler were approved and liquor licenses ordered granted to each.

The city fathers also passed three resolutions, one condemning a stretch walk on Third street fronting the Butler property, one ordering in some new walks, and one ordering the street commissioner to put in some walks.

A. K. Hall appeared before the council and asked that the city make arrangements to take care of the water that inundates the walk in front of his property on Second street southeast from six to 24 inches every time a big rain storm occurs, as a result of being supplied with the wrong grade by the city. The members of the council expect to look over the walk and property next Sunday afternoon.

## PREMIUM LIST TO BE READY SOON.

A meeting of the street fair association was held Monday evening at the First National bank, at which the compiling of the premium list to be offered for the coming street fair was advanced so that it will most likely be completed by Sunday. The premium list will most likely be published next week.

The Rice, monkey, dog and pony show has been engaged for the three days of the street fair, and admission to this will be free, also to a number of other attractions which are to be secured.

## DR. O. C. TRACE TO LEAVE.

Dr. O. C. Trace and family, who for the past twenty years have been residents of this city, leave the first part of the next month for Maple Plain, Minn., where they will make their future home. Dr. Trace was offered for the coming week looking up a suitable residence, and returned here Wednesday evening. His many friends will wish the family success in their new location.

## ARRESTS EAVES-DROPPER.

Patrolman LeBlanc arrested a stranger Wednesday evening, who was looking in through the window at the Dana Brown residence, and placed him in the county lockup. What the fellow's intentions were could not be found out from him. Mrs. Brown's attention was called to the eaves-dropper by the dog's growling at him, and telephoned to the police.

## GIANT GRIP TO START UP.

The Giant Grip Horseshoe factory will start operations either Saturday morning or Monday morning with a crew of eight or ten men. Just a day-shift will be run and only calks will be manufactured to commence with. Later the shoes will be manufactured.

## CUT HIS FINGER OFF.

On Saturday the two-year-old son of Henry Allard of Grayville had a finger of his right hand cut off while playing around a mower. He was taken to this city and had the injury dressed.

There will be a class adopted at the M. W. A. meeting tonight.

L. D. Brown is having the interior of his drug store given a fresh coat of paint.

Miss Anna Schwalier is home from Center, N. D., where she has been teaching the past year.

Dr. G. M. A. Fortier was in Perham Monday, where he performed an operation for appendicitis.

Barome Doucette, now of Ft. Ripley, returned home Wednesday after a few days here on business.

John Burkel is substituting for Eugene Schingler as a member of the switching crew in the local yards during the latter's vacation.

M. F. Bradley, freight brakeman on the N. P., came up from Minneapolis the first of the week to see to the packing of the furniture and household goods, preparatory to moving to the mill city.

Mrs. A. F. Richardson of Belle Prairie stumbled on the steps of her home Wednesday evening at about 6 o'clock, breaking her ankle. She was taken to this city yesterday morning and had the broken member attended to.

We had expected that the Pierz correspondence would again appear in the Herald columns this week, but through some error, it did not. We will endeavor to have it appear next week and thereafter continually, as this is one of our most interesting letters.

## PETITION IS REJECTED

### Flensburg Does Not Incorporate--Other Commissioners' Doings

The county commissioners met in regular session Monday and Tuesday and dispensed a good deal of business.

A petition was presented, signed by a number of the voters of Flensburg, asking that certain territory in the towns of Pike Creek and Cudrum, be incorporated into a village. The number of people in this territory was a few more than sufficient for organization. A petition of remonstrance was also filed, a number being signers on the petition asking for incorporation, who, on second thought, figured that under the new condition taxes to them would be higher. Under the present conditions it is impossible to conduct a saloon in Flensburg, on account of the nearness of the school, and this together with added shipping facilities, as with an incorporated village a depot would have to be maintained, is, we understand, the reason given that a number of the citizens wished an incorporation. The petition was denied by a vote of three to two, Jacobson, Herum and Lakin voting nay and Rocheleau and Vernig yes.

At the evening session Monday the selection of janitor for the coming year was taken up, and the efficient custodian, A. F. Kerich, was re-elected. A. F. Kerich received three votes and G. G. Samuelson two. This was in a measure a surprise to many, as it was pretty much thought that this little matter was arranged satisfactorily at the time of the selection of a register of deeds.

Messrs. E. A. Kling and George Kiewel, representing the commercial club, appeared before the commissioners to ask a favorable decision as to the crushed rock road project, which it was desired to have put in on the Pike Creek road leading from the city limits to the birchyards. The commissioners passed a resolution asking the state for twenty-five cars of the rock. Action was necessary as applications have to be in within the next two weeks. The town of Pike Creek is to put the road bed in condition to receive the rock. The commissioners will allow the money given by the state highway commission, which is one third of the cost. As it is necessary to file a plat and profile of the proposed road with the highway commission before the rock will be given, Superintendent of Roads Randall will start at once on this work. Mr. Mullin, a representative of the highway commissioner, was in the city Wednesday, it being his business to look over the state roads on which it is desired to have crushed rock. Wednesday afternoon he went to look over a road in section 6, township 130, range 30, town of Darling for which a request for crushed rock had been made.

An application of D. O. Moran for abatement of ditch tax was rejected. B. Doucette was granted an abatement of taxes.

The tax levy was made on the same basis as last year. Abatements of taxes were approved on real estate of Mrs. Luke Casey in Swanville town; J. A. Berquist on improvements in town of Buh and Robert Muske, city, for personal property in town of Platte.

Application of Emily H. Kinney and S. G. Gullen for abatement were rejected. The county superintendent of roads was ordered to file copies of plats, profiles, etc., of all state roads in the county.

The petition of Maurice Olson, asking to be set off from school district 89 and adjoined to 58 was granted a hearing.

The delinquent personal tax list was gone over, and most of the amounts due were cancelled, as it would not pay to collect some, and others could not be collected.

The abatement applications of A. C. Young, W. H. Byer and Samuel Wildasson of Morrill, on structures, were approved.

## T. MCCARTHY MISSING

### Darling Resident Has Not Been Seen Hereabouts Since July 3rd

Thomas McCarthy of the town of Darling has disappeared, or so it would seem, from his continued absence since July 3rd, when he, in company with John Regnell of Darling, came to Little Falls on a trading trip, according to August Blomquist, who was in the city Tuesday.

McCarthy was last seen in a hardware store in this city, where he was making a purchase. He had planned to go to Randall with his family to celebrate the Fourth on July 5, nothing had been heard from him up to Wednesday. It was first supposed that he had went to his brother's place at Belle Prairie, but his continued absence cannot be accounted for.

McCarthy was not addicted to liquor and was at peace with his home and the world at large as far as can be learned. The family had not made any inquiries, but neighbors, fearing ill has happened him, have been trying to locate him.

The neighbors believe that the family of Mr. McCarthy know where he is, seeing that they are not worrying about him, but simply do not care to let anybody know.

## GEORGE LA DUE'S TERM CUT THREE YEARS.

St. Paul, July 13.—George La Due, a prisoner at Stillwater from Beltrami county, had his sentence commuted from eighteen to fifteen years by the state pardon board yesterday. As La Due has served since October, 1902, this shortening of his time will permit his being paroled in a few weeks.

La Due's pardon was recommended by both the judge and the prosecuting attorney in the case, as both of them stated that La Due was only an accessory to the crime and the man who was more to blame got away. For this reason they felt sorry for La Due and recommended the commutation.

A meeting of marquette court, C. O. F., will be held Monday evening at Maurin's hall.

According to the Pioneer Press Archibald Vernon, a St. Paul attorney, will locate here in a short time.

Licensed to marry: Alex. Anderson and Thea Person; Jessie L. Gay and Mary E. Thomas; Melvin Sites and Sophie Oberg.

The Knights of the Macabees re-elected their old officers for the ensuing year, at their meeting in Maurin's hall Tuesday evening.

The Monarch elevator scales are being repaired preparatory of the opening of the elevator by John Billstein the first of next month.

A picnic was given Wednesday afternoon at the Cota grove east of the city by the junior auxiliary of the Episcopal church, under the charge of Miss Lucy Warner.

The residence on Second street southeast, just vacated by the family of H. E. Bradley, has been rented by Mr. and Mrs. C. H. Easton, who will commence housekeeping.

Certain requests of the late Howard P. Bell, which are subject to the inheritance tax law of 1905, will be appraised by the appraisers August 23 next at the probate office. These are \$10,000 each or over.

A report was received the first of the week of a new sink hole near Isle, in which a part of the track of the new Soo road sunk. Several trains were stalled until the hole could be filled and the track replaced.

Mr. and Mrs. James Chadwick and daughter of Brainerd, formerly of this city, who left last month for an extended trip through England, arrived at Liverpool June 25 and writes that they are having an excellent time.

J. H. Seal of Melrose, formerly of this city, was operated on Sunday at his home for hernia, and although suffering intense pain, will soon recover, according to the report of the attending physician. His many friends here hope for a speedy recovery.

The water plant of the Minnesota Waterworks company of Brainerd has been appraised at \$75,000 by the board of appraisers, of which J. J. Tucker of Ft. Ripley, together with W. L. Jack and George S. McCulloch, is a member. This is a little over twice the value Brainerd's expert placed on it, and about half the value placed on it by the company's experts.

Geo. Gerritz, justice fees	9.45

## HOSPITAL NOTES.

Jack Meyers of Elm Dale underwent an operation for appendicitis Monday morning.

Joe Mayraund, who has been coned by an abscess of the hand, has recovered.

Mrs. Jos. Robusty of Parker town entered here Tuesday for medical treatment.

Paul Woffel of the orphanage had a plastic operation on the mouth performed Wednesday.

William Pierce's daughter, 4 years old, underwent an operation at the hospital Wednesday.

Little Julia Virnig of Pierz, who underwent an operation for a ruptured appendix, has returned home fully recovered.

Nicholas Young of Royalton, aged four years, who recently underwent an operation for appendicitis, returned home Monday.

Mrs. Louis Brummer of Lastrup returned home Saturday, having recovered from an operation for appendicitis.

Miss Elizabeth Quick of Star Lake was taken to this city Monday and placed in St. Gabriel's hospital to receive treatment for typhoid fever.

## JUDGMENT AS PER AGREEMENT.

Chas. Kampen of Elm Dale was given judgment for \$30 against Nye Haskins of Burtrum in Justice Randall's court yesterday morning, and the costs of the case were assessed to the defendant.

Kampen had a bill against Haskins for board and work, and the latter had a bill against Kampen for work. They had been unable to reach a satisfactory agreement to settle the bills up to this time, but in the justice court they soon got together and just about agreed on the amount of settlement, the court giving judgment as above stated.

## NAME YOUR FARM.

Says the Elk River Star News: A number of the papers of the state are calling attention to the new law which provides for the registration of the names of farms. The practice of giving a farm some appropriate name is becoming more and more common in many places, and the law provides that anyone wishing to do so can give his farm a name and have such name recorded in the register of deeds' office for the sum of fifty cents. No two farms in a county can be given the same name and the name first selected and registered becomes the legal name of the property.

## LANGE RELEASED.

Henry Lange, who has been with the local team in the capacity of pitcher, has been released. We understand, however, that Lange claims a contract to the last of September and wished to hold the club to it. Lange has pitched some excellent games this season, especially for outside teams, but there is evidently a "hoodoo," or something the matter as he has been up against it in most of the games pitched for Little Falls. The matter should be settled amicably.

## ANOTHER MOVING PICTURE HOUSE.

The Germania opera house is being remodelled for a moving picture show house which will soon be opened in it by C. L. Nelson of Anoka. He has a show house in both Anoka and Princeton and will run the local one in connection with them.

## See "Rat" Johnson the famous colored catcher, with Long Prairie Sunday

Mrs. Dan Ryan and children of Minneapolis are visiting with Mr. and Mrs. P. J. Vasaly.

Louis Nelson, one of Cushing's prominent farmers, was in the city Monday on business.

Mrs. P. J. Mamer and children left this week for a visit with relatives and friends at Wabasha.

Walter Folsom, who has been visiting with relatives at Taylors Falls, returned Wednesday evening.

Mr. and Mrs. D. H. Parsons went to Minneapolis Wednesday evening to attend the wedding of their son, Dr. George Parsons.

Mr. and Mrs. Peter Garney and the Misses Adeline Fromelt and Georgia St. Martin went to Crow Wing yesterday for an outing.

While returning from a trip in the country, delivering a sewing machine, the horse belonging to G. C. Raymond dropped dead on the road. The horse had not been sick as far as Mr. Raymond could notice.

In his defense in a civil action brought against him by A. B. Trebitowski, a West side merchant, for the collection of a store and saloon account, George Foldinski claimed that the bill was not paid because plaintiff owed him an amount for different things that would about offset the bill. Among the things he claimed the West side merchant owed him for, were overcharge on a hat, damages for selling some seed to him as rutabaga seed which turned out to be cabbage, and for destroying another hat and tie of his in a mixup between the two. Plaintiff claimed that at the time the seeds were sold to Foldinski he told him that he could not tell what kind of seed it was. The case was completed in Justice Gerritz's court last Friday morning.

The case was decided in favor of the plaintiff, and Foldinski said he would appeal the case.

## WILL BE A FAST ONE

### Game Between Locals and Long Prairie Sunday Will Be a Corker

Manager S. R. Fortier of the Gold Dusts has decided to give the Little Falls fans a regular league game here next Sunday afternoon, when the last Long Prairie team will be taken on at the local Athletic park. The Long Prairie aggregation is about the fastest of semi-professional teams in the state, an all-pink team. "Rat" Johnson, the famous colored catcher, who is with this team, would undoubtedly be playing in the league were the color line withdrawn. His catching stunts alone are worth the price of admission. The Todd county team has several excellent box artists, among whom is Dominick, who has been pitching the best kind of ball. This team beat Alexandria two games recently and shut-out Wahpeton 8 to 0.

Manager Fortier has made arrangements to have a good Minneapolis twirler up here to do the pitching for Little Falls. Another Minneapolis man, who is highly recommended by the sporting editor of the Minneapolis Tribune, has been secured to play short-stop for the home team. Templeton will hold down the second sack, Lauerman will hold down first, Diederich will play third base, and Batters will catch, insuring a very fast infield. The manager has excellent material among the remainder of the team for the outfield.

The fans should not fail to come out in large numbers and see a big game. The attendance should be large, as the expenses will be big, to give the Little Falls people the pleasure of witnessing one of the best games of the season. The game will be called at 3:30 p. m. Come out and root for the Gold Dusts.

## WEST SIDE FATS ISSUE CHALLENGE.

The West Side Fats, captained by the veteran ball player, Geo. Cornwall, have issued a defi to the East Side Fats to a game of baseball to take place in the immediate future, before gold weather sets in. Joe Wachlarwicz is the fat boy that is to sizzle the horse hide over the oyster and Lucas Schriber is to occupy the position between the homeplate and the grandstand. Guess there'll be some hot weiners in that bunch. The West side as well as the opposing team are to have players not weighing less than 200 pounds. T. H. Dewey, who will occupy the initial sack, is preparing his cold storage plant, for immediate use after the game. Jimmy Fearing, the shortstop, will take care of all those boys with whiskers, and John Wilczek will cut up a few in center field. Silent Bill Bang will beat it in left field, and Night Operator Mero will keep tick on the Texas leaguers browning in right field. Jake Posch will push 'em over on third and Captain Cornwall will cover second and do all the wind-jamming and hand out the dope.

If the condition of the athletes will permit, a tug-of-war will take place immediately after the big show, each one having played the full game to put up one dollar apiece, the winners to provide for a dainty luncheon of pork and beans.

## SECURES GOOD PRODUCTION.

"Ole Olson in Spiritland" is the title of the latest production that has been secured by Manager Chas. R. Rhoda of the Royalty opera house, which will show there tomorrow evening. Carl M. Dalton, the clever character comedian and actor, appears in his best as the funny man, "Ole Olson." This is one of the many good attractions that Mr. Rhoda has been able to secure for his show house during the past season.

## WILL DEDICATE CHURCH IN AUGUST.

The dedication of the new church at Sartell which Rev. McBride of this city was instrumental in its erection, will take place the first Sunday in August. All that remains to be finished on the church is the woodwork. When completed the church will be a beautiful one costing \$3000.

## NEW PICTURE SHOW HOUSE.

A moving picture show house will be opened in the vacant store room just south of the Barney Burton Dry Goods store the first of next month by Edwin Ludevig. Ludevig conducts a moving picture house in Aitkin, which he will continue, buying a new machine for the local theatre.

## GERMAN EVANGELICAL LUTHERAN CHURCH.

F. J. Oehlert, pastor, 409 Third ave. northeast, Sunday service, Dixville 10 a. m. No services in the city.

Born—To Mr. and Mrs. J. B. Belanger Friday, July 9, a son.

E. S. Brown, who has been attending the federal court sessions in Duluth, returned yesterday.

Sheriff Armstrong returned Monday night from Red Wing, where he had taken Joseph Jastrynski, who was committed to the training school at that place.

J. J. Gross returned Monday night from a trip to Richmond, Stearns county. While away he enjoyed some excellent fishing, and states that he landed a 4 1/2 pound black bass.

The Y. P. S. of the Swedish Lutheran church will meet Friday evening, July 16 in the choral parlors. Refreshments will be served by Mrs. C. A. Carlson. Everybody cordially invited.
