Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.

Does not change the color of the hair.

The reason why Ayer's Hair Vigor stops falling hair is because it first destroys the germs which cause this trouble. After this is done, nature soon brings about a full recovery, restoring the hair and scalp to a perfectly healthy condition.

Formula with each bottle Show it to your doctor Ask him about it, then do as he says

Made by the J. C. Ayer Co., Lowell, Mass.

THE OFFICES THE ONLY ISSUE.

Duluth News Tribune.—It is said that the Democrats are snooking around the legislative districts of the state seeking what they may devour.

They are not depending upon the primaries to name their candidates, but are now picking such as can get the full party vote in Democratic districts, and can win Republican votes as independents in Republican districts.

They have hopes, and why not? They have had three campaigns in which Republicans have elected their candidate for governor. Why should not this favor be extended to the rest of their ticket, including the legislative?

Governor Johnson has done all that was expected of him, and a few things more. Democrats also, have anted the public expectations in the executive departments, as well as their Republican predecessors did. They have furnished satisfactory heads for the dairy food, insurance, game and fish, labor, banking and other departments.

It would be just as easy to fill the offices of auditor, secretary of state, treasurer, attorney general and clerk of court. They have found one supreme court justice who is a credit to the state, and as we think of Justice Mitchell, cant and Buck, we cannot but be satisfied that there are others.

The most effective members in the last legislature were Democrats, and they showed an independence and moral sense that put the majority of the Republicans to blush, while in the fitness of the game they were easily superior. There seems no reason left for electing Republicans, except the tag, nor in defeating Democrats, save because they are of that name.

There is not one single party issue in the state, except the offices, and honesty with fair ability and an open mind are the best qualifications for them. It is strangely true that the strongest Democrat in the state is fully as strong with the Republican voters as with his own party, and the strongest Republican in the state can get nearly as large a proportion of the Democratic vote as of that of his own party.

So, there is little left in partisanship in Minnesota, and the hide might as well go with the tail. Indeed, those who hold the one issue in their possession have been so little party men that it is hard to tell where the tail ends and the hide begins.

UPRISING AT BARRANQUILLA

Portion of the Colombian Army There Mutinies.

Bogota, Colombia, July 8.—A portion of the army stationed at Barranquilla took up arms on Sunday last against the Colombian government, made prisoners of the municipal authorities and proclaimed Gonzales Valencia president. General Jorge Holguin, who is acting president in the absence of General Rafael Reyes, who is in London, was strongly denounced and the gendarmerie were driven out of the city, later arriving at Cartagena. The revolutionists took possession of the town and several steamers on Magdalena river.

General Holguin has declared martial law throughout the country. Gonzales Valencia has disavowed the rising and is coming to Bogota, with the acquiescence of the government.

NO CARRIAGES FOR OFFICIALS

Wave of Economy Strikes the Isthmian Canal Zone.

Washington, July 8.—The wave of economy first noticed at Washington some time after the advent of the Taft administration is reported as having arrived at the isthmian canal zone. Its first effect was to sweep away nearly all the government carriages used by the commissioners and other officials on the zone. Colonel Goethals, chairman of the canal commission, has issued an order discontinuing the use of these carriages and directing the chief quartermaster to sell all transportation and equipment on hand, with the exception of a few surreys to be used exclusively for the transaction of public business.

UP TO LEGISLATURES

Income Tax Resolution Through Both Houses of Congress.

Washington, July 13.—It is now up to the legislatures of the several states to say whether there shall be an income tax amendment to the Constitution.

By the decisive vote of 317 to 11, more than the necessary two-thirds, the house passed the senate joint resolution providing for the submission of the question to the states. The negative votes were all cast by Republicans. No amendment having been made to the resolution, it now goes to the president for his signature.

Practically four hours were consumed in debating the proposition, and this afforded many members, mostly Democrats, an opportunity to air their views. Chairman Payne of the committee on ways and means voiced the sentiment that such a tax would make "a nation of liars," although he said it was well that such power should be given congress, especially in times of war.

MARTIAL LAW IS IN FORCE

Troops Guard Collieries at Glace Bay, C. B.

Glace Bay, C. B., July 9.—Martial law prevails in the southern Cape Breton coal fields. Troops are guarding the collieries of the Dominion company and an attempt will be made to operate the mines under military protection. Six hundred men from the Canadian permanent forces have arrived here. They were divided into detachments and distributed among the various collieries, and now the general feeling is that the scenes which attended the first three days of the strike are at an end. Sentries with fixed bayonets guard the approaches to all the collieries and at No. 2 and No. 6, where the most trouble has been, machine guns command the approach.

HUNTERS CHANGE LOCATION

Roosevelts Now on South Shore of Lake Naivasha.

Naivasha, B. E. A., July 12.—The Roosevelt expedition, which has been hunting for the past five weeks in the Sotik district, has arrived at the farm of Captain Richard Attenborough on the south shore of Lake Naivasha. Mr. Roosevelt
