

If you find any substance in your baking injurious to health made from baking powder in this can there is

\$1000 In it for you

Calumet has been backed for years by an offer of \$1,000 for any substance injurious to health found in the baking prepared with it.

Does not this and the fact that it complies with all pure food laws, both State and National, prove that Calumet is absolutely pure?

With the purity question settled—then Calumet is undoubtedly the best Baking Powder. It contains more leavening power; it is more uniform—every can is the same. It assures better results—and is moderate in price.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J. C. Ayer Co., Lowell, Mass.

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

Invitations have been received by friends here to the reception following the marriage of Miss Emily Grace Staples, daughter of Mr. and Mrs. S.

F. Staples of Duluth, to Louis Stuart Poirier, which takes place in Duluth next Wednesday. They will make their home in Duluth.

To Fill a Position

of trust and responsibility it is necessary that you be able to do well the things a business man requires of his help, namely: The ability to write a good hand—spell correctly—take letters in shorthand from dictation and write them out neatly and quickly on the typewriter—be able to keep books, accounts and understand business methods. These things are taught thoroughly in the Little Falls Business College, the school that has trained hundreds of people for positions of trust.

Call at the office some day and let us talk the matter over.
