GET GOOD SHOWERS.

A fine rainfall, which was quite general throughout the county and this part of the state, was experienced here last Friday and Saturday evenings and early Sunday morning. The amount of good it did is incalculable, but the small grain and what little grass was left show unmistakable signs of having benefited greatly through its agency.

The rain Friday night was accompanied by a brilliant display of lightning and detonating claps of thunder. A number of homes were plunged into darkness when the lightning affected the wires, several phones also being put out of commission, and the Western Union wires were quite generally affected. One death, which is reported in another column, also resulted from the lightning.

PACKERS' ESCAPE

Indictments Against Them Dismissed by Judge Landis

Chicago, June 24.—Judge K. M. Landis, in the United States district court here, sustained the demurrers of the so-called "hog trust" to the indictment charging a combination in restraint of trade. A new grand jury was ordered to renew the investigation of the packing companies.

The indictment, drawn on evidence secured by agents of the federal government, ran against the National Packing company and its ten subsidiary companies, charging violation of the Sherman anti-trust law.

Smiles, handclaps and congratulations were exchanged with much glee when Judge Landis announced that the indictment would not stand, but the demonstration came to a sudden, almost breathless end, when the court added:

"Call a special grand jury venire of seventy-five men for July 14."

This body will be ordered to hear testimony with a view to finding valid indictments against the packing companies.

The indictment quashed failed to show, in the view of Judge Landis, that any offense had been committed within the last three years. It did not show that during this statutory period the defendants had been engaged in interstate commerce. The general averment that the packing companies engaged in a combination in restraint of trade the court declared to be a mere conclusion. Judge Landis said: "The court is not clothed with authority to supply, entirely by inference, the complete omission of so fundamental an element of the offense."

ENDORSED FOR PRESIDENT

Ohio Democrats Also Name Harmon for Governor.

Dayton, O., June 23.—The Democratic party of Ohio goes into the state campaign this fall with Judson Harmon as its candidate for governor and president. The Democratic state convention, which completed its labors, endorsed him in the strongest terms for the presidency of the United States after it had renominated him for governor by acclamation.

A move of great importance in Ohio was made by the convention when it endorsed the proposal for a constitutional convention, a question that will be voted upon by the people this fall. The action of the convention means that a straight Democratic ballot will count in favor of holding the convention to revise the constitution of the state.

ADMITS KILLING WIFE

Porter Charlton Confesses to Crime When Arrested.

New York, June 24.—The Lake Como (Italy) murder mystery has been solved. Porter Charlton, an American youth of good family, sought by the police of two continents, was arrested in Hoboken, N. J., as he stepped from the North German Lloyd liner Princess Irene.

In less than an hour he confessed without tremor that in a fit of temper he beat his wife into insensibility with a mallet, jammed her body in a trunk, and sank it in Lake Como.

She was Mary Scott Castle of San Francisco, a woman sixteen years his senior, divorced wife of Neville H. Castle, a former San Francisco lawyer, now in Alaska.

Charlton is only twenty-one years old. His father is Judge Paul Charlton, law officer of the bureau of insular affairs at Washington and Classmate of President Taft at Yale. The boy was married to Mrs. Castle in Wilmington, Del., last spring over his parents' protests.

Ill-mated and both of erratic temperament, they sailed for Italy for their honeymoon. Murder brought it to an end, and her body was found in the lake by fishermen on June 10.

CHARLTON'S CASE CONTINUED

State Authorities Will Await Exchanges on Extradition.

New York, June 23.—Porter Charlton's case now waits upon the result of exchanges between the state department at Washington and the Italian government. His counsel, in asking that his formal arraignment be postponed, promised that no effort would be made under habeas corpus, insanity or other proceedings to take the prisoner out of the hands of the New Jersey authorities pending the adjourned arraignment, which, after some argument, was finally set for July 8.

Meantime it is expected that the international aspects of the case will have adjusted themselves and decision be reached as to whether Charlton shall be delivered to the Italian authorities on extradition proceedings.

The T. M. Roberts Supply House of Minneapolis has gone tump again. There are 24,000 creditors, there being addresses of only 11,000. A few mail order patrons will be minus their cash as well as the goods sent for.

Many of the friends of August Frans will be surprised to learn of his having joined the ranks of the benedictines, he having married a New Mexican girl in the state of Texas a few months ago.

Randolph Gillette has taken a thirty-day option on an eighty acre tract of land in the town of Belle Prairie, and if he decides to take it up on or before July 24, will pay \$3,800 for it. It is thought there is iron in paying quantity at that place.

Mrs. Martin Christenson, who went to Chicago to attend a family reunion, returned Tuesday. It has been thirty years since the three brothers and the sisters of the family met, they having all left Sweden and settled in states of the Union. That it was a pleasant occasion is putting it mild.

The big clearance sale at the Diamond Sign Jewelry store will be extended until July 15. We have decided to do this at the request of many of our customers, who were not ready to take advantage of same before. Now get busy and make yourself happy by making others happy by buying now.

C. R. Frasier, assistant state superintendent who soon leaves to take the superintendency of the Everett, Wash., public schools, gave a very interesting and instructive talk at the county convention of school officials of Wadena county held at Wadena Tuesday last week. Mr. Frasier was at one time superintendent of the local public schools.

J. H. Brunette of Pike Creek has decided that the best way to do away with the danger accompanying the allowing of youths on his premises who practice shooting at different occupants of the barn yard, is to prohibit their coming onto his premises altogether. Henceforth any trespasser will be prosecuted. What caused him to adopt this course was the whizzing of a stray bullet past his head and the fact that a colt had been shot on the tip of the ear.
