Spend a most delightful half hour in our store, examining this wonderful sewing machine.

The Free is as "different" from every other sewing machine as your wash machine is different from your wash board, and simply because it is "superior."

Mr. William C. Free, president of the Free Sewing Machine Co. spent the best years of his life laboring to produce in The FREE Sewing Machine, a machine which would possess all the good points of every other machine, which would eliminate all the bad points of every other machine, and which would possess some 15 special improvements.

He Succeeded!

Here are a few of the improvements

which will arouse your enthusiasm:

- The "Rotoscillo" Movement, Mr. Free's Invention.
- The Eight Sets of Ball-Bearings.

- The Automatic Shuttle Ejector.
- The Automatic Locking Drawers.
- The Rotary Spool Pin, which never breaks a thread.
- The Automatic Tension Release, which never breaks a needle.
- The Needle which can't be put in wrong.
- The Improved Head Latch.

The FREE Sewing Machine is Insured!

For five years against Breakage, Wear, Fire, Tornado, Lightning and Water.

This means that if from any such cause any part, (a needle, belt, attachment, etc.) or all the machine is destroyed it will be replaced free to you.

The Free Sewing Machine Company is the only company which has enough faith in their machine to dare "insure" it.

Attachments, which go with The FREE are the best and do beautiful work.

We are Exclusive Agents for The FREE.

The fire was discovered about at 10 o'clock, shortly after Mr. and Mrs. Dvorak had retired for the night, but it had gained such headway as to render it impossible to save the building; but most of the furniture and the most important part of the postoffice, which was also located at their home, was saved by the timely arrival of neighbors. We understand Mr. Dvorak carried no insurance. We hope they may find agreeable rooms to locate in and will remain among us. They have the sympathy of all, in this loss.

That's what Henry up there is certainly getting, and that's what we have for you. Not a brick but a message of good advise.

Our stock of lumber of all kinds is dry and in excellent shape at present, but lumber is moving quite fast, and the indications are that before spring stocks will be badly broken, so why not take advantage of the present good sledding and purchase your lumber now.

We have a special lot of **Planed Shooting Boards** which we will sell while they last for **\$10 per thousand**. Come and look at them.
