NOT FAVORABLE TO COMMITTEE

At a meeting of the public affairs committee of the Commercial club last Friday evening, the Minneapolis Art & Publishing company's offer to move their plant to this city, providing that the Commercial club raised \$1,000 to cover the cost of moving it to this city and the loss of time that would result in doing so, was taken up, and thoroughly gone over. The committee concluded that the removal of the plant to Little Falls would be a good thing for the city, but that just at this time it would be impossible to raise the \$1,000 for this purpose, as other local propositions had to be looked after first.

ORGANIZE SORORITY.

A sorority club was organized by the members of the local public schools' teaching corps at a meeting of the teachers last Friday afternoon after the school session, officers being elected as follows: Miss Ann McGillan of the Columbia Eighth grade, president; Miss Marguerite Hoard of the Central Fifth grade, vice president; Miss Jennie Nelson, Central Second grade, secretary and treasurer; and Misses Mabel J. Olson and Calla M. Kendall of the high school faculty, sergeants at arms.

This is a club organized for the purpose of furnishing social times among the teachers, and will meet every two weeks.

BANKS ARE BROKEN INTO.

The Avon bank was broken into by three robbers last Friday morning at an early hour and looted between \$1,800 and \$2,000 of the bank's deposits. They escaped to Holdingford in a stolen rig, at which place they boarded a car of a freight train. Deputy Sheriff Valentine Herman saw the men board the train, and he also boarded it, planning to capture them at the Pierz station. The robbers made their getaway before the train reached that station, however, making their exit through the end door of the box car and dropping to the ground, so that when the deputy sheriff and a posse went to make the capture they were disappointed. Monday morning of last week, some time before 8 o'clock the Farmers State Bank of Holdingford was entered by thieves, who gained entrance by breaking through the plate glass of the door. These were evidently frightened away before they could tap the big safe, or were not equipped to force the safe open, and, despairing, left. Two men were taken at St. Cloud, but it is not thought they are the ones connected with either of the above.

CAMPBELL NOT GUILTY

Jury So Declares on Second
Count—Third Count is
Dismissed

Dr. R. W. Campbell of Swanville was acquitted of violating the state law relative to the sale of drugs in Justice Gerritz's court Friday afternoon, when the jury, after hearing the evidence which, occupied the most part of the day, brought in a verdict of not guilty. The count on which defendant was on trial last Friday was that of selling a small quantity of bichloride of mercury to Francis Bean as a pharmacist, without being qualified to do so. The defense was along the same line as that made when he was convicted on the first count the day before,—that he sold it to Mr. Bean on a prescription and that in this manner he was selling it to a patient of his, thereby being within the law. The state claimed that the poison was not sold in this manner, nothing whatever being mentioned of a prescription. The jury, however, found the doctor guiltless. The third count against the Swanville physician, that of conducting a drug store without a license, was dismissed on the motion of the county attorney.

YOUNG MAN INSANE.

Harvey Stickney, aged 23 years, the son of E. Stickney, who conducts a small grocery store on Fourth street northeast, was taken before Judge of Probate E. F. Shaw Monday morning and examined as to his sanity. The young man, who was employed at a sorting works at Minneapolis, failed to return to his rooms last Friday evening, and his roommate, fearing that an accident might have occurred to Stickney, got up and went to look for him. He found him half clad and seated on a bench near the building, suffering from exposure. Upon being taken to his rooms, Stickney began to rave, and since that time gave indication of being mentally unbalanced.

The young man was brought home the first of this week, but his condition was such that it was thought best to take him before the probate judge for examination, which resulted in Harvey Stickney being found to be mentally deranged. He was taken to the state hospital at Fergus Falls Monday noon, at which place he will receive treatment.

The young man had no bad habits as far as could be learned, and his many friends will hope for his speedy recovery.
