

COMMISSIONERS MEET

Printing Contracts Let-- Appropriation for the County Exhibit

The annual meeting of the board of county commissioners was held Tuesday and Wednesday morning.

The board was organized for the coming year by the election of J. J. Jacobson as chairman, and Delphine Rochelleau as vice-chairman.

A counting of the funds of the treasurer showed an amount in all the funds of \$66,122.34.

The petition of A. W. Anderson and others for the change of a county road in town of Cushing was granted.

The salary of the county superintendent of schools for the ensuing year was fixed at \$1500. Those voting in favor of the motion were Commissioners Jacobson, Virnig, Herum and Lakin, and Commissioner Rochelleau against.

The letting of the county printing for the year was the first business to come up Wednesday morning. The Weekly Transcript was awarded the publication of the financial statement, the Herald the delinquent tax list and the Daily Transcript the proceedings and other official printing than the tax list. The bids were all at full legal rates.

During the session Herman Busse appeared before the board in the interests of a county exhibit at the state fair. The commissioners allowed \$150 for this purpose, but did not designate any particular person as a representative.

Dr. Dmont was appointed as deputy coroner.

The matter of repairing the court house was taken up and a meeting of the commissioners will be held on January 20 to take up this latter.

The salary of the deputy treasurer was fixed at \$900.

The petition of Louis Chirhart and others asking for the change of school district boundaries was granted a hearing.

The financial statement for the year 1909 was approved.

The application of Stephen Borash for statement of taxes in town of Bellevue was approved.

The county attorney was instructed to notify the Soo Railway company to construct a crossing over their line between sections 22 and 27 in township 41 and range 28.

The following road and bridge appropriations were made: Town of Lakin for general road and bridge purposes, \$50; Town of Granite for general road and bridge purposes, \$100.

Several bills were also allowed.

HOLDS ANNUAL MEETING

FARMERS' INSURANCE CO. OF LITTLE FALLS IN FLOURISHING CONDITION.

The annual meeting of the Farmers' Mutual Fire Insurance Company of Little Falls, was held in the city Tuesday.

President Schmelzer called the meeting to order, after which the report of secretary and treasurer were heard.

Horses were raised to two-thirds of actual value, but not to exceed \$100 for any one horse.

J. H. Schmelzer was chosen to represent the company at the State Mutual Fire Insurance Companies' convention to be held in St. Paul.

Peter Nylan and C. L. Freeman were re-elected as directors.

The officers of the company were elected as follows:

President—J. H. Schmelzer.
Vice President—Emil Robischke.
Secretary—P. A. Kull.
Treasurer—John Thelander.
R. Borgstrom, Axel Akeblad and August Berglund were appointed as agents.

The secretary's report shows \$625 paid out for losses during the year, and \$738.41 in the treasury. The number of policies in force are 342, and the total insurance in force is \$558,949.

KLING AND BROWN CANDIDATES FOR SPEAKER.

George F. Authier in Minneapolis Tribune. Representative Elmer A. Kling of Little Falls will be a candidate for the speakership of the next house. Mr. Kling was in St. Paul yesterday and admitted this was his intention. "Yes," said Mr. Kling, "I understand there is to be a fight on me. But if there is, I shall certainly be a candidate for the position of speaker. It is being charged in my district that I promised to vote for county option. I never did any such thing, and my friends all know it. I shall be a candidate for re-election and will be a candidate for the speakership in all probability."

WOULD LIKE TO LIVE HERE.

F. L. Harrigan, traffic chief of the St. Cloud district, and E. Alexander of Minneapolis, Northwestern division supervisor of traffic, of the Northwestern Telephone company were in the city yesterday looking over the service at the local exchange. Mr. Alexander stated to a representative of the Herald that everything looks fine at the local exchange, and that this was a beautiful little city and that he would like to live here. They left last evening for Brainerd, being on his trip of inspection.

Nicholas Friessinger, a well-known resident of this city, and who is residing with his daughter, Mrs. John Lentz, is very low and not expected to live.

GROWTH OF DAIRYING

Creameries Increase Output--Successful Operation of Randall Creamery

A criterion of the advancement of the dairy interests of this county can be seen in the growth of the Randall Co-operative creamery. The creamery was started in June of 1905, the first year's business amounting to \$5,000. The concern has had a steady growth from year to year, until in 1908 a total business of \$80,000 was reached. The total business done by the creamery in 1909 was over \$41,000, with a payment to farmers of over \$30,000 for butterfat. The patrons of the creamery are all in the territory adjacent to Randall. The farmers are improving their herds and adding a few cows to the same each year, and in another five years the figures of the past year will look very small in comparison. The creamery at Randall, however, is but one of the eleven in the county that is making Morrison county famous in the leading butter markets of the United States.

The secretary's report of the Randall Co-operative creamery for the year 1909 follows:

Total amount of cream received.....	384,460 lbs.
Total amount of butter.....	113,469.53 lbs.
Butter shipped.....	180,025 lbs.
Butter sold on coupon plan.....	643 lbs.

TO PLAY PIERZ TONIGHT

SUCCESS QUINT TO GO AGAINST HARD PROPOSITION, BUT EXPECT TO WIN.

The Success basketball team of the local business college leaves this afternoon for Pierz, where it will meet the Pierz team tonight for a second game this season. The boys from the eastern part of the county gave the business college team a very close run on the local floor, and have since distinguished themselves with a decisive victory over the All Stars of this city. It is understood that Marshik and Rheinhardt will be in the Pierz lineup, and if this proves to be the case, things will look very bright.

The members of the Success team seem to realize this and during the past three days have been practicing in earnest at the West side hall. The boys will be decked out in their new basketball regalia, and are anxious to initiate them with a victory.

The lineup of the business college quintet in this game will be: Gannon and Hall, forwards; Droskowski, center; Great and Diedrich guards; McGonagle and Stillwell substitutes.

It is understood that a large number will accompany the team to Pierz, and also attend the grand New Year's ball which will be given in Faust's hall after the game.

Fraze will be taken on for a game on the local floor on Friday, January 21.

SURPRISE COMRADE ARNOLD.

On the evening of January 3rd, thirty of the comrades and members of the Women's Relief Corps, with a few Sons of Veterans, surprised Comrade John Arnold at the home of Ed. Keenan, his son-in-law, at 7th Str. N. E.

The comrade was being entertained at the 7th street engine-room, thus giving the crowd a chance to make the surprise a success. Cinch was played at five tables and an enjoyable time was had. Comrade Arnold is section foreman on the Soo. He and his wife were here on a visit.

Mr. and Mrs. Keenan exerted themselves in behalf of the guests and showed that they were high up in the art of entertaining. At 11 o'clock a fine lunch was served, after which all wended their way to their homes.

—Q. M.

COST HIM \$12.

Jos. Duschler was arrested at St. Cloud and taken to this city Tuesday night, and Wednesday afternoon was arraigned in Justice Randall's court on the charge of using obscene language toward his step-mother, Stanislaus Jaskowiak, the husband of the lady, brought the complaint against defendant. Duschler pleaded guilty and was let off with the costs of the case, which amounted to \$12.

The All Stars basketball team go to Bemidji next week to play the "Big Bemidji" quintet on Thursday and Friday, January 13 and 14. The lineup has not been arranged as yet.

RIDER IS APPOINTED

Made Executive Agent by State Game and Fish Commission

The state game and fish commission Wednesday appointed E. A. Rider of Little Falls to the position of executive agent of the commission. Although the board is democratic, the request of Gov. Eberhart was granted. Mr. Rider had been named as a member of the board to succeed Carlos Avery of Hutchinson. Mr. Rider says that the meeting was in every way harmonious. The term is for four years and carries a salary of \$2500 per annum, with expenses.

CONCERT NUMBER POSTPONED.

The Strollers' Quartette Concert company, which was to appear at the Congregational church next Monday, January 10 under the auspices of the Star Lecture Course, has advised the local organization that it will be unable to make this city this month. The date of the next number in the course has accordingly been indefinitely postponed.

Happily the postponement of the date of appearance will not be felt very much at present, as next Tuesday the House of a Thousand Candles will be put on at the Milo theatre, guaranteeing plenty of entertainment just at this time.

The Star Lecture Course has been a decided success, and the next number will round out a good season of instructive as well as entertaining lectures and concerts.

THE COUNCIL MEETING

Hold Short Session--Insur-ance Placed on City Library

A regular monthly meeting of the city council was held Monday evening at the city hall, with Aldermen Kiewel, Bastien, Roble and Wilczek present. It was one of the shortest of regular meetings, taking but an hour's time for the city fathers to transact the business before them.

The plans and specifications of the addition to the Milo theatre having been compiled with according to the building permit, the council released Mr. Ludwig from the bond he had taken out for its construction. Henry Colombo was also released from his bond for the building he had constructed on Broadway for his studio.

The city clerk was instructed to ship back to the S. S. Nott company the sample rubber coat which had sent for examination.

The street commissioner's payroll in the sum of \$95.43 was allowed, Alderman Bastien making a demurrer, however, on the ground that during the winter time there was not enough work to keep the street commissioner busy the entire day.

On January 1 the 2 per cent of the moneys received through liquor license in the city became due and the city council instructed the city clerk to pay the sum due, \$180, to the state.

The ordinance creating a new ward to be known as Fourth Ward, out of the Second precinct of the Second ward, received its second reading at this meeting all voting aye with the exception of Wilczek, who voted nay.

There was some question as to how much insurance should be carried on the Carnegie library. A list had been arranged on the assumption that \$10,250 would be carried for a five year period, the same as before, the insurance men of the city making a rate of 37 cents per hundred, a total of \$186 premium for the five years. The council finally decided on carrying \$10,250 on this public institution.

Judges for the coming city election in March were appointed as follows: First ward—Peter Virnig, J. J. Gross, Chester Easton.
First precinct of Second ward—Victor Schallern, G. C. Raymond, A. A. Fuller.
Second precinct of Second ward—H. J. LaFond, N. H. Jacobson, Ernest Kaestner.
Third ward—Ed. Tranberg, Jos. Wirwicki, Jacob Posch.

No report in regard to the purchasing of rubber coats for the fire department was received from the fire committee, and there being no other business to be transacted at this time the council adjourned.

MORRISON COUNTY SOIL WILL PRODUCE ENORMOUSLY WHEN PROPERLY TILLED— MORE CLOVER SEED

Forty-two sacks of clover seed were brought in from Buh town by John Bonn and George Posser, Jr., Wednesday afternoon, and disposed of to Chas. Van Hercke, who shipped the seed to Minneapolis yesterday morning. Bonn received \$560 for his seed and Posser \$356 for his.

When John Bonn came to this county six years ago he had almost nothing. Three years ago he bought the Martin Christianson place at Buh at a purchase price of \$5,800, and has it almost entirely paid up now. The crops which he has raised, which includes fine crops of clover seed, making this possible.

PLEAD NOT GUILTY.

Jake Burgraf, Math Burgraf, Albert Wiener, Nick Schadler and Jos. Tomalla were arrested on the complaint of Mrs. Victoria Bruszkowski of North Prairie and taken before Justice Randall Wednesday to answer to the charge of malicious destruction of property. They pleaded not guilty and their case was set for 1 o'clock this afternoon. It is alleged that while these boys were at the Bruszkowski place New Year's day they broke up into a rough-house and demolished some of the furniture in the house.

Yeoman Lodge No. 1870 installed its officers for the ensuing year Tuesday evening. Head Medical Director O. G. Winters of Des Moines, Iowa, and State Manager J. H. Murphy of Owatonna were guests at this meeting and had charge of the installation. A social session was held after the business meeting.

MEMBERS OF COMMERCIAL CLUB

Sell House at Increased Prices

'The House of a Thousand Candles' will be presented by W. T. Gaskell at the Milo theatre next Tuesday evening, January 11th, and if the previous shows were considered successes, and they certainly were, this dramatization by George Middleton, of Meredith Nicholson's novel will be acknowledged as a tremendous success.

It has taken extremely well with theatre-goers wherever it has been put on the stage, being a strong, virile drama. It is bound to be pleasing and entertaining as the mystery is intense and it contains many effective theatrical moments.

That the Milo management may realize to the fullest extent in the staging of this excellent play, and to show its appreciation of Ludewig & Burr's efforts to give the people of this city a good show house, and good shows, members of the Commercial club have taken charge of the sale of the house for 'The House of a Thousand Candles' and have increased the admission price to \$2 a seat for the first eleven rows in the first slope, \$1 per seat in the rows of the second slope, and 75 cents for the seats in the flat space, which will be the general admission seats. The sale of seats has already commenced on a large scale and before the evening of the play arrives it is expected that every reserved seat in the house will have been taken.

Let it be shown that the theatre-goers of Little Falls are appreciative by packing the theatre for this play as for the previous ones.

MAKES A GOOD SHOWING

INCREASE IN POST OFFICE RECEIPTS OF ABOUT SEVEN PER CENT

The local postoffice has completed the calendar year in a way that is highly commendable and noteworthy, as outside of the money-order department it shows a business increase of nearly seven per cent above any other calendar year. The receipts of the office, outside of the money-order department was \$13,673.28, which is \$560 more than any previous year. Prospects for the coming year are even better, as the mill will be running night and day, which naturally will bring more people here, and consequently more use of the mails.

ROYALTON GETS BEST OF DEAL.

County Attorney Don M. Cameron has secured an opinion from Attorney General Simpson in regard to the clause in Chapter 450 of the General Laws of 1909 which throws a different light on the law under which the county is to receive 10 per cent of the money realized by cities and villages of less than 10,000 population through the sale of liquor licenses. He holds that only villages and cities that are in two counties can evade turning over to the county 10 per cent of liquor license money by expanding it for improvements of the streets of the cities or roads leading into it, or by appropriating it to the school district. This is the opinion County Attorney Cameron had of the new law. Under this opinion it would seem that Royalton would get the benefit, as the village, besides being in Morrison, lies partially in Benton.

GAME WARDEN TAKES DEER HEADS

Edward Hart, the local game warden, on Friday last took possession of two deer heads which were in the possession of Christ Tambert, the mail carrier between Pierz and this city, because they did not bear tags. The deer heads are the property of W. H. Rucker and James Ferguson of Rucker, Minn., and they were sending them here to have them mounted by Robert Kaestner, a local taxidermist. Mr. Rucker has written the game warden that he killed the deer last November 12th and that he has sent to the state fish and game commission for a tag to have them mounted but has not received it yet. Mr. Hart has given the men fifteen days in which to get the tags and permit, at the end of which time the deer heads will be confiscated if not forthcoming.

A SUFFICIENCY BROUGHT.

According to our esteemed contemporary we did not know what we were talking about last week. How sad. How consistent. On the same subject it said there was none (not at all) to be had of a particular fluid; that there was a shortage, (limited in quantity)—there was some; that there was a famine (destitution—general scarcity)—a little. Exaggeration—(represented in an excessive manner). If there was none then the supply would not be limited, neither would there be a little. But there was a sufficiency—enough. Come out of it brother.

The wedding of Demorn S. Proper and Miss Etta Yort took place Wednesday afternoon at 5:30 o'clock at the home of the bride's parents, Rev. J. C. Jewell officiating. The young people will make their home at Austin, Minn.

The Simonet Carpet & Furniture company has closed a contract with the Herald, whereby their store news will appear in every issue of the Herald the coming year. Progressive stores are coming to see that it is the everlasting "keeping at it" that brings success. If you've got the goods and prices let 'em about it. No publication can better reach the purchasing public than the Herald.
